LOST—One raincoat belt at the Assembly Hall, July 28. A reward is offered at B-2 Walton.

Commandants Office

OFFICE OF THE COMMANDANT
CIRCULAR NO. 11
The CADET CORPS will be marching to GUION HALL, TUESDAY EVENING, AUGUST 10, to participate in a broadcast.
FIRST CALL 6:25
ASSEMBLY 6:28
Immediately after assembly is sound-cadet will be marched to GUION HALL under the supervision of the TACTICAL OFFICERS in the following order:
LEGGETT HALL
MILNER HALL
WALTON HALL
DORMITORY No. 14
DORMITORY No. 15
DORMITORY No. 16
DORMITORY No. 17
Organization in LEGGETT and MILNER HALLS will hesitate before moving out until the organizations from the WALTON HALL dormitory area close in on them on MILITARY WALK.
ROUTE TO MARCH.
For LEGGETT and MILNER HALLS—MILITARY WALK.
For other units—HOUSTON STREET to MILITARY WALK; MILITARY WALK to GUION HALL.
Organizations will vacate GUION HALL in the reverse order of entrance and form on MILITARY WALK, and as soon as formed, return to their dormitories in formation.
By order of Colonel WELTY,
Joe E. Davis
Major, Infantry
Assistant Commandant.

AGRICULTURIST (Continued from Page 1)

city several years ago. He was agricultural extension agent in his native country from 1922 until 1940.

Mr. Stephanides holds a fellowship with the Near East Foundation which is developing plans for the rehabilitation and improvement of agriculture in the Near East. It is working with the U. S. Foreign Relief and Rehabilitation Office, directed by ex-governor of New York, Herbert H. Lehmann.

The Texas A. & M. College is one of several agricultural colleges which Mr. Stephanides will visit before returning to Cornell to make his final report. While here he showed a great deal of interest in the College and its Agricultural Experiment Station and Extension Service. He stated he was "very much impressed" with this set-up.

Mr. Stephanides said he had admired the Texas A. & M. College from afar as he knew some former students and his country had benefited in the past from work developed at College Station. As an example, about 85 per cent of the cotton grown in Greece prior to the invasion had been developed from seed procured here.

It is part of the plan for Near East agricultural rehabilitation to interest scientists in going there for six months or a year to assist in directing the work.

Waldrop & Co. "Two Convenient Stores" College Station — Bryan

Leggett Laments

Ross Rucker

It's all over now but the Aggies are still talking. "We've Never Been Licked" was accepted by the Aggies, the picture's severest critics, with the greatest enthusiasm. The general opinion is "the picture was everything and more than WE had expected." Of course a few technical, as to accuracy, mistakes which bothered us will probably be overlooked by the movie-going public. Therefore, it should serve as excellent entertainment for the Public as well as a good advertisement for us.

OVER THE WEEKEND: Who was the 7th Co. lad dodging M. P.s and enjoying himself so much with the blonde at a local club Saturday Night????? "W. N. B. L." was showing at the Majestic and Kirby Theatres in Houston Saturday Midnite. Enough Aggies were on hand to have a Yell Practice both inside and out of one of the theatres we were told... The picture opens in Dallas and Houston on this coming Thursday and in Ft. Worth Friday next, in case you have a weekend pass you might like to take the girl friend along. A Ft. Worth paper and radio station are favorably plugging the picture considerably. Thanks should be extended.

SPORTS: 8th Company should have second place in the two-day Intramural Track Meet in the bag. The number of points captured by said Company totals 40. A summary of events, names, and placings follow:

- 300 yard dash, Koester, 5th.
100 yard dash, Drake, 4th.
Mile dash, Heaney, 3rd.
Hurdles, Swatzell, 3rd.
880 dash, Bostick, 4th.
Relay, Team: Drake, Bostock, Palmer, Koester, 4th.
Chins, Bostock, 1st.
Chins, Lipscomb, 2nd.
Chins, Swatzell, 3rd (tie).
Bar Vault, Geer, 1st.
Bar Vault, Lipscomb, Swatzell, 4th (tie).
Shot Put, Drake, 3rd.
Shot Put, Patton, 5th (tie).

Some of the boys tried a little too hard and were overcome by sick spells, but that is a mere indication of the spirit that exists during these events. May It Never Be Lost...

A few other Halls have entered a brag as to the number coming out for Football from their respective dorms. The list from Leggett doesn't make us a bit unhappy—The men are Raymond Stotzer, Buddy Schodde, Kenneth Palmer, Earl Geer, Jim Trig, Don Durnall, Donald Howeth, and Charles Overly. Best of luck to all you guys and may you be on hand to beat T. U.

LOOKING FORWARD TO: Hearing PAT BARLOW sing with an orchestra. The Sophomore Dance as a whole. Not seeing Pauline Jones, Mary Jo Hancock, Connie Seljos, and Nora Lee Lloyd together during the noon hour. Having one morning pass without "Bo" Bell, enroute to Duncan Hall, call to Abe Hollander on the 4th stoop...

Bidding you adieu for now. Keep the news coming and I'll see you around, Lamentingly yours...

ENGINEERS

ing Mid-west, the belching smoke of the East, and the rolling dusty plains of the West has overflowed. That overflow lies within your page!

To you, the basic engineers, we dedicate first copy.

Sportlights

By Maglio

According to numerous comments received from the student group one of the worst "war shortages" is our very apparent lack of competitive sports activities at Texas A. & M. Although the regular college sports program will continue in spite of seemingly insurmountable odds, members of the Army Specialized Training Detachments assigned here realize they will be unable to play, and consequently are wondering what to do with the little spare time they are allowed.

Since weekends seem to lapse slowly, we think that it would be a capital idea to introduce a softball league to provide recreation for the relaxation of the work-weary minds of the soldiers. At the same time, competition would give them a chance to get out in the open to enjoy the Texas air, something which they have had little chance to do during the week, due to the pressure of studies.

The facilities at hand are excellent. The playing fields behind the new dormitories could be used. One

ARMY VETS

2ND S. T. CO., A. S. T. U. 3800

Editor: Joe Beninson; Co-Editor: J. M. Farrell; Co-Editor: A. M. Smith

Repeat! Last year as students and this year as soldiers, the Veterinary Students who now constitute the 2nd Student Training Co., ASTU 3800, and are housed in Dorn. No. 11, won the A. & M. College intramural track meet. Winning by a total score of 51 1/2 points—11 1/2 points in the lead of their nearest competitor—the Army Vets placed 1st and 2nd in the mile (W. R. Strieber and W. E. Riley), 1st and 2nd in the half-mile (C. B. Chatain and R. H. Kokernot), 1st and 2nd in the cross-country (F. M. Ward and J. T. Jarrett), 3rd in the 100 yd. dash (W. L. Pelot, 3rd in the 300 yd. dash (S. N. Johnson), 2nd in the 400 yd. relay (W. L. Pelot, D. F. Johnson, C. H. Hickey, and S. N. Johnson), 1st and 3rd in the broad jump, (C. H. Richey and C. N. Barron), 3rd in the high jump (W. L. Pelot), and 5th in the chinning (G. J. Hart) all this despite the fact that 50% of the company were on week-end passes.

Today, the Army Engineers on this campus, who constitute the 1st, 3rd, 4th and 5th Companies of the ASTU 3800 have declined the challenge of an inter-unit track competition—I wonder why? Incidentally, this challenge is open to any unit or group on the campus. A comment worthy of repetition comes from Mr. W. L. "Penny" Penberthy, head of the P. E. Department, who was overheard to say, "Now I know why Veterinary Medicine is a five-year course... it takes them five years to find out how good they are."

Although the 2nd S. T. Co., existed on paper as the 1st S. T. Co., in the first days of June, it wasn't until the 15th day of June—when the bulk of the membership of this organization reported to A. & M. on a ten-day get-acquainted-jant with Uncle Sam via Fort Sam Houston—that this organization, now led by Major C. D. Apple, Lt. W. L. Morgan and 1st Sgt. A. W. Sabo, became a reality. Tricking groups of new-comers have raised the number of men in this organization to 135, and right now we are awaiting the arrival of a former "civilian lieutenant", Matthew Walt Casey.

A sincere and hearty pean of thanks is voted by this company to all the college and army officials who made it possible for this unit to attend the Friday evening, 6:30 p.m. showing of "We've Never Been Licked". Inasmuch as the

Answers

- 1. Socially you introduce an officer according to his title and that goes for Army, Navy, Air Corps, and Marines.
2. An officer is not supposed to carry packages unless it is absolutely necessary. He does not carry an umbrella; he may hold it over a lady, but not over himself.
3. The one farthest from your plate. If your hostess has set the table properly, silver will be placed in the order of its use.
4. Always mention a woman's name first—the simple formula is—
(a) "Miss Smith—Mr. Bond."
(b) "Mother, this is John Brown."
(c) The same form as you use to introduce your mother.
(d) Either name first unless one is much older in which case you mention his name first.
5. (a) The lady goes first. She follows the head waiter—if there is one.
(b) She follows the usher—if there is one if not, you go first to locate the seats. At a movie the girl may go first.
(c) In a taxi she enters first, you get out first.
6. You do, after the girl has made her selection.
7. Stop thinking about yourself and talk to the person next to you whether you know him or not—to be invited in the same group acts as an introduction.
8. A wedding invitation does not need a response only the reception card which says R.S.V.P. needs an answer. An announcement does not call for a gift.

area is far from being a Yankee Stadium but, nevertheless, it would prove quite adequate.

The games could take place on Saturday and Sunday. The organization of the league should prove to be no obstacle at all. It should be an easy task to procure at least six teams from the Basic Engineer group, and quite possibly eight. That would make a good compact league and the competition from the various dormitories would no doubt be of the keenest sort. There is no happier soldier in the world than one who is either playing or rooting with all he has for his team to come through. This spirit attained on the field of play would be reflected on the field of battle.

commanding officer of the 5th Student Training Company has already set a foot forward in the direction of a league organization and it has reached this reporter's ears that teams for the suggested softball league are being formed. He is also planning to organize track and football teams in the near future. The lead of the 5th Company could very easily be followed by the other companies.

Those who do not take part in sports could learn to be one by rooting for their particular company team in much the same manner the rabid fan takes a particular major league or college team and makes it his "baby."

There is no misapprehension in the mind of even the most loyal Texas as to the recreational quali-

BOARD

(Continued from Page 1)

When asked what he thought of A. & M. now the general comment was that the usual uniform when he was here consisted of a pair of socks and a pair of shorts, and that the corps really seemed to be in tip-top shape with G. I.'s.

Among the many others present were Frank "Major Ozone" McMillan, class of '12, who got his degree in Animal Husbandry. Mr. McMillan acquired his nickname in the following manner: one winter night he insisted that the windows should be left open so that the air might come in. After an extended argument he won his point and the windows were opened. Lo and behold, that night it snowed and in the morning there was a great pile of snow deposited neatly inside the room. From then on he was "Major Ozone".

Also present was W. G. "Bill" McMillan, class of '22, who took his degree in architecture. Bill played quarterback-halfback on the Aggie team in '21 and '22 and has the honor of being on the only Aggie team to beat Texas University in Austin since 1909. In 1909 the Aggies took T. U. in Austin by a score of five to nothing, and in 1922 the score was fourteen to seven. At the present time Mr. McMillan is a big game hunter and while he has never hunted in Africa he has seen a great deal of this continent.

It would have been a great thing if all of you could have talked with those old boys. They certainly prove the fact that Aggie spirit never dies. From the class of '99 to the class of '46 is almost half a century, and Aggies from all the classes in between are scattered all over the globe in a million and one different places doing a million and one different jobs, yet there is one thing that will bind them together forever; they are Aggies. And because they are Aggies these men will never grow old; they will remain forever as they were when they trod the sacred paths of Aggeland; true Aggies in word, in spirit and in action.

CANNING

(Continued From Page 1)

Lts. W. B. Cardwell, cadet colonel '42, and Robert Rafferty, who are both attached to Tank Destroyer Units and stationed at Camp Hood near Temple, Texas, visited the campus on the first of the month and this past week-end brought Lts. David Sheldon and J. O. Alexander of the Q. M. C. from Fort Reno, El Reno, Oklahoma.

can if the owner brought his own cans. According to Dr. Adriance the plant just about broke even on its 1943 operations, but "we gained invaluable experience." It had been hoped that this semi-commercial cannery could process several hundred cases of vegetables, especially tomatoes, for use in the College dining halls. However, during the past season tomatoes in sufficient quantity and of the quality desired were impossible to obtain. As a sample, 72 number 10 cans were put up and these were pronounced entirely satisfactory by J. C. Hotard, supervisor of subsistence. The tomatoes used were grown on the farm operated by the Department of Horticulture.

While restrictions imposed by the War Production Board on all business made some much needed machinery difficult to obtain, several valuable pieces of equipment were secured. Before another season rolls around the department hopes to add a washer, peeler, dicer, juice extractor and pea sheller.

In coming seasons both the cannery and the horticultural farm are expected to be of material assistance in furnishing vegetables for students and service men eating in the mess halls.

Dr. Adriance wants all and sundry to understand, however, that the main object of the Department of Horticulture is the fullest development of a program of instruction for students of the Texas A. & M. College. To attain maximum efficiency of such a program it is thought necessary that the work in both the products laboratory and on the farm be developed to a scale where commercial conditions are approached.

Establishment and operation of the vegetable canning and dehydration plant had the support of commercial canneries of the State, it was pointed out. In training future plant managers the Texas A. & M. College is rendering another service to the agricultural economy of Texas.

fications of Bryan, and certainly no GI can afford to go to any of the larger cities every week. The only facilities offered in Bryan outside of movies are a USO hardly suitable in size for the number of servicemen present and various beer emporiums where bending of the elbow and the "sopping up of suds", as we in the trade know it, are practiced. Rather than we inspired by brine upstarts, a soldier can have more fun in his own back yard."

INTRAMURALS

(Continued From Page 1)

Butchofsky, R. L. The jump was 5 feet 6 inches. Broad Jump—First, Richey, C. H.; second, Drake, Kyle; third, Barron, S. N. The jump was 21 feet 1 inch.

Shot Put—First, Butchofsky, R. L.; second, Berger, W.; third, Drake, Kyle. The throw was 34 feet 6 1/2 inches.

Pull-ups—First, Bostock, J. H.; second, Lipcomb, W. R.; third, Slaughter, W. H. Number: 21.

Bar Vault—First, Greer, W. E.; second, Benitez, S. V.; third, Kochtitsky, J. S. Vault: 6 feet 6 inches.

Here are the winners of the different events. D. R. Deere of A Co. took the 300 yd. dash in 33.5 sec. and also the 100 yd. dash in 10.4. W. A. Cardon of D Co. took the 120 yd. low hurdles in 14.4 sec. and also the high jump with a leap of 5 feet 6 inches. W. R. Streiber of the 2nd S. T. Co. took the mile run in 5 min. 10 sec. The 880 was won by R. H. Kokernot of the 2nd S. T. Co. in 2 min. 11.4 sec. D Co. won the 400 yd. Shuttle Relay in 44.4 sec. D Co's. team was composed of C. A. Barwise, W. A. Cardon, O. F. Eaves and P. H. Donahue.

The new famous mile and seven tenths was taken by F. M. Ward of the 2nd S. T. Co. in 9 min. 9 sec. C. H. Richey of the 2nd S. T. Co. won the Broad Jump, jumping 21 feet 1 inch. R. L. Butchofsky of the 3rd Co. took the Shot Put with a toss of 34 feet 6 1/2 inches. J. H. Bostock of the 8th Co. did 21 pull-ups to come out on top in this event. The Bar Vault was taken by W. E. Geer who went over the 6 foot 6 inch bar.

The statistics on the Meet are as follows: 300 yd. dash—First, Deere, D. R.; second, Ludwig, C. S.; third, Johnson, S. N. Time: 33.5 sec. Mile Run—First, Streiber, W. R.; second, Riley, W. E.; third, Heaney, G. Time: 5 min. 10 sec. 100 yd. dash—First, Deere, D. R.; second, Ludwig, C. S.; third, Pelot, W. L. Time: 10.4 sec. 880 yd. Run—First, Kokernut, R. H.; second, Chastain, C. E.; third, Burch, C. D. Time: 2 minutes 11.4 sec.

BRYAN FIELD

(Continued From Page 1)

one of the authors, Pvt. Bernie Kaslofsky, hit upon the name, "It's A Heck of a Mess." The musical score was written by Staff Sgt. Lloyd E. Gaudet, a graduate of the New England Conservatory of Music. All these songs carry a typical GI flavor which naturally appeals to the public now.

Some of the songs featured in the production are: "Sunday In The Barracks," "Home Is Where You Hang Your Barracks Bags," "Here's To The Boys on the Line," "I Dream of You Though the Night" and "This Is Spring". These are but a few of the numbers to be heard when the troupe presents the show at Assembly Hall on August 21.

The dancing in the show is handled by Sgt. Tony Mazza, a former Arthur Murray dancing instructor, who is the general director of the entire production. Sgt. Mazza has recruited some of Bryan's prettiest girls for the fast moving dance routines. Captain Albert J. Duffy, former Hollywood script writer, who was one of the script writers of the recent picture, "Reveille With Beverly," was the advisory director for the production.

are produced. Here's hoping the producer will not be too disappointed when graduates of Missouri, Washington and other universities fail to get as excited about it as does the announcer in the early newsreel sequences. Also, even some Texas fathers may conclude A. & M. is a good place not to send their sons after they learn of the emphasis the film says they place on hazing here.

But Mr. Wanger has meant well, as indicated by his thorough and

A-E COURSES

(Continued From Page 1)

Beginning September 1. and continuing each month, an additional 20 trainees will be selected by North American and sent to Texas A. & M. College to take this course. Eventually the number incoming monthly will reach 40 trainees.

FISH TALES

(Continued From Page 3)

rolling up and down our halls, but we do have oranges. After a hard day's drill, you come in your "hole" when "plop", a big fat orange comes right in your belly. We jump up and dash to the door, only to find a pajama-clad streak go flashing around a corner. Wonder who it could be?

Fish Youngblood says he's pulling out for the Air Corps pretty soon, and still hopes he won't be sent to Sheppard Field. We all hate to see that red-head leave.

The Fish turned out pretty well for football. It looks as if we might have some potential "John Kinmbroughs" in our midst. Among those out are Fishes: Settegast, Spicer, Reed, Talbot, Wright, and Pike.

Well, if this column ends here, you'll know I ran out of news. I'll go down the hall—back in a minute—Yep, I ran out—So long until the later part of the week.

elaborate treatment of all the sundry ingredients. Although there are no prominent names in the cast, hundreds of uniformed lads take part, singing college songs in numerous rah-rah scenes. The romance is the conventional collegiate kind, but the spy feature and scenes of aerial and naval warfare at the finish are well handled. Half the elements would have made a better picture and kept it shorter. Players include Richard Quine, Annie Gwynne, Noah Beery Jr. and William Frawley.
