## Snuggs Discusses China for Kiwanis

The future outlook for China is bright, provided that the United States and the other nations of the world are willing to view her situation and progress with patience, according to R. E. Snuggs, who spoke at Tuesday's luncheon meeting of the Kiwanis Club.

Snuggs told the club that he had been born in China of an English father and an American mother, and that he had lived there until he was eleven years old. He recalled as his chief impressions of China her huge population, the poverty of her people, and the variety of dialects spoken in the country, and demonstrated for the group a typical Chinese song in the Cantonese dialect.

Snuggs emphasized that we should not pity China, since the Chinese would shun such an attitude as causing them to "lose face". He pointed out their need for education, for military supplies, and for patience of the other nations of the world.

The luncheon meeting was opened with group singing of "America" and the introduction of guests, after which the latest news flashes were read by Byron Winstead.

## New Intramural Sports Scheduled To Begin Aug. 6

Intramural play in softball, tennis, and volleyball is rapidly drawing to a close, according to a statement released today by W. L. Penberthy, director of physical education.

Competition in basketball and touch football will begin on Monday, August 6, according to Penberthy, with basketball games scheduled to start at 4:15 and 5:00 and touch football games beginning at 5:00. A schedule of play is being worked out at the present time.

On August 25 and 26 intracollegiate organizations will meet in a swimming meet at Downs Natatorium to compete in a variety of events, including the 400-ft. free style relay, 100-ft. back stroke, 100-ft. side stroke, 200-ft. free style, 400-ft. military relay, and diving.

The annual intramural track meet will be held at the College track on September 8 and 9.

Entry forms for entering these events have been sent to each athletic officer, and intramural competition is expected to run as high as has been the case during the first part of the summer.

## Lack of Trained Technicians Slows Up Ship Repairs

Crippled ships lying at Hunters Point and Mare Island emphasized to James H. Bond, Regional Director, WMC, the grave shortage of electricians and machinists in those Navy yards, according to his statement released here after personal inspection of the San Francisco Bay area.

Many ships, Mr. Bond said, are returned to duty with but a small percentage of the needed repairs completed. Consequently they must put into port oftener, greatly lowering their fighting value. Among those waiting were the famous Hornet, submarines, carriers, and other types of fighting ships, but manpower is frightfully lacking.

Seven thousand men should be hired in Texas, Louisiana and New Mexico for these yards, according to Mr. Bond, who said plenty of housing is available, that meals and transportation will be provided by the Navy, that wages are good with overtime after forty hours a week.

Men for these jobs are hired through U. S. Civil Service recruiting representatives in principal cities of the three states. Those eager to go at once can get underway in as little as one day. Information is available at first and second class post offices, or may be had from the U. S. Civil Service in either Dallas, Texas, or New Orleans, Louisiana.

## Man, Your Manners

By I. Sherwood

There is one important role to be observed when attending a concert or any other public entertainment. You are expected to be absolutely quiet during the performance of the different numbers.

One's conduct during any performance is governed by consideration for others. Once seated, don't make undue noise. Talking in any tone of voice, even a whisper, is annoying to others. Don't rustle programs or any other papers, and never read aloud. Audible comments, loud laughter, hisses, boos and catcalls are vulgar. Unnecessary and violent applause is in bad taste. Take along cough drops if

you have a bad cough, but refrain from eating candy or food in a theatre or auditorium. Keep your feet off the seats, and don't kick or tap nervously with them. Sit quietly, without moving around in the seat or wiggling your head from side to side. And lastly, remember that any display of affection in a theatre is crude.

Performers before an audience are entitled to appreciation of their efforts, which is usually shown by applause. It hardly seems unreasonable to ask that those who refuse to show proper respect to speakers or performers remain away.

ated for the college by the legislature at its last session. This amount has been distributed as follows:

Extension Service	359,322
Texas Forest Service	196,116

Firemen's Training School	5,750
John Tarleton Agric. College	271,389
North Texas Agric. College	298,000

This appropriation shows a considerable increase over last year's which amounted to \$2,847,653.40. This fact will also be important at the budget meeting.

finally strip teasing—such rats.

The vocal department, not to be outdone, presented the barroom quartet singing and/or murdering "She is More to Be Pitied Than Censored." This sad tale of woe could hardly be finished because of the violent sobs of the audience, but the boys struggled through, ending in a wonderful chord of harmony. Technicians are still trying to decide whether they heard a slight razzberry undertone among the applause of the audience. Anyhow it was generally agreed a repeat number from the gang is in order.

The band presented "Deep Purple" as the memory tune of the evening, a new feature to be presented each week to keep the old tunes alive.

Last but not least the pride of A. & M., The Singing Cadets, filed on the stage with a rousing welcome from the Aggies and gave one of the best numbers of the summer, "Old Man River," ever-popular negro heart-song.

Turner's announcement that Wednesday night's show would feature The Swingtet, four lovelies from ole Fessor Floyd Graham's famous stage band of North Texas State Teachers College evoked a mighty Wildcat from the Aggies. And why not—these four gals have been featured on Showtime, statewide radio hour sponsored by Interstate, and last summer filled a 16 week USO-Theater-Stage tour of the nation.
