Executive Offices

Postponement of induction of certain college students in a recent revision in Selective Service Regulations reads as follows:

"Any person who entered upon a course of instruction at a college or university before he became eighteen years of age and who is ordered to report for induction during a quarter or semester of such course of instruction shall, upon his request, have his induction postponed (1) until the end of such quarter or semester (2) until he ceases to pursue continuously and satisfactorily such course of instruction, whichever is the earlier.

Students not on the deficiency or probation list, who otherwise meet the above conditions, should be eligible for postponement of induction until after February 2, 1946. Students called for pre-induction physicals or for induction, who are eligible for postponement, should call at

my office, Room 210, Administration Building, promptly F. C. BOLTON, Dean of the College.

Memorandum No. 8 Subject—Registration of Motor Vehicles. Effective 15 October 1945, all motor vehicles owned by students, faculty or other employees of the College, or those owned by persons whose business requires that the vehicle be parked on the campus continually are required to obtain permits to operate and park such vehicles on the campus. These permits will be registered with the office of the Chief of Campus Security in Goodwin Hall. There is no charge for this service. Applications for permits are available at room 100 Goodwin Hall.

J. W. ROLLINS, Dean of Men. W. R. HORSLEY, Vice-Director of Student Affairs.

The Selective Service law requires all men to register on their eighteenth birthday unless it falls on Sunday or on a holiday. The law does not permit registering ahead of time and there is a severe penalty for late registration.

Students should report at the Selective Service office in the Court House in Bryan for registration on their eighteenth birthday. Their registrations will then be sent to their home communities.

The Board of officers are open from 8:00 a.m. to 5:00 p.m. Monday through Friday from 8:00 a.m. to 12:00 noon on Saturday. If a student does not have a vacant period on the day that he is eighteen, he should ask for authorized absence long enough to go to Bryan and register.

F. C. BOLTON, Dean of the College

A LETTER TO THE EDITOR

Old Army, we're going on a big corps trip this weekend to Cowtown. We're going up there to have a big time; but primarily, we're going up there to beat the hell out of T. C. U.

This article isn't being written in the form of a lecture, so please don't take it that way. We just want to give you a little sound advice about having a good time and still staying within certain limitations.

It will be the first time that you go Juniors, Sophomores, Freshmen, and we might add, a large majority of you Seniors have ever been on an official corps trip as this is the first one since '41. The school officials couldn't have picked a better place for a corps trip than Fort Worth, for the people up there are the most hospitable of any place in Texas, and they really have a good opinion of the Aggies. When we went up there in '41, they couldn't do enough for us. Why a bunch of mean ole Aggies couldn't find a place to sleep, so those good officers of the law opened up the county jail and let them sleep in there. And

on top of that, they cooked up a big breakfast for them in the morning. That was pretty nice, wasn't it Army?

Now about those limitations that we mentioned before: . . . Don't go up there and go hog wild, tear up pillows and throw the feathers out of the top story of the Texas Hotel, and things like that. That's not the Aggie way of doing things. Don't forget that your actions on this trip will be a determining factor whether we go to Houston (officially) and the school officials will be on the look-out for things that are out of line. But more important that that, we may want another trip to Fort Worth sometime, and we don't want those good folks up there to bar the doors and lock their daughters in the closets because the Aggies are coming to town.

Go up there to have a good time, but keep in mind that we want to reassure people that this is still the A. & M. they knew in days gone by. Don't ever let that change, Old Army!

Signed: Class of '45.

Moses Succeeds A. D. Jackson as Publications Chief

A. D. Jackson was retired as Chief of the Division of Publications of the Texas Agricultural Experiment Station on October 11, as he reached his 70th birthday, the retirement age under Texas A. & M. College regulations. He has been succeeded by Tad Moses, who has been assistant director of the Department of Information for the past two and a half years.

Jackson is credited with many worthwhile contributions to the effectiveness of the program of the Agricultural Experiment Station

during his twenty-five years of service. He was formerly connected with newspapers at Mineola and Crystal City and with the Galveston News and the Sugarland Industrial News.

Moses, new Chief of the Division of Publications, was for 21 years successively chief clerk and assistant secretary of the Texas and Southwestern Cattle Raisers Association and editor of its monthly magazine, The Cattleman. He is a native of Burnett County, and attended A. & M. for two years prior to entering the armed services in World War I. Upon his release from the services, he was inspector and chief clerk for the Livestock Sanitary Commission of Texas.

CAVALRY HEADQUARTERS SQUADRON STAFF

Major, Charles T. Caraway, Squadron Commander; First Lt., Richard G. Hoffman, S-14; First Lt., Manuel S. Escobar, S-2; Technical Sergeant, Burke T. Summers, Sergeant Major; Technical Sergeant, Donald J. Nelson, Jr. (acting), Supply Sergeant.

"A" TROOP CAVALRY Captain, Bill J. Holbert, Organization Commander; First Lt., William H. Schlegel, Second in Command; First Sergeant, Billy W. Rosser, First Sergeant; Technical Sergeant, Charles J. Stamos, Platoon Sergeant; Technical Sergeant, William P. Switzer, Platoon Sergeant.

"B" TROOP CAVALRY Captain, Chester J. Reed, Organization Commander; First Lt., J. W. Stewart (acting), Second in Command; First Sergeant, Harry R. Rosser, First Sergeant; Technical Sergeant, Edwin A. Reed, Platoon Sergeant; Technical Sergeant, Joe B. Hilliard, Platoon Sergeant.

"C" TROOP CAVALRY Captain, Frederic W. Poe (acting), Organization Commander; First Lt., Byron D. Harris, Second in Command; First Sergeant, James E. Reed, First Sergeant; Technical Sergeant, Calvin C. Crittenden, Platoon Sergeant; Technical Sergeant, Harold W. Broome, Platoon Sergeant.

"D" TROOP CAVALRY Captain, Robert L. King, Organization Commander; First Lt., Walter L. Roots, Jr., Second in Command; First Sergeant, Glenn C. Butler, First Sergeant; Technical Sergeant, Arnold H. Miller, Platoon Sergeant; Technical Sergeant, Jack W. Moss, Platoon Sergeant.

AAUP Holds Meeting To Hear Two Deans

Dr. R. P. Marsteller and Dr. H. W. Barlow, deans of the schools of veterinary medicine and engineering respectively, will be principal speakers at the October meeting of the American Association of University Professors. The meeting of the Texas A. & M. chapter is scheduled for October 25 at 8:00 p. m. at the assembly room of the Y.M.C.A.

The veterinary medicine school at Texas A. & M. is one of the few schools of its kind in the country, and an interesting review of its part in the College program is expected to be heard. Engineering is playing an increasingly dominant role in the changing world of today, and Dean Barlow is expected to explain the training of young engineers in the A. & M. program.

The meeting will be open to the public, and the Association has extended an invitation to all interested persons to attend and take part in the informal discussion which will follow the talks.

Wool is obtained not only from sheep but also from goats, alpaca, llama and camels.

Chicago Race Horse Being Treated Here, "Doing Fine, Thanks"

The Veterinary Hospital was the scene of a very serious and very interesting operation on Wednesday afternoon, October 11. The patient, a thoroughbred racing mare about two years old and belonging to Dr. A. E. Greer, arrived by train from Chicago three weeks ago. The mare was said to be worth \$50,000 and was well on her way toward making racing history when she fractured a sesamoid bone, one of the small bones of the front leg.

Dr. Greer shipped the mare here after his request for the use of the Veterinary Hospital facilities was granted. The operation was performed by Dr. D. C. McKeever, well-known orthopedic surgeon from Houston. Dr. McKeever arrived Wednesday bringing his own instruments and supplies. He was accompanied by a special nurse. He was assisted in the operation by Dr. Greer and Drs. Lenert and Dwelle, head and assistant professors in the department of Veterinary Medicine and Surgery.

At last report the mare was progressing nicely.
