## Athletic Officers To Meet Wednesday Medals To Be Awarded Winning Cadets

By Dick Goad

Intramural contests are scheduled to get underway soon with a meeting of all the company Athletic Officers due to be held sometime this week. Mr. Penberthy, head of the Physical Education Department, announced today.

As a few of the athletic officers have not yet been chosen, the meeting will probably be held the latter part of the week. Mr. Penberthy hopes to get the schedules drawn up and play begun by next Monday if possible. Plans thus far include tennis, softball, volleyball, and a track and swimming meet. The addition of basketball and touch football will be discussed at the Athletic Officer meeting.

As has been in the past, medals will be awarded the members of the winning team in each sport. Made of sterling silver, the hand-

some awards are something to be very proud of, and an Aggie always takes pride in wearing one of them on his chain.

Last semester saw one of the most successful Intramural seasons ever at A. & M. due to the rabid company spirit of the participants and the fine job turned in by the company athletic officers.

The Fourth Headquarters squad won the Intramural pennant last semester by a thirty point margin. Incidentally, it was a freshman company and aside from their captain and manager, Mac Ballard, the roster of the winners included Jerry Lewis, Jack Kimbrel, Lane, Lunsford, Rogers, Herberger, Cowser, and Jefferson. These were the men who nosed out the fast-finishing E Company Indians.

One of the chief methods of determining the quality of a company is by its company spirit and its Intramural record. A team which had a lot of fire and spirit and always took a great interest in their teams' contests usually came from a company where there was a great deal of company spirit.

## John Gurney To Appear On Town Hall Here July 11

An outstanding feature of the summer Town Hall, sponsored by Student Activities, will be John Gurney who will be presented at Kyle Field on July 11. Gurney is a member of the Metropolitan Opera and has been for the past five seasons. Having sung several hundred performances in this time, he has made many friends and admirers, and has done equally well on his spring road tour each year.

The interesting thing about this bass-baritone is that he didn't even think about a career in music until he had finished Oberlin College in Ohio, where he distinguished himself as a football player and captain of the varsity baseball team, and entered the Harvard University Business School. He had some musical interests, and was soon made soloist for the Harvard Glee Club. It was at this time that the director urged him to take up music for an occupation, and he was soon on his way to France to study.

Because of his exceptionally fine voice, Mr. Gurney has been hailed from coast to coast, but this is only one of his many qualities as he has a wonderful personality and a fine sense of humor. This show, which is free, should prove very interesting to Aggies, servicemen, faculty, and local residents.
