OFFICE OF THE COMMANDANT MEMORANDUM TO: All Tactical Officers and Cadet Commissioned Officers.

- Hereafter no individual who is not a student at this institution, properly registered, will be allowed to remain in a dormitory over night unless approved by the COMMANDANT'S OFFICE. Organization commanders will be held responsible that ex-students and such other persons as may be invited by members of their organization to remain over night have the approval of the COMMANDANT'S OFFICE for same.
- Ex-students from this institution who are now commissioned officers in the armed forces will register at this Headquarters upon arrival on the campus, if they expect to remain for any appreciable time. ROTC instructors will impress upon their students that Army Regulations call for Army officers to sign in at the Headquarters of any post that they might visit.
- The above will be brought to the attention of all cadets.

By order of Colonel WELTY:
A. J. BENNETT
Lieut. Colonel, C. A. C.
Executive Officer

CUB PACK 102 POSTPONES JULY MEETING

All Cub Scouts and parents of Cub Scouts have been notified, that there will be no Cub Pack meeting for July at College Station, according to an announcement just released by Ide P. Trotter, Chairman Club Scout Committee.

This postponement is caused by three factors:

- Many Cubs are away from College Station and general Cub activities have been sharply reduced for the summer.
- Very few advancements have been reported and therefore few awards are completed. Those will be held over for later.
- The regular meeting time of 7:30 p.m. on Thursday, July 27, conflicts with the dinner honoring President and Mrs. Gibb Gilchrist. Since the parents of Cubs in this area are largely planning to attend this dinner, the Cub meeting is impracticable.

Mid-term Grades Posted Saturday

With the finishing of quizzes this week and the grades being put out next week, many students will qualify for the Dean's Team. For the new students, the Dean's Team is the group of students who fail to make the grade at mid-semester, and due to this, must suffer the consequences set up by the college authorities.

In order to stay off the dean's list, students are required to post ten grade points and ten credit hours at mid-semester. Failure on the part of the student to make these necessary grades results in certain privileges being taken away from him. Instead of this serving as a punishment for lack of studying, this system serves as a help to the student. If the student cannot make his grades, the college wants to help him and this system of the Dean's Team has proven the best method thus far. So, if you are one who qualifies for the team this time, buckle down and make the best of it because the semester is only half gone and all is not lost.

Post Office

Many will remember Gus Acker, Class of '46, who left school a few months ago to enlist in the navy. Gus writes from San Diego that he has seen only one ex since donning the navy blue. He has converted a few yankees though, for he says, "You should hear them sing 'Beer for old A. & M.,' and the 'Aggie War Hymn.' They've really got that old Aggie Spirit." Gus gets his mail at U.S.N. Hospital Corps School, Company 21-1, San Diego, 34, California.

With The Team . . .

If present indications are borne out A. & M. will field a team next fall that will carry the maroon and white to many a sweet victory. One in particular and you know of whom we are speaking. Wednesday afternoon the boys scrimmaged a few minutes and even though they are green and inexperienced they already have that fire and hustle of Aggie teams

of past years. They have the Spirit. Does the corps have the spirit? Have any of the yell leaders been down watching the football team work out? Do the yell leaders know the boys on the team, Can they tell the corps how hard the team has been working? Can they tell the corps that the Aggie football team belongs to the corps?

Off-Campus Distractions

When an Aggie is off the campus or on the campus for that matter, short dresses have the effect of making him look longer. When all these guys are out with their gals this weekend there is a note of warning that must be heeded. Though it isn't the season for colds, pneumonia and such, every thinking man will be careful to stay away from the grip. Whose grip? The grip of some of these clinging vines. Even though divorce is the key to wedlock the J. P.'s are still tying knots.

Are there any scotch boys in A. & M.? Maybe they can answer a perplexing question. We've been wondering if Scots are close dancers.

These women we are going to see about Saturday night are fickle creatures as can easily be seen when it is understood that between dances she will be with you and most likely she will be against you the rest of the time.

(Molar Mastication),

Men lately have been saved a lot of time and trouble by the thoughtfulness of the mess hall. In this hot weather anything that saves a little energy is appreciated.

Ed Prather found a tooth in his cut of the "cush" and not to be outdone Johnny Veien came up with one just a wee bit larger. Congratulations Johnny. Don't know of anyone who deserves the honor more.
