# 1943 All-Conference Team Picked; Aggies, Steers Lead

Here it is, the All-Southwestern Conference team as picked by your sweating scribe. It was no bed of roses to filter out the good and bad points of all the boys who showed up well this season and there is no doubt that there are some who should have been on the list were left off. At any rate, here it is:

Position	Name	School
Left End	Parker, Joe	Texas
Left Tackle	Bryant, Goble	A. & M.
Left Guard	Tassos, Damon	A. & M.
Center	Marshall, Keifer	Texas
Right Guard	Turley, Herb	A. & M.
Right Tackle	Flowers, Clyde	T. C. U.
Right End	Settegast, Marion	A. & M.
Back	Ellsworth, Ralph	Texas
Back	Magliolo, Joe	Texas
Back	Flanagan, Marion	A. & M.
Back	Lucas, Jim	T. C. U.

  

Second Team		Third Team	
LE	McCall Texas	LE	Harville Texas
LT	Gres Texas	LT	Plyler Texas
LG	Butler Texas	LG	Shaw S. M. U.
C	Wright, R. A. & M.	C	Pense Arkansas
RG	Simons Texas	RG	Neville A. & M.
RT	Moncrief A. & M.	RT	Malmberg Rice
RE	Baldwin Arkansas	RE	Coleman Texas
B	Butchofsky A. & M.	B	Turner A. & M.
B	Hallmark A. & M.	B	Burditt A. & M.
B	Park Texas	B	Sheffield Rice
B	Calahan Texas	B	Beasley A. & M.

We expect plenty of disagreement with these choices and would really be surprised if there were none. Here's the way things stacked up for the first team choice. At one end Joe Parker, the lad who was really going places for the Longhorns before he was sent to medical school, rates an easy berth. Aggie end Marion Settegast, because of his excellent defensive as well as offensive showing, rates the edge at the other end slot.

Rating a sure spot at tackle was the Frog Captain, Clyde Flowers. His play was outstanding all season long, and he is good enough to break up the Aggies' brilliant tackle combination of Bryant and Moncrief. We'll put Goble on the first team with apologies to Monte.

The Aggies take over the guard posts, but with plenty of tough competition right behind them. However, we like the Tassos-Turley combination and there are no others so outstanding as to make us break it up.

At center the Longhorn Navy boy, Keifer Marshall, gets the nod, but with Dick Wright's breath hot on his neck. The Texas pivot man has had just a bit more experience than Wright, but this is still a hard one to pick. Wright has shown plenty of zip every second he has played and plugged up holes in the Aggie line skillfully.

Now for the backfield—and what a headache it is to pick it! There were so many bright stars in the backfield sky that one could hardly pick out the most outstanding ones. Ralph Ellsworth first gets the nod. The way this lad shed tacklers was a sight to see and he

is without a doubt the fastest back in the section. We took him mainly for his running ability when teamed up with Joe Magliolo, blocking back. Magliolo was given some tough competition by Bob Butchofsky who also can snag passes, but again it is a story of the Longhorn's experience. For the passing duties we take the T. C. U. ace Jim Lucas, who is not a bad ball carrier either. Lucas managed to shade out Hallmark because of his trait of being able to keep cool in the pinches. It was Lucas who caught the Longhorns napping and plunked over a single touchdown before the Texas powerhouse began rolling. Marion Flanagan gets the other backfield nomination for his pass-snagging ability as well as his running. It was hard to leave out other versatile Aggies, such as Red Burditt and Don Deere. Burditt especially looked good in the Turkey Day tilt. But as we said before, no one is perfect; we hope you agree.

**THOUGHT FOR THE DAY: "TEAMWORK" IS THE MAGIC WORD THAT CAN SPELL SUCCESS WHEN FAILURE IS INEVITABLE.**

### DISTRACTIONS

(Continued From Page 2)

leading stars, all of whom are of the weaker sex, playing the parts of a group of nurses stationed on Corregidor in its last days this is one of the best war stories to come out of the movie capital. Heading the cast are Paulette Goddard, Varonica Lake, and Claudette Colbert. The film shows some of the life of a nurse in the war zone, the suffering, thrills, and activities. The heroic deeds of the gallant nurse corps who stayed on the island fortress until they were forced to leave.

## A Resolution

WHEREAS, the members of the Dallas A. and M. Club are filled with an inordinate pride in our Texas Aggie football team following the superb game it played Thanksgiving; and

WHEREAS, the magnificent fight which for a time had the enemy groggy and which continued without the slightest let-up until the final gun, is conclusive proof that the squad, although freshmen, is already fully imbued with the incomparable spirit of the Aggie fraternity; and

WHEREAS, to have taken players who not only had had no college experience but few of whom until this season had even known each other, and to have molded them into a unit which merited and won national acclaim, is a tribute to the highest order to the coaching ability and leadership of Head Coach Norton and Coaches James, Dimmitt, and Smith; and

WHEREAS, it is our confident feeling that the boys on the team went to Texas A. and M. principally because of their patriotic desire to fit themselves to be good soldiers and in time to join the ranks of the Kimbroughs, the Todds, and the thousands of other Aggies in the armed forces who thereby are putting the others of us in their eternal debt; therefore be it

RESOLVED, that the members of this club in regular meeting assembled express to the members of the squad and to its coaches our feeling of unstinted pride and satisfaction in them as individuals and as Aggies, our admiration for the heads up and fighting brand of football displayed all season and especially on Thanksgiving, and our confidence that the colors of Aggieland will fly triumphant over the Orange Bowl New Year's Day. Be it further

RESOLVED, that a copy of this resolution be spread upon the minutes of this club, that copies be sent to the Texas Aggie and the Battalion, and that a copy be sent to Coach Homer Norton with the request that he read it to the other coaches and to the squad.

Passed by unanimous and enthusiastic vote, Nov. 26, 1943; Dallas, Texas

DALLAS A. & M. CLUB

F. H. Cunningham, President  
A. N. Saxon, Secretary

## Notre Dame First In Nation For '43 By AP

Nine Bowl Teams From South; A&M vs. LSU In Orange Bowl; TU Faces Randolph

The best football team of the year, according to the Associated Press poll, was Notre Dame. Eighty-six sports experts voted this Irish team the number one team of the nation, also ranked first in eight previous polls, with the Iowa Pre-Flight School running a close second. The other 45 experts were divided in opinion among eight other teams. Notre Dame has lost heavily in the pool since it received every first place vote three weeks ago. Of the first ten teams only Purdue is undefeated.

Washington, unbeaten in four games, is the highest ranking team which will play in one of the six bowls. Its opponent in the Rose Bowl, USC, is ranked in the twenty-ninth place. The Rose Bowl will not hold the nation-wide interest as it has in previous years, since two Pacific coast teams are matched for the New Year's Day contest.

Georgia Tech, voted thirteenth, meets Tulsa, which rates fifteenth, in the Sugar Bowl at New Orleans. This game will attract much attention, as it brings together two teams from different sections of the country.

Even though the Southwest Conference failed to have a representative in the first ten, nine of the twelve bowl teams came from Texas and the four adjoining states.

## Consolidated Tigers Must Face Heavier Team In Championship Battle As Did Broncos, Texas Aggies

Weight will favor the invader once again when Marble Falls high school's football team, champions of District 20-B, comes to Bryan for a bi-district championship game with the A. & M. Consolidated high school Tigers Friday night on Bronco Field at 8 p.m.

It will be the third championship game to be played here in three weeks and the Tigers, like the Bryan Broncos and the Texas Aggies before them, will find themselves facing opponents who will carry the weight advantage. Marble Falls' starting lineup will average 154 pounds, about ten pounds more than the team average of Consolidated.

Most of the Marble Falls weight is to be found in the line where two husky tackles and two fair sized ends hold forth. George Wagenfuhr, at 180, is the heaviest man on the team, but his mate at the other tackle position, Malcolm Fluitt, is a close second with a 175-pound weight. James Mezger and Donald Crawford at the end posts each weighs 165 pounds.

Everett Hays at left guard, weighing 135, is the lightest man in the line and one of three lightest men on the team. Billy Ray Mauldin at right guard and Clayton Nolen at center will weigh 165 pounds apiece. The backfield has only one heavy back, a 169 pounder by the

and strongly supported by authorities at College and by farmers and landowners in the area for whom the short stretch would save time, tires and gasoline, was regarded as an important link in the highway improvements that have been made in the past year to serve that area.

Whether the project will be re-submitted to the WPB has not yet been determined.

## Williamson Task Is Explained By Director Of OPA

Formal announcement was made Monday morning at Washington, D. C. by Chester Bowles, administrator of the Office of Price Administration, of the appointment of H. H. Williamson as his agricultural relations advisor. In making this announcement, Administrator Bowles said:

"Effective at once, I am establishing in the Office of Price Administration the position of agricultural relations advisor to the administrator, and I have appointed Mr. H. H. Williamson of Bryan, Texas, to fill this position."

"For some months I have been concerned over what seems to me to be a sincere lack of understanding on the part of many of our farmers on the problems and necessity for wartime price controls.

"At the same time I have been conscious of the fact that there have been several instances of OPA regulations which have been improperly keyed to practical farm problems.

"For both of these reasons it has seemed to me essential that the viewpoint of our 12,000,000 farmers and the viewpoint of the Office of Price Administration should be brought much closer together.

## Hockey Game Correctly Foretells A. & M. and Texas Longhorns Score

With a score of 4 to 2, the annual TSCW score-foretelling version of the Texas A&M-Texas University football game gave a successful prophecy.

The hockey game was played yesterday at 3:30 p. m. on the hockey field, and the team representing the "teasippers" upset the Aggieland representatives with a winning score coincidental to the 27-13 upset of the Turkey Day classic at Kyle Field.

Miss Catherine Butineck, instructor of sociology, was score-keeper; Yvonne Harrison, ex-student teaching in Seymour, was time-keeper; Miss Virginia Bourquardez, assistant professor of health and physical education, Agne Talley, and Betty Johnson were referees.

Visitors at the game included Pres. L. H. Hubbard, parents, and other guests.

Following the game the teams went to the Cabin-in-the-Woods where they were served refreshments and led in a sing song. A varsity team was chosen, consisting of Mary Ella Montague, Velma Bartlett, Jean Edmiston, Maureen Hearn, Eris Doyle, Billie Clayburn, Jack Worthington, Hattie Mae Wood, Mary Louise Savage, Martha Heifrin, Pat Twiss, and Judy Roark.—The Lasso.

### —AGGIES—

(Continued From Page 1)

Bill Boyd, Marshall Robnet, Ernie Pannell, and Martin Ruby. James, a hard taskmaster, merely fulfilled his task of molding healthy minds and bodies.

We asked Montgomery about the lofty spirit and tradition at Texas A. & M. as portrayed in the movie, "We've Never Been Licked."

"While I'll admit each school has its share," said The General, "I'm more than proud of the Aggies' standard. Whether it was in mid-night football rallies on Fridays preceding home games, the military discipline of the first two years, the Aggie War Hymn as synchronized by the cadet corps of 8,000, or that cheerio environment in the mess hall—it all added up to "Better Men—Better Soldiers."

There are many Texas A. & M.

products within the Camp Davis confines today. Montgomery knows they are well-fitted for the important job ahead. They've been schooled that way. The Cadet Corps at Texas A. & M. was always regarded as the twelfth man on the football team. It never let the team down—win or lose. And fellows like "Cowboy" Vannoy and Jim "The General" Montgomery will not let this man's Army down either. Except that in the latter instance both will be on the winning side. Of that there is no doubt.

P. S.—Montgomery is running into difficulty these days. Yes, it's Betty again. Jim's younger brother is half-way through high school and is already set on Texas A. & M. Betty says it's bad enough having a boy friend from Texas A. & M. but when his brother has similar designs—. But Betty still writes those sweet letters. And make believe Jim doesn't like that.

## Dinner Given Staff Of All-Service Show

Members of the cast and technical staff on the Sunday All-Service Show over WTAW were honored by a dinner Tuesday evening at the Aggieland Inn, the guests of the Student Activities office of the college.

Those present at the meeting were Tom Journeay, Dick Bolin, Harry Dillingham, Harold Reifer, Oscar Weigand, John Holman, M. G. Smith, Billy Woolrich, Dick Gottlieb from the ASTP and the Aggie corps; Ted Hills of the radio station and representatives of the Student Activities office.

Carrying more calls—  
with the help of  
**QUARTZ CRYSTALS**

BEFORE the war Bell Laboratories' scientists put quartz crystals to work in such a way that twelve conversations are carried on two pairs of Long Distance wires at one time.

Now with strategic metals so scarce, the Bell System is using only 6,000 tons of new copper a year instead of 90,000. And these tiny crystals are helping to provide more communication for each pound used.

They serve on the battle fronts, too. Western Electric has manufactured some eight million quartz crystals for use in the dependable communications equipment Bell System research is giving the armed forces.

In the better days ahead this experience will again be directed toward keeping this country's telephone service the best in the world.

BELL TELEPHONE SYSTEM

War calls keep Long Distance lines busy... That's why your call may be delayed.
