VOLUME 45

COLLEGE STATION, TEXAS, THURSDAY AFTERNOON, DECEMBER 6, 1945

NUMBER 11

Kiwanians Hear Dairying Program

College Station Kiwanians heard discussions of modern dairying trends and methods Tuesday as Dr. A. L. Darnell presented a program built around the Dairy Short Course which ended here yesterday.

W. S. Arbuckle, of the dairy husbandry division of the Texas Agricultural Experiment Station, presented figures illustrating the production and distribution of dairy products during the war-time period as compared with pre-war years, and outlined with the use of charts the salient points of sanitation in dairy production.

Dr. L. R. Noyes of the Bureau of Animal Industry, U. S. Department of Agriculture, stationed at Fort Worth, explained briefly the work of the bureau in the dairy industry. He was introduced by Dr. Darnell.

Visitors at the meeting included C. R. Heaton, Marty Karow, Graham D. Purcell, W. H. Badgett, M. C. Hughes, and a number of short-course enrollees. Luncheon music was provided by Mrs. Ralph Steen.

Boy Scouts Will Have Circus Here This Friday Night

There will be a Boy Scout circus in the Animal Husbandry Pavilion this Friday night at 7:30 p. m. All of the Boy Scout troops and Cut Scout dens in the Bryan and College Station area are to participate.

The circus will open with a parade by the Cubs, in which they will represent various circus types in home-made outfits, such as elephants, giraffes, horses, ducks, clowns, cowboys, and hillbilly bands.

The regular Scouts part of the program is to consist of demonstrations of scout games, signal practice, first aid, knot tying, leaf printing, plaster of paris casting work, tent pitching, and a camping expedition.

No admission will be charged and everyone is invited.

Pamphlet for Vets Is Prepared on Surplus Property

A pamphlet designed to give veterans full information on their rights to buy surplus property has been prepared by the Surplus Property Administration.

The booklet sets forth the basic facts about the preferences given veterans in buying surplus property. The purchasing procedure is outlined step by step. A list of disposal agencies and the kinds of property they sell is included.

To cover all angles of the subject, a series of questions and answers received from veterans has been added.

The booklet is being distributed to separation centers and other key points in the armed services, to Civil Service Boards to Veteran Administration offices, and through veterans organizations.

What's Cooking

THURSDAY, DEC. 6
6:30 p. m.: Ex-Servicemen's Club at Y.M.C.A.

8:00 p. m.: American Association of University Professors at Y. M. C. A. Assembly Room.

FRIDAY, DEC. 7
7:00 p. m.: Hillel Club in Hanukkah program at Y. M. C. A.

SATURDAY, DEC. 8
7:30 p. m.: Basketball, Texas Aggies vs. Camp Bowie at Gym.

SUNDAY, DEC. 9
2:00 p. m.: Dog obedience show sponsored by Kennel Club at Animal Husbandry Pavilion.

TUESDAY, DEC. 11
12:00 noon: Kiwanis Club at Shuba Hall.

THURSDAY, DEC. 12
7:00 p. m.: Brazos County A. & M. Club Christmas Party at Sbis Hall.

Steers Rally To Beat Tired Aggies 20-10

Cadets Play Inspired Football; Longhorn Reserve Strength Counts

(As per the terms set forth in the BATTALION of November 22, which stated that the sports editor of the school that won the Thanksgiving Day game would have the privilege of seeing his story in print of the other's paper, we herewith present the write-up, as received in our office, of Jack Gallagher, a "Daily Texan" sports writer.—Ed. Note.)

By Jack Gallagher
Daily Texan Sports Writer

An A&M eleven that lived up to the fondest expectations of its backers for three quarters wilted before a determined fourth-quarter Texas onslaught and allowed the Longhorns to push over two touchdowns and defeat the Farmers, 20-10.

In winning their sixth straight over the Aggies, Texas had to battle grimly to stave off an A&M rally which threatened to end the Longhorns' domination over their rivals.

Forty-one thousand fans who jammed Kyle Field to overflowing saw the home team come from behind to tie the score at 7-7 and then go ahead on a third-quarter field goal before the Steers took advantage of an Aggie miscue early in the final quarter.

Johnson Shows Speed

At that, A. & M. produced the year's outstanding find in little Gene Johnson, Hebronville, whose running overshadowed that of his more publicized teammates, Rob Goode and Preston Smith. The Aggie touchdown twins managed to collect a net of only 33 yards between them for the day.

Johnson twice brought down Texas men when they were in the clear and headed for apparent touchdowns, catching Ralph Ellsworth and Byron Gillory.

It was a torrid battle of lines all the way, with Texas's superiority in reserve strength the big difference in the final reckoning. The Longhorns had fresh men to send into the fray at all times, while A. & M.'s little-talented reserves were used sparingly, with the result that the regulars tired badly near the finish.

Tackles Monte Moncrief and Leonard Dickey, along with Ends Norton Higgins and Bill Geer and Guard Grant Darnell bulwarked the Aggie line.

And while you're handing out the laurels don't forget Coach Homer Norton, who did as fine a job of sideline coaching—without being penalized—as has been exhibited on Southwest gridirons this season.

Also, Tom Daniel, the cripple who wasn't supposed to play, turned in a good game while he was in there, showing surprising control over a broken hand he wasn't even supposed to be able to bend.

Texas Line Stars

Texas line stars were David Green, Sam Callan, Jimmy Plyler, Harlan Wetz, Charley Tatom, and Joe Mitchell, ably supported by the superb secondary play of Jack Halfpenny and Arthur Sweet. This group was mainly responsible for holding A. & M. to a net gain rushing of 68 yards.

The Longhorns' 227 yards on the ground were accounted for by Ralph Ellsworth, Ransom Jackson, Jack Halfpenny and Bobby Layne.

Ellsworth shoved Texas into the lead in the opening quarter by romping 81 yards around the Aggie right end. Hubert Bechtol, Halfpenny and Callan did the blocking, with Lillard Hart of A. & M. getting a crack at him around the 45, but Ellsworth shook him off and raced the rest of the way untouched.

Aggies Tie Score

Johnson entered the game in the second quarter, and went on a 45-yard ramble the first time he got his hands on the ball. The Aggies had the ball on their 45 and seemed to be going nowhere, when sud-

PAPER DRIVE

Paper will be collected . . . this Saturday, December 8, from 8 until 11 a. m. Boy Scout troops 102, 411, and the Cub Scouts will do the collecting.

...L. G. Jones, head of the paper drive for the last four years, states that this will be the last of the drives, and that all College Station is asked to cooperate in making this one the biggest and the best yet as a final tribute to the scouts who have worked so long and willingly in this essential war work.

denly Johnson started out over the right side of the Texas line and zig-zagged his way down to the Longhorn 10.

A roughing penalty against the Steers aided the Aggies no little, putting the ball on the 1, from where Goode picked Hart's fumble and skittered end for A. & M.'s only touchdown.

Ballentine's extra point matched Layne's earlier effort and the score was 7-7.

Passes from Layne to Bechtol and Halfpenny gave the Longhorns a first down on the Aggie 36 soon after the start of the third quarter, but the Longhorn attack stalled and Layne was content to keep the Aggies bottled up for the next ten minutes with coffin-corner punts.

Apparently headed on another drive, the Longhorns lost 28 yards, all the way back to their own 32, on a quick lineup play. Plyler then punted to Smith, who raced through the whole Texas team after taking the ball on his own 26, and was finally downed by Dale Schwartzkopf on the Texas 16. Wetz ruined an intentional fumble play by falling on the ball, to end the threat.

Cadets Take Lead

A. & M. came right back a minute later after Plyler kicked to midfield. A defensive holding penalty gave the Aggies a first down on the Texas 43. A Smith-to-Johnson pass put the ball on the 22, and on fourth down Johnson carried to the Texas 8. An excessive time-out penalty and a stout Longhorn line that didn't yield an inch presented (See FOOTBALL, Page 3)

Enjoyed His Stay At Aggieland . . .

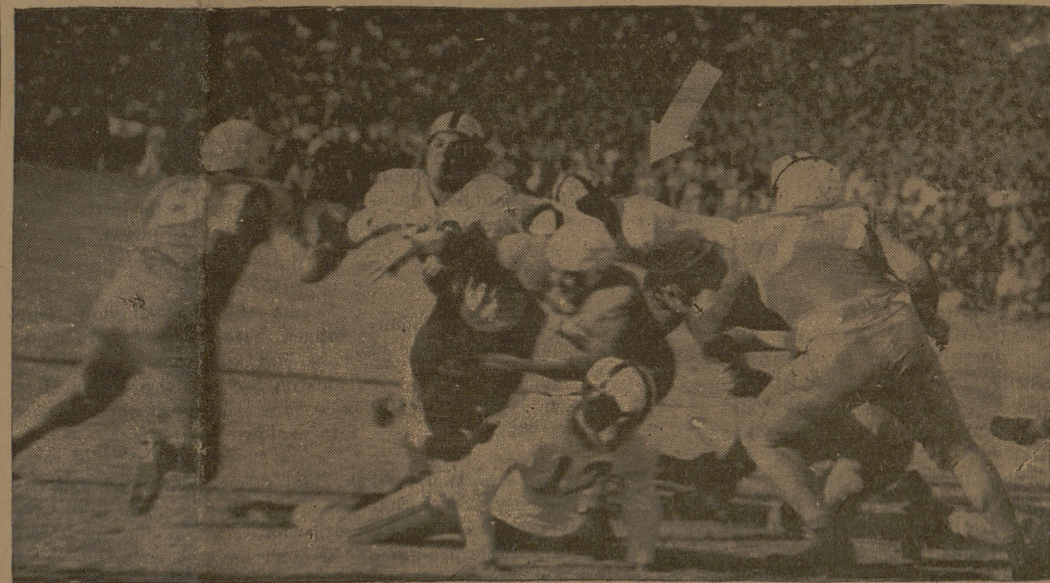

John B. Hughes Gives His "News And Views" In Interesting Talk

By Bill Withers and Sam Nixon

The Corps was privileged to hear the renowned Mr. John B. Hughes last Tuesday night through the channels of the Town Hall program. Mr. Hughes spoke mostly on the possibility of self-government for all of the peoples of Asia. He discussed at some length the situation in China that now exists between the followers of Chiang Kai-Shek and the Chinese Communists to the north. His main point was the example that the United States has made of the Philippine islands. By this, Mr. Hughes stated that he had reference to the fact that the United States had successfully controlled the islands for a period of years, and had also equipped them for full and complete self-government.

All this was in addition to instilling in them a warm friendship and admiration for their former masters, he said, adding that the "education" of Filipinos to the democratic way of life and government had been effected by starting self-government off in the small communities and towns and then working up to the larger bodies of governing agencies, after the natives had learned the fundamentals of Democracy at home. Mr. Hughes

GOODE SCORES FOR AGGIES

This picture shows the start of the run by Rob Goode for the Aggie touchdown in the Thanksgiving Day game. The ball was fumbled by Hart (not shown) and scooped up by Goode, who outran an All-American of last year, Bechtol, around right end for the counter.

Pictured here are Aggies Moncrief, with face up, Engle, on ground, and Goode, arrow. Longhorns shown include Bechtol, 81, and Wetz, 77.

Longhorn Pictures Due December 15

Clubs wanting pictures in the Longhorn must turn applications to the Student Activities Office by Dec. 15. Applications may be obtained from the activities office now.

Applications will include an alphabetized list of the members and a list of the club officers if the club desires a whole page. If a half page is desired, only the list of the club officers will be printed.

A whole page will cost \$25, and a half page will cost \$15. Appointments for the picture will be made by the Longhorn.

A last plea is being made for snapshots of activities and student life. These must be in by Dec. 15. Also a last call is being made for senior favorites and vanity fair pictures.

I.A.S. TO MEET TUESDAY

* All students majoring in Aeronautical Engineering are urged to attend the meeting of the Institute of Aeronautical Sciences to be held in the Petroleum Building next Tuesday evening at 7:30 p. m.

Brazos Aggies Plan "Big Time" Christmas Party for Grid Squad

Arrangements have been made for twelve ticket outlets for the Christmas party of the Brazos County A. & M. Club, honoring the Texas Aggie football squad, which will be held in Sbis Hall the night of Dec. 13, Secretary Fred Cavitt said today.

In Bryan tickets may be secured from Fred Cavitt, Ivan Langford and John M. Lawrence. Ticket sales at College Station are being made by S. A. Lipscomb, Casey & Sparks, George McCulloch, Luke Patranello, Harry Boyer, Fred Hale, J. D. Prewitt, P. C. Colgin and P. L. Downs, Jr.

Price of each ticket is \$1.50. Of this amount, \$1.00 will go to the Subsistence Department for the meal of the ticket holder, while the extra 50 cents will go in the pot toward the meal of a football player. It takes the purchase of two tickets and this extra \$1.00 to pay the way of one of the boys who carried the Aggie colors this season, Cavitt said.

This Christmas party will be "big time", according to W. R. Carmichael, club president. "We were told the club wanted a real party or nothing, and we are going to give

them a real party," Carmichael added.

Main speaker will be Morris Frank, feature writer for the Houston Post, whose talk at the Dean E. J. Kyle banquet last winter long will be remembered by those present. Another specialty will be an act put on by Herman Engel, manager of the Houston Fat Stock Show. Those who have seen the Engel number report it worth going many miles to see and hear. Rounding out the main part of the program will be demonstrations of magic by a young lady from Dallas who is in great demand as an entertainer in North Texas.

Aggie Chem Profs Will Read Papers At Regional Meet

Papers by two Texas A. & M. professors will be included on the program of the American Chemical Society's regional meeting in Austin on December 7 and 8, it was announced yesterday.

Dr. C. M. Lyman, chemist for the swine division of the Agricultural Experiment Station, will report on amino acid requirements of certain lactic acid bacteria and the effect of carbon dioxide, oxygen, and pyridoxime derivatives, and Dr. Fred W. Jensen of the college chemistry department will read a paper on "Analyses in high frequency fields". Other Aggie staff members who will attend the meeting include Dr. M. T. Harrington, Dr. W. M. Potts, and Professor C. W. Bishop.

Plans for the meeting include a banquet at the Austin Hotel on Friday to be followed by smokers presented by Phi Lambda Upsilon and Omega Chi Epsilon, two chemistry societies. On Saturday the Chemistry and Chemical Engineering departments of the University of Texas will hold open house, and a tea is scheduled for Saturday afternoon under the auspices of Iota Sigma Pi.

Geologist to Speak On El Paracutin

Dr. Preston E. Cloud, United States Geological Society, will give a non-technical lecture this Wednesday night at 7:30 p. m., in the main lecture room of the Geology building. Dr. Cloud has been an observer with a scientific party that was making geophysical studies of the new volcano, El Paracutin, in central Mexico. He made many intensive kodachrome movies of the volcano.

Dr. Cloud is a distinguished geologist and speaker, and the program will be well worth anyone's time. Therefore, all geology students, and people interested in geology are urged to attend.

Gilchrist to Talk on A&M's Problems At AAUP Meeting

President Gibb Gilchrist will speak on "Problems of Texas A. & M." when the American Association of University Professors meets on December 6. President Gilchrist will discuss the various phases of student life and faculty supervision. His recommendations in regard to these questions will involve improvements of college life and routine.

The meeting will get under way promptly at 8:00 p. m.

Field Trip Planned To Rio Grande

Seven senior students of the Texas A. & M. College department of horticulture who are taking a special course in citriculture will make their annual week's tour of the Rio Grande Valley December 8-16, it was announced today by Dr. Guy W. Adriance, head of the department, who has been taking his students into the Valley each year since 1922.

The first trip was made in 1922 by a group of 12 students who were accompanied by A. T. Potts and Dr. Adriance. In the period just preceding the war, three different classes made additional trips to the Florida citrus section for the purpose of studying the industry there.

Many students who have made these field laboratory trips in the past have engaged in citrus work in the Valley and have made outstanding contributions in orchard management, nursery work and fruit and vegetable processing. The group will leave here December 9 and spend the night in Kingsville. After a brief visit to the King ranch they will go to Bayview in the lower Valley near Brownsville.

Bayview will be headquarters for a portion of the week, and then the party will spend some time near Elsa and Edcouch at Rio Farms.

At Bayview the group will assist in a cooperative research project on citrus orchard soils and root development. At Rio Farms they plan to study methods of orchard management in a number of outstanding groves. A visit also will be paid to the commercial freezing plant at Brownsville, juice plants at Weslaco and Elsa, fruit and vegetable packing houses, and nurseries. They will spend some time at the Agricultural Experiment Station at Weslaco. A visit also will be made to the guayule plantings and bulb farms in Hidalgo and Willacy counties.

Making the trip with Dr. Adriance. (See FIELD TRIP, Page 4)

New Kennel Club Sponsors Show On Canine Obedience

Dogs trained in obedience work will be demonstrated to the public in the A. & M. animal husbandry pavilion at 2 p. m. Sunday in the first event under sponsorship of the newly organized Brazos Valley Kennel Club, it was announced today by Mrs. D. E. Von Buskirk, executive secretary.

The South Texas Obedience Club of Houston will put on the exhibition for the local group, and the public is invited to attend. Joe Coulson, president, and J. B. Gardner, vice-president, from Houston, will bring the trained dogs of members of the Houston organization.

In order to help the Brazos Valley Kennel Club to organize an obedience class, the Houston people have offered to give the instruction to all interested in training their pets. The training is exactly the same as the preliminary training given War Dogs, it was pointed out, and all training is done through kindness and gentle commands.

All residents of this area are invited to attend, and an opportunity will be given all those interested in joining the Brazos Valley Kennel Club to do so at the A. & M. animal husbandry pavilion Sunday afternoon.
