

3rd Co. Wins Three In Row To Take League A Softball Title; Intramural Champion Will Be Determined Today

The 1945 summer intramural softball championship will be determined this afternoon at 4:15 when Third Company, winners in League A, take on the League B leaders, Second Company. Third Company played three games with no losses this week to boast an undefeated record, while Second Company has lost only one game in League B competition.

Third Company flashed perhaps the best pitcher in the league in Frog Tittle, who hurled three games this week and won them all.

Third Co. Slashes Sixth Co. 16-6
Third Company, with Tittle pitching and Golden catching, piled up a 16-6 victory over Sixth Company Thursday. Janda was on the mound and McMahan behind the plate for the losers. This was Third Company's second game of the league and her second victory.

Third Co. Tramples First Co. 14-5
Third Company retained her place in the winner's column by

piling up a 14-5 victory over First Company this week. Tittle and Golden were the battery for Third Company, while Bolner and Adair carried the load for the defeated side.

Third Co. Wallops Dorm. 6 16-6
In spite of the good game played by Dormitory Six, Third Company with Tittle hurling and Golden receiving won her third game of the week by a score of 16-6. This game placed Third Company in the undisputed lead of League A, to the tune of four victories and no defeats.

3rd Company Wins Intramural Tennis 1945 Championship

Third Company racked up several points toward the intramural athletic pennant Wednesday when they defeated First Company 2-1 in the tennis playoff between League A and League B.

Dungan and Hodges of Third Company started the ball rolling by defeating Anderson and Crouch by the topheavy score of 8-1. Lipsey and Claunch of First Company came back to win a hard-fought 9-7 match from Golden and Ferguson of Third, thereby tying the score. With the pressure put on, Mattio and Little of Third Company defeated Caraway and Adams of First Company 8-3 to make their organization the official intramural tennis champions for the 1945 summer semester.

Third Company is being picked as the probable winners of the softball championship, and is also competing in the volleyball play-off. One or more wins in these sports will give them a long lead toward the coveted pennant.

A&M Swimmers Win From Austin Team, Enter Southwestern AAU Meet

Coach Art Adamson swam every member of the Texas Aggie swimming team suiting up Monday afternoon in defeating the Austin Recreation Department in a dual meet in the P. L. Downs, Jr., Natatorium 44 to 22.

The Aggies took five firsts and one relay event to one first and a relay for the Austin team of life guards and employees coached by Tiny Standifer, former Texas Aggie aquatic performer.

After the Maroon and White swimmers had piled up a commanding lead, Coach Adamson revised his lineup to hold back known swimmers and used new boys.

Jimmy Jones took high score in diving events for Austin's only first in individual competition, finishing ahead of Jack Moss and L. L. Lomax of the Aggies.

A quartet composed of Jones, Coleman, Lucksinger and Bouchard copped the 160-freestyle relay for Austin by a wide margin over the Aggie team of T. P. Fenelon, Lomax, A. M. McNeel and Dan Daniels.

For the Aggies, Moss, Hugh Shelton and Bascom Hodges won the 180 Medley Relay in 2:48.3. Stanley Self, Aggie co-captain last season and holder of the Southwest Conference 440-yard crown, only entered the 50-freestyle, winning it in 26.2. Claude Smith of the Aggies was second.

Jimmy Allen and T. P. Fenelon finished one two for the Aggies in the 100-breast, time 1:20.8.

John Heemann, another veteran Aggie swimmer, took the 220-freestyle in 2:52.8, Bouchard of Austin coming in second, and E. L. Williams of the Aggies, third.

Bob Wright was first in the 100-back, with Austin's Yancey and Lucksinger getting second and third. Wright's time was 1:22.9.

Gene Summers and G. C. McKenzie took first and second for the Aggies in the 100-freestyle, Summers time being 1:06.1.

Some of the Austin Recreation Department swimmers announced they were coming to Texas A. & M.

supervision of the Ministry of Education.

The Andes have dominated Peru's economy and way of life, but of great influence also has been the cold sea-currents from the south which cool her otherwise tropical coast.

The first barrel of oil to be shipped from South America came from Peru, and oil, largely from along her northern coast, represented 34 percent of her export income. Most of this went to Argentina and France, and because of the loss of the European markets, production declined severely.

Peruvian industry has made considerable progress particularly in refineries, copper smelters, and the first tire factory on the South American west coast.

Although Peru sells more abroad than she buys, by almost 25 percent, this balance of trade is "favorable" in name only, since profits on the bulk of exports goes to foreign companies—largely British and United States—who own mines, oil wells, sugar and

Tigers Win First Half in City Softball League; Players Will Be Traded for 2nd Half Play

The Tigers won their last two games this week to win the first half of the College Station softball league play with an undefeated record, while Tommy Terrell's Pirates beat the Yankees to hold their second-place spot.

Bill Manning's Indians dropped out of their second-place tie when they lost to Perryman's Tigers last Thursday 6-3 at the College Park diamond. The Indians scored two runs in the first inning and one in the second, but could not get another man around during the last five frames. The Tigers scored three tallies in their first inning, went ahead in the third with two more scores, and added another in the fifth for good measure. Dahlberg and Lloyd pitched for the Tigers, and Captain Manning was on the mound for the Indians.

The Pirates beat Frank Anderson's Yankees 15-10 Friday in a wild ball game. Anderson opened the first inning with a hit, and Vincent went to first on a walk. Both scored on a fielder's choice, an error, and Schroeder's hit to put the Yankees ahead 2-0. The Pirates came back in the second stanza with a 5-run scoring spree, and were never headed again. Stiles and Guthrie hurled for the Pirates, while Schroeder and Schaeffer were on the hill for the Yanks.

The Tigers were short-handed for Monday's game with the Military Department, and went forth into the fourth inning trailing the Soldiers 7-6. In the fourth, two

Military errors bunched with hits by Gray, Barnes, Andrews, and Wilson to chalk up four runs for the Cats and give them a lead that held up for the rest of the game.

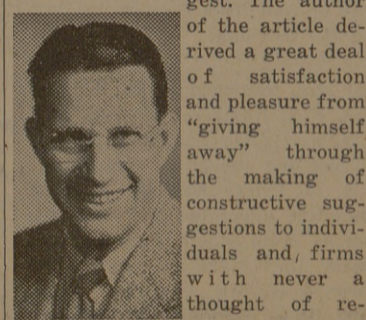

Two more games remain to be played on the city league schedule, with the Yankees meeting the cellarite Orioles tonight in College Hills and the Indians playing the Pirates tomorrow at the College Park diamond. The Pirates will have to win tomorrow to keep the Indians from tying up the second-place spot.

Managers of the teams are scheduled to meet tonight to make plans for the second half of the city league competition, and it is reported that some trading of players will take place between teams at the meeting.

PENNY'S SERENADE

By W. L. Penberthy
I would like to recommend that all who have not already done so, read the article "Try Giving Yourself Away" which appears in the current issue of the Readers Digest.

The author of the article derived a great deal of satisfaction and pleasure from "giving himself away" through the making of constructive suggestions to individuals and firms with never a thought of reward. He also specialized in expressions of appreciation of different kinds. In doing these things he found happiness as well as a lot of new friends.

I have always felt that our greatest mission in life is to be of service to our fellow man and that our real happiness is in proportion to the amount of unselfish service we render. From our childhood we have been taught to "Be Ye Kind" and that "It is more blessed to give than to receive" but I am afraid these are little lessons that

we too often forget and in their place are prone to adopt the attitude of "what do I get out of it?" I agree with the writer of the article that one does not have to be rich in order to be able to give and that money gifts are not the ones of real lasting value. The really wealthy person is the one who by the giving of such gifts as a smile, a word of encouragement, a pat on the back, and a word of appreciation, has won the love and respect of his fellow man. This person gives these things because it is fun and the reward he receives is in the glow he receives that makes the day brighter and life sweeter. The person who gives only for the financial or other benefits he will receive is in for some bitter disappointments.

Aggie Gridders to Take On Ellington In Season Opener

Ellington Field of Houston will open the Texas Aggies 1945 football schedule here September 22, Coach Homer Norton announced this week.

Negotiations with athletic and public relations officers of Ellington Field have been under way since the North Texas Aggies of Arlington announced they would be unable to fill an engagement made some time ago to play on Kyle Field for the third consecutive year, Norton said.

Signing Ellington Field as a home game for the Aggie makes four contests to be played at College Station, the others being Baylor, Oct. 27, SMU, Nov. 10, and Texas, Nov. 29.

The Aggies have six road games: Texas Tech in San Antonio, Sept. 29; Oklahoma at Norman, Oct. 6; Louisiana State in Baton Rouge, Oct. 13; TCU at Fort Worth, Oct. 20; Arkansas at Fayetteville, Nov. 3, and Rice in Houston, Nov. 17.

his release from the Army. Among other things, the board authorized the granting of Bachelor of Philosophy degrees to graduates who complete additional correspondence or resident work, and A. & M. staff members to assist any school in the state with supervisory assistance in terminal courses in agriculture and mechanic arts where such help is reimbursed by the school requesting the service.

A committee to assist in framing a new code for student environment and control at the college, composed of John Newton, Beaumont; E. W. Harrison, South Bend; and Col. D. S. Buchanan, Corpus Christi, was formed. Rufus Peoples, Tehuacana; J. L. Koker, Alpine; and Henry Reese, Gonzales, were appointed to a committee to meet with the Former Students Association to perfect plans

for the promotion of a special gifts and bequest program for the college.

The T. U. board of regents will be invited to a joint meeting with the A. & M. board of directors here on Nov. 28, a day before the annual football game between the two institutions.

Next meeting of the A. & M. board will be Sept. 6, 7, and 8, it was announced.

Meat Packers Award Research Funds to Experiment Station

The Swine Division of the Texas Agricultural Experiment Station has been awarded a grant of \$3,400 by the American Meat Institute, Chicago, in continuation of its research on aminoacid content of meat and other foodstuffs.

In announcing receipt of the grant, Fred Hale, chief of the Division of Swine Husbandry, said it was for the fiscal year beginning Sept. 1, and was secured through Dr. H. R. Kraybill, director of the Department of Scientific Research of the American Meat Institute.

Dr. Carl A. Lyman is the principal leader of this project for the Swine Division.

Book By Ag. Eng. Chief is Translated Into Spanish

H. P. Smith, chief of the Division of Agricultural Engineering, Texas Agricultural Experiment Station, has just received volume 1 of the Spanish translation of his book "Farm Machinery and Equipment."

"Maquinaria Agricola y Accesorios" carries the original illustrations, but with Spanish text, as used in the Smith book.

Referring to the Spanish translation of this book, President Gibb Gilchrist wrote Mr. Smith.

"This is indeed a tribute to our work and such publications should contribute much toward promoting better relations with Latin American countries. You are to be commended highly for this work."
