

Senior Longhorn Pictures To Start Monday

Aggieland Studio Awarded Photo Contract For 1945-46

A yearbook to be produced and delivered before May 15, 1946 was authorized by the Student Activities Committee Tuesday and the first step toward its production has been taken with the committee exercising its extension of the present contract with Aggie Studio, North Gate, for the making of the class pictures.

Since 1919 genial Joe Sosolik and his staff have failed only once to land the Longhorn contract. His North Gate studio is now ready to start taking class pictures, beginning with the Senior Class on next Monday, October 15th. Seniors will take both class pictures and military pictures and for that reason are asked to wear boots, Number One uniform and caps, it was stated.

The schedule for Seniors will begin Monday, October 15, with Dorm 2 (A & B Inf.) scheduled, followed by Dorm 4 (C & D Inf.) on Tuesday, Dorm 6, (E & F Inf.) on Wednesday, Dorm 8 (G & H Inf.) on Thursday. Non-military personnel, including servicemen not in organizations, will be taken on next Friday, October 19th.

The second week of seniors will begin October 22 with Dorm 12 (A & B Cav.) scheduled, October 23, Dorm 10 (C & D Cav.), October 24 (A & B Field) in Dorm 7, October 25 will schedule Dorm 9 (C & D Field), October 26 will schedule both infantry and field bands from Dorm 11.

Junior pictures will be taken beginning October 29 through November 10th; Sophs November 12

through November 24. Fish will begin November 26 and continue until December 21st. All classes will be scheduled for pictures according to dormitories and all must go when their dormitory is scheduled if the book is to be produced on time, it was stated. A detailed schedule has been provided in Aggie Studio's advertisement today and all students are urged to clip this schedule for their own use.

Experienced Staff

The combined experience represented on the Aggie Studio staff totals almost three quarters of a century. Joe Sosolik has almost 34 years of experience, George Lanicek, recently released from armed services, has 10 years experience, Charles Sosolik adds another 6 years to the total. Mrs. Mary Estill, retouch artist and general assistant, started with Aggie Studio in 1919 the first year Aggie Studio handled a Longhorn. Ex-

cept for two or three years out she has been continuously on the job helping to produce good annuals. Miss Lolly Autrey, freshman staff member, is now in her fourth year at Aggie Studio while Mrs. Bessie Hubacek has a round dozen years to her credit. Jack Green has 8 years in experience to add to the total.

Thousands of Pictures

Genial Joe says he has taken "thousands of Aggie pictures." But that doesn't mean that each picture isn't a brand new assignment with a challenge to it. "I take pride in my work. My staff works hard. We feel repaid when we see the book come out. That's why I guess we get the contract each year," Sosolik stated.

A native Czecho Slovakian, Sosolik came to the States in 1911. Following service in World War I, from which he was discharged with medical disability, Mr. Sosolik

came to Bryan and entered a partnership photographic studio with his brother. In 1921 he bought half interest in a studio that was located on the site now occupied by the Aggie Pharmacy, becoming sole owner of this establishment the following March.

One year later fire destroyed the entire studio and Mr. Sosolik was given a location in the ME Building. When the Exchange Store was completed he occupied a studio on the second floor until he moved to his present building.

Mr. Sosolik has made the acquaintance of many hundreds of Aggies, of practically all who have graduated from A. & M. in fact. He says that this feature is the most attractive feature of his work and that wherever he goes now he finds Aggie friends.

A special feature of the new Longhorn will be larger class pictures. (See LONGHORN, Page 6)

Again It's Aggie Land...

Once again we are to have the pleasure of making the official pictures for the Longhorn. The Student Activities committee has renewed our contract as the photographer for your yearbook.

This will be the 29th time since 1919 that we have been your photographer. These years of experience have been pleasant years; the coming one should be another opportunity for service to the great fraternity of Aggie Land.

Our pictures have stood the test of time because we put into them not only the experience that comes with 34 years of working with Aggies but each year we make a new resolve to do a better job than before.
