It's Corps Trip time at Aggieland, Old Army! You have been given permission to leave after your last class Friday in order to be in Fort Worth Saturday when we tramp those Toads, so get that old thumb in the breeze and get there!! Your team needs your backing and they know that you aren't going to let them down. Let's go, Army, see you in Fort Worth!!!

CABINET MEETING
The senior Y.M.C.A. Cabinet will meet Monday evening at 7:15 in the Assembly Room, second floor Y.M.C.A. building. The function of this group is to promote the social and spiritual welfare of all students on the campus. Any student, above the freshman class, who is interested in permanent peace, inter-racial problems, good neighbor policy, campus problems and religious programs is cordially invited to join this cabinet.

Adamson Asks for Swimmers, Divers

Coach Art Adamson has announced that the Aggie swimming team has begun to work out, and will continue to do so for the remainder of the semester. All men on the campus who would like to try out for the team in any event should report to him between 4 and 5 any weekday afternoon at his office. Divers are especially needed, and they should report to Facio, who is acting as the team diving coach, at the swimming pool any weekday afternoon after 5. Experience on any swimming team is not necessary, and if you can qualify in any swimming event, you should report as soon as possible.

Geology Club Elects

The Texas A. & M. Geology Club had their first meeting of this semester on October 10, 1945. Club officers were elected for two semesters. They are: Bill Holbert, president; H. G. Johnson, vice-president; Earl Kirk, secretary and treasury; R. L. Manly, program chairman; and Kay Childress, reporter.

A&M Consolidated Rings Up 37-0 Win For Third Straight

The A&M Consolidated Tigers, to the tune of 37-0, took their third straight district win at the expense of the Fairfield Eagles in Fairfield last Friday night.

With a slow start, which showed the first period scoreless, the Tigers hit their stride and at the half were leading 12-0. This margin of difference was through the efforts of Bill Eckles, ace back, and the two wingmen, Bob Potter and Edsel Jones. Each received a pass from Eckles and galloped over for a tally in the second quarter.

Poter's gallop was a pretty sprint through the Eagle secondary, while the combination, Eckles to Jones, resulted in a tally which was good for 7 yards and saw the latter make a beautiful catch of the aerial.

After being rejuvenated at the half, the Tigers came back with a terrific barrage of plays, with Eckles scoring two quick T.D.'s, from the 2-yard line and the 9-yard marker.

In the fourth and final quarter, with the Tiger line opening gaping holes in the forward wall, Eckles again broke into the scoring column with a 29-yard run in which not an Eagle defensive man layed a hand on him. Jones made the try for extra point good this time and the scoreboard read, Home 0,

Visitors 31.
With minutes left to go, the versatile Eckles again let loose with an aerial which found Jones in the open waiting on the Eagle 35. With a beautiful down field blocking, Jones worked his way to the double line and crossed it standing up.
It is difficult to pick out the outstanding defensive man, as the whole A&M team played magnificent ball, but the nod goes to R. L. Hunt, ace right tackle.

About 40 per cent of the known supply of lead is in the United States.

Tigers Overpower Aggies 31-12; Cadets Fold After First Period

Facing a much revived and inspired LSU team, the Aggies dropped their first game of the season last Saturday night 31 to 12. For the first quarter, the Cadets looked like the ball team that

they really are, but from then on, LSU had things as they wanted them.

Led by Jim Cason, Red Knight, Bob Sandifer, and Bill Tittle, the Tigers ran the Aggies to death. Cason and Sandifer reeled off one long gain after the other, and Tittle's passes were where Aggie defenders weren't. Running off the T, the LSU offense was worked to perfection, and many times no one but the ball carrier knew who had the ball.

In the first quarter, the Aggies clicked for gain after gain, and the LSU line was torn to bits by Goode, Smith, and Butchofsky. The ball was brought by them down to the Tiger 4 yard line, but went over there on downs. Not to be outdone yet, Darnell blocked an LSU quick kick on the first play on the second quarter, Higgins recovering for the Aggies on the LSU 33. In just seven plays, Big Bob Goode went over left guard for the initial score of the game. Higgins missed the try for the extra point, and the score was Aggies 6, LSU 0.

Then the Tigers took the returning kick off, and brought it from there back to their own 38. From there, and without losing possession of the ball, the Tigers scored on the eighth play from scrimmage. Kingery kicked good, and the Tigers went ahead 7 to 6.

As far as the Aggies were concerned, that was the end of the ball game, for only two minutes later LSU scored on a quarterback sneak that netted 40 yards and the tally.

A&M's other touchdown came late in the third quarter when Dan Foldberg intercepted Tittle's pass and returned it 46 yards to pay dirt. This time Ballentine attempted the conversion from placement and his kick went wide of the uprights.

Being roundly outplayed, the Aggies played good football only in spots. Bob Goode personally prevented two more Tiger tallies by being the only Aggie tackler between the runner and the goal line. Darnell and Winkler worked hard in the line, and turned in some defensive play.

Aggies, Texas, Baylor, SMU to Win

By Ed Brandt
Battalion Sports Editor
For 19 games called so far this season, this column has picked 15 of them correctly for a .788 average. Whether that's a good one or not matters little, as it is being laid on the line this week in what is one of the most hectic schedules to be seen this year to pick.

A. & M. over T.C.U.—Although the Aggies dropped a game last week to the L.S.U. Tigers, they still have plenty on the ball and should go against the Frogs. T.C.U. can boast a good pass game as usual, and has power on the ground, but with Moncrief and Dickey back in the line-up and in good shape, the Aggie defense will be hard to crack. The score? Say about Aggies 20, Frogs 7.

Texas over Arkansas—This is one game that could easily make suckers out of the "smart guys". Arkansas has a fine ball club and boasts some good backs; on the other hand, Texas has a line that any team will have a hard time breaking, also some mighty fine backs of their own. Make it Texas 14, Arkansas 6.
S.M.U. over Rice—The Owls reached their peak last week against the Tulane Greenies. They played some fine ball, but it was just their day to spree. The game was an upset in everyone's books and doesn't indicate that Rice has an improved club. S.M.U. showed strength in holding the Oklahoma Aggies last week, and even though they lost, the Ponies let Oklahoma know that there was a ball game being played. S.M.U. should take this one by say 13 to 0.

Baylor over Texas Tech—The Bears seem to know what it's all about at last, and they get the nod from here. The game will be a close one, but Baylor should come out on top. This column's guess is Baylor 19, Tech 7.

It seems as though the pretty girls follow gridiron greats, and the greats from A. & M. are no exception when it comes to that department. Only this week, last Wednesday to be specific, one of our boys on the Aggie squad got a letter from what sounds like a very cute little trick down in Houston. For security reasons this handsome lad's name will be withheld and he will be referred to as Mr. Wingman. Here in part is the letter the country-boy-who-made-good received:

Dear Mr. Wingman,
I've heard so much about you and then seeing your picture in the paper this morning brought out all the eagerness in me. I've wanted for a long time to meet you, but have never had the pleasure or the chance—if you want to know anything about me, which I hope you do, I'm five feet, one inch tall, weigh 109 pounds, have blue eyes, dark blonde hair, and am in love with life. . . .

The moral to this story is to play football if you are big enough to tie your own shoelaces. These football players seem to have something on the ball that few others have. If you are wondering what it is, just see the receiver of the above letter. (He still refuses to allow his name to be printed in connection with this romantic occurrence).

AN IMPORTANT WEEKEND

You will want to look your best on the Corps Trip. Let us take care of your cleaning and pressing needs.
