Last Saturday's Game . . .

Another win for the youthful team of the Aggies was put on record Saturday when they won over S. M. U., 22-0. This was an indication that they are not to be taken too 7 yards to the 47. Callender then reviewing this phase of its activitlightly when they play the Texas University Longhorns on Thanksgiving. The game that was seen on Kyle Field was didn't stop until he reached the teaching methods may be expecta real welcome-back sign to the many Aggies who were on Mustang 45, picking up a first ed. No doubt interest will be focusthe campus to see their team in action again, and it was es- down. From there it was McAllister ed on new subjects as a consepecially good to have them see the team win instead of lose down to the 36, Callender to the quence of our fresh awareness of as so many sports writers had the idea it would do at the 25, and Burditt, on a double re- the Orient, of Latin America and beginning of the season.

Although the game with S. M. U. wasn't a homecoming game, a person might think it to be because there were so tally many Aggies-exes back with the same old Aggie Spirit right along beside them. One could see these exes, now in the army as non-commissioned and commissioned officers, back in their own setcion yelling like no one else will ever be able to do. Looking out over the campus during the week-end, men with the familiar ring of traditional of the Aggie classes who have graduated could be seen. They had the same look about them as when they were here as student. It was a good sight to see so many of these ex-students back, and to prove this, there were many sights of present Aggies greeting their old buddies or meeting new ones who were just back

and whom they did not know. Texas U. will be here on the 25th for the traditional Thanksgiving Day game, and it may well mean the game which will decide the Southwest Conference champion. The Fightin' Texas Aggies can be depended on to put out to win the game and the Conference. On this homecoming day, many exes will be back so give them a welcome that Aggies always receive because it is said that "Once an Aggie, Always an Aggie"

program.
