

Intramurals

By J. W. Bell

Last night in the Y.M.C.A. Cabin, the summer intramural program was planned only after a delicious barbecue supper was served which I managed to get a fair share of. I would like to extend the thanks of the Recreational Officers and myself to W. L. Penberthy and M. L. Cashion, and members of the Dining Hall Department who made the supper possible.

After supper, Penny explained in full the intramural program for the current semester and pointed out the duties of the Recreational Officers. He also pointed out the invaluable experience they would receive in performing their duties. He urged them to do their utmost to make this program the best yet.

The program will consist of softball, volleyball, basketball, tennis, a swimming meet, and a track meet. Each organization may enter all six events; however, the final score will be the sum of the five events in which the highest number of points were made. There will be no compulsory events.

Softball games and tennis matches will be played at 4:15 p. m. only. There will be only one league in softball. This will give each organization a chance to play every other organization on the campus. In tennis, there will be two leagues, with a playoff between the two league champions. The tennis teams will be made up of three doubles each of which will play an eight game set in each match. At least four men must be out in order to participate in any one set of matches.

Substitutions can not be made unless there are more than six men present. Once a man has completed a set or is taken out he is through for the day. In short, there must be at least four men present in order to play and more than six men present in order to make substitutions in the tennis matches.

There will be only one league in volleyball, but there will be two in basketball. Volleyball games will be played at 5:00 p.m. only. Basketball games will be held at both 4:15 p.m. and 5:00 p.m. The swimming meet and the track meet will be held on weekends which have not been announced at present.

Only one limitation has been placed on the eligibility of the players. If a man has competed against another conference team, he can not enter the sport event in which he participated for conference competition with the exception of baseball. In addition, there will be no excused absences from P.E. given for the purpose of participating in intramurals.

From what was said at the meeting last night, it would be safe to say this summer will find intramural competition at its keenest if the Recreational Officers get the cooperation from their outfits they expect. If you haven't seen your officer yet, do so immediately and let him know what afternoons you have off and the events you wish to enter. You are responsible for the success of your outfit so do your part to make it the best.

-CORPS-

(Continued from page 1)

limited but the Executive Committee is announcing the holiday stated that because of the heat and other factors they felt that it would not be amiss to give the corps a holiday. The holiday was placed on Saturday in order to

comply with the government request that civilians refrain from travelling over the Independence Day holidays.

It was also announced in the same meeting that the office staffs and the clerical employees would observe the same holiday except in those cases where the head of the department considers it necessary to keep the office open. In cases of this kind the regular holiday of the fourth will be observed.

New Officers Elected By Fort Worth Club

Officers of the Fort Worth A. & M. Club were elected Wednesday night at the first meeting of the club during the present semester. Marc Smith, was elected president; Dan McGurk, vice president; Arthur Tressman, secretary-treasurer; and Fish Brasewell, sergeant at arms. A membership committee with Robert Rosenthal as chairman, and a program committee with Smith as chairman, were appointed.

Plans were made for a party to be held in Fort Worth in the near future, as soon as arrangements can be completed.

There will be another meeting of the club next Wednesday night, at 7:15 in room 124 of the Administration Building.

Gilchrist and Kyle Return From Trips

President Gilchrist will arrive at the college late Fri. afternoon. He has been in Washington since Thursday, June 15. The nature of his business has not been disclosed.

Dean Kyle, Dean of the School of Agriculture, has been attending a conference at the College of Arts and Industries, Kingsville, Texas. He left for the meeting Wednesday and will return Friday.

The conference met to make recommendations for an expanded agricultural program in the college's of Texas.

Day Students Should Turn in Schedule Card To Commandant Office

From the Office of the Commandant comes a notice that all day students, those not living in dormitories, must fill out a class schedule card and turn it into the Commandant's Office without delay.

Each card should carry the full schedule of classes, the course number, the section number and the building and room number where each class meets.

Retreating never won a battle.

Two Hundred Aggies Attend First Junior Veterinary Meeting

Edward Perryman Maddox of Fort Worth, was elected president of the junior chapter, American Veterinary Medical Association in a meeting attended by more than 200 Texas A. & M. College veterinary students Wednesday evening.

Maddox is a senior student and is a member of the medical administrative corps. President elect for the fall semester will be Charles Leroy Boyd of Grandview, also a senior student.

Vice president of the chapter is Donald Lampson Williams, a senior from El Paso. The secretary-treasurer is Jack Monroe Sanders of Marshall, Texas.

When hubby said his faith could move a mountain, friend wife replied that he had better apply some of it to those ashes accumulating in the basement.
