Every Aggie on this campus deepy appreciates these things you have done to disclose your sentiments, and a vote of thanks goes out to each and every one of you men who has taken it upon yourself to become one of us. You men have re-acted in the manner so long strived for by the corps, and you are a milestone of progress in bringing about a wonderful friendship between the trainees and the Aggies. You are the type of men that we'd like to have as cadets, and we realize that many of you had planned to come here until the army intervened and prevented your becoming an Aggie. But by your latest actions you have brought yourselves closer to being an Aggie than Its northern and eastern shores at the caribbean Sea. a temperature of not more than 85 degrees. Because of its fortunate In recent years an erudite citizen to eleven million men and women anything else you could have done, and we are proud of are bathed by the Atlantic Ocean geographical position, it has the of California has published a re- now working in our war indusyou and your efforts to back us.
