can get 115 feet flat footed he should get at least 130 feet by putting a little effort in it, and that distance should give him first place in any meet here in the Southwest.

While Zapalac was getting in a few practice throws on his own, Col. Frank Anderson, the Aggie track mentor, who was assisting with a high school track meet on Kyle Field happened to see one of the heavens. You would have thought someone had shot the good Colonel from a cannon as he charged over to where Zapalac was standing. Right then and there business picked up as Col. Anderson went to work with his new find. He completely forgot his high school track meet, and eventually one of the high school coaches had to come over and remind him that there were some more events to be run off.

Colonel Anderson left reluctantly, but not until he had Willie Zapalac's word that he would throw the discuss for the Aggie, come next Saturday.

Starting time for all the events to take place this weekend are as follows: Conference Swim Meet Saturday night at 8 o'clock, baseball games Friday and Saturday at 3 o'clock. The track meet gets under way at 2 o'clock Saturday
