

Cadets Stress Pass Defense Against Horned Frogs

Aggies Hold Weight Advantage Over Froggies But Handicapped By Injuries

(Continued From Page 1)

After a light drill Monday afternoon, the Aggies have been staging rough and tumble workouts all other days. Both defense and offense have been stressed during these sessions in order to get the team working more smoothly than they have in the earlier games.

Injuries still plague the ranks of the Aggies, four backfielders being slowed or benched for this game. Bob Butchofsky remains the big question mark, but chances are he will see no action against the Frogs. Butch has taken no part in the drills since he suffered a fractured jaw, and has also been on a semi-liquid diet. Even if he were allowed to play, he would not be able to turn in his usual brilliant game. Bobby Goff is still suffering from a charlie-horse, but he will be in the starting lineup. He did a remarkable job punting in the L. S. U. game with his bad leg, and should be in pre-

ty good shape for the Frog tilt. Jimmie Parmier is still limping on his bad leg which has bothered him since the start of the season, and George McAllister rehurt his knee in practice this week which means he will see no action Saturday.

The starting Aggie backfield will probably consist of James Cashion at his regular position of quarterback; Mann Scott in Butchofsky's right half slot; Goff at left half, with little Gene Spires on hand as his first reserve; and Paul Yates, the Conference's leading scorer, at fullback.

A. & M. will hold a five pound weight advantage when the two teams take the field Saturday. The Aggie starters average 189 pounds while the Frogs will average 184. The forward wall of A. & M. has an average weight of 196 pounds, while the T. C. U. forwards will tip the scales at 183 pounds per man. The backfield of the Froggies will average 185 pounds, eight more than the Aggies 177.

Probable starting lineups: T.C.U.: Gibson, left end; Cragwell, left tackle; Houdek, left guard; Cooper, center; Thomas, right guard; Flowers, right tackle; Chronister, right end; Sherrod, quarterback; Mason, left half; Ruff, right half; and Cox, fullback.

A. & M.: Howell, left end; Shira, left tackle; Gray, left guard; Gary, center; Tassos, right guard; Moncrief, right tackle; Higgins, right end; Cashion, quarterback; Goff, left half; Scott, right half; and Yates, fullback.

Aggies, Mustangs, and Longhorns Picked

All six teams in the Southwest Conference will pair off against each other Saturday as the 1944 race gets into full swing. Three close games are in prospect for this week-end, and one or two upsets can very easily occur.

As all teams in the Conference are of fairly even strength, anyone who tries to predict the winners is sticking his neck out. However, I am not afraid of anything after the past two weeks, so here goes.

A. & M. over T.C.U.—I believe the Aggies will have too much for the Frogs. The game will probably

Rambling . . .

Coach Homer Norton has agreed to serve as coach of the Western Team in the annual East-West All Star game to be played in San Francisco New Year's Day. Randolph Field is placed as the third strongest team in the nation, but I wouldn't bet against them if they played either Notre Dame or Army, the two teams picked over them . . . Coach Bernie Moore of L.S.U. said that his Tigers could not have scored on A. & M. if the game had lasted until daylight. He was referring to his

team's fumbling and not to the Aggies' defense, however . . . Hubert Bechtol, a V-12 student at Texas U. who plays end for the Longhorns, was a visitor on the campus Sunday. He was greatly impressed by the place . . . wonder if he will like us as well after Thanksgiving . . . Bob Butchofsky has a new nickname at T.S.C.W. . . "Gums" they call him, and it fits too . . . If every member of the Aggie squad had as much spirit and hustle as Bob Gary, we would have a better team . . . Beat T.C.U.

be close, but the Aggies, playing at home, should come through. S.M.U. over Rice—This is the hardest game of the bunch to pick. The Mustangs have a fine backfield, and made a good showing against the powerful Randolph Field team last week. The team that gets the breaks will win, but I'll string along with the Methodists.

TEXAS U. over Arkansas—This game may prove the Hogs stronger than most people believe, but the Longhorns should win with their passing game.

Athletic Department Asks Less Breakage Of Drink Bottles

The Athletic Department has filed a request that the Aggies be more careful with drink bottles. Whenever bottles are broken in the Athletic Department has to pay for them. It is a tradition of the Aggies not to destroy property. Glass is essential to the War Industry, so please refrain from breaking the bottles this and every weekend.

Athletic Department.

New Officers Chosen By AICHE Members

B. P. Castiglioni, recently elected president, will head the A. & M. Student Chapter of the American Institute of Chemical Engineers during the fall semester.

Other officers elected at the first meeting of the semester Monday are L. C. Grosjan, vice-president; Cliff Harris, secretary-treasurer; Harold Borofsky, program chairman; and J. W. Bell, press agent. Twenty-five students and Dr. J. D. Lindsay, counselor, were present.

Last semester's officers were: E. B. Claunch, president; Ernest Baetz, vice-president; and Milton Abelow, secretary-treasurer.

Dr. Lindsay explained the organization and purpose of the AICHE to the new students. Future programs were also discussed.

School Lunch Plan Completed by WFA

The sponsors of the Community School Lunch Programs for the Brazos county schools, in cooperation with the War Food Administration, have completed arrangements to provide tasty, nutritious lunches for children attending the Allenfarm Colored Junior High, Brushy Colored, Edge Elementary, Fair View Colored, John M. Moore Colored High, Kings Highway, Korten Elementary, Love Colored Elementary, Millican Elementary, Stone City Colored, Tabor Elementary, Brooks Chapel and Cedar Grove Colored, Common Schools, and A. & M. Consolidated School, during the 1944-45 school year, Mr. Temple J. Duderstadt, District Representative of the Office of Distribution of the Houston District, War Food Administration, reported today.

These lunches, which will be served to the children for a small charge or free if they can't afford to pay, will consist of a meat or meat substitute, two vegetables or one vegetable and a fruit, bread, made of whole grain cereal or enriched flour, butter or fortified margarine, and one half pint of whole milk.

Under an agreement with the War Food Administration, the sponsors of the lunch program have undertaken to purchase the food used in the lunches, to pay part of the cost, and to obtain the labor and facilities needed to prepare and serve it. The War Food Administration will reimburse the schools for part of the cost of the food served, and in addition, may contribute abundant foods such as potatoes, eggs, cabbage, or other foods, which may be purchased in fulfillment of price support commitments.

The Community School Lunch Program, a cooperative endeavor between the War Food Administration and schools throughout the country, has a dual objective: (1) To assist local communities in the development and maintenance of programs providing nutritionally adequate lunches to children in school and child care centers, and

Ushers Are Needed For Football Games

Coach Adamson announced that boys were needed to act as ushers at the next three football games. Anyone interested should see "Art" in his office at the P. E. field. It is customary for the freshmen to respond to this call for ushers. These boys are necessary, and all volunteers will be appreciated, said Adamson.

COTTON HOWELL CHARLES SHIRA BULLET GRAY ROB GARY DAMON TASSOS MONTE MONCRIEF

PAUL YATES BOB BUTCHOSFSKY BOBBY GOFF JIM CASHION WALTER HIGGINS

Drink Salesmen Needed For Game

We are in need of salesmen for the T. C. U. football game this Saturday. All men who wish to work will be employed. Each student will have the opportunity to make up to \$10.00 or more, depending upon his ability. The work will consist of selling drinks and etc. All men who wish to work will please be at the gate to the right of the swimming pool, dressed in white coveralls, between 1:00 and 1:30 p.m., Saturday. No ticket will be necessary to get into the game if working.

Athletic Department

(2) to encourage increased consumption of food in temporary abundance and to aid American farmers in the long-time development of better domestic markets for agricultural commodities. Any public or private school of a high school level or under and operated on a non-profit basis, is eligible to apply for Federal assistance. The exact amount of Federal assistance will depend on the financial need of the school and on the type of meal served. The main requisite for receiving Federal cooperation in providing the school lunches is that a local school, professional, or social organization undertake the responsibility of actually operating the program at the local level. During the 1943-44 school year, more than 4 million children in 31,000 schools throughout the Nation received lunches as a result of assistance from the War Food Administration, and it is anticipated that even more children will participate this year.

Aggie Harriers Take Dual Meet From Longhorns

Texas Aggie harriers took a dual two and one-half mile cross country track meet Wednesday from the University of Texas Longhorns by a score of 27 to 28, low score winning.

Bob Umstatt of Texas came in first in the good time of 12 minutes 34 seconds. J. D. Hampton of the Aggies finished second, and Dan Fox, Texas, was third.

Feature of the race was the close finish for eighth place, Dombrow of Texas leading Hargis of the Aggies up to the last ten yards when Hargis put on a burst

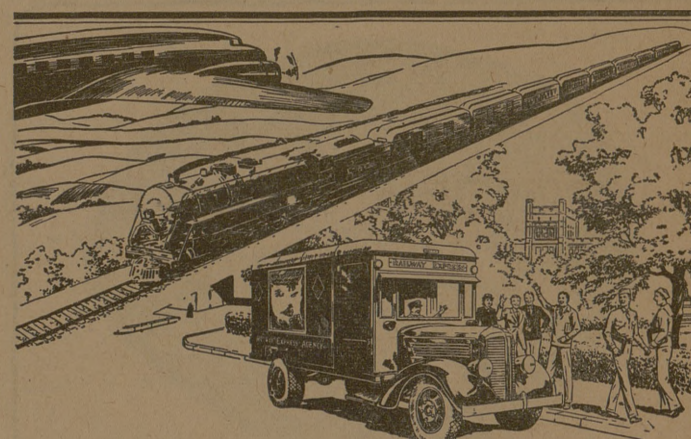

of speed and nosed out Dombrow by two paces.

Other Aggie placings were: Ray Holbrook, fourth; Buddy Bradford, sixth, and Glen Bell, seventh. For the Texas team, James Joyce was fifth, and Johnny Braun was tenth.

Coach of the Aggie team was Ray Putnam of the Physical Education Department, while Clyde Littlefield tutored the Orange and White entries.

SAVING AMERICA TIME AND EFFORT

TO DEVELOP AND USE ways and means for saving time and effort is a typical American trait. You see it among your classmates and you exhibit the same shrewdness when you send your packages, laundry and baggage, home and return, by Railway Express. The pick-up and delivery at your door, and the quick forwarding by fast trains, or by supersped Air Express planes, is a shipping service unique in American life. It has saved time and effort for generations of college students.

These nation-wide facilities are now being utilized to their utmost by the government, industry and the public. You can help Railway Express to carry its share of this war-time load by doing three simple things: Wrap your packages securely—address them clearly—express them early. "A shipment started right is half-way there."
