

PENNY'S SERENADE

By W. L. Penberthy

Last fall I officiated in an important Southwest Conference football game that won by a close score.

Penberthy

In performing my pre-game duties, without paying any attention to the teams warming up, I couldn't help but sense that one of the teams seemed a little more alert, a little more ready, and a little sharper. That team won the game.

I always get a big kick out of a fine performance of any kind because I know that someone had to pay the price in planning and hard work to get things ready. Too often we just accept these things without realizing what it took in the way of preparation.

We acquire the habit of being ready by doing, to the best of our ability, each days work as it comes along. In this way we gain self-confidence and the confidence of others with whom we work and associate.

During the past war a great many heroes were made from this recipe. These men had acquired the habit of being ready, and so when an opportunity for heroic action presented itself they just went ahead just like they always had without in many cases knowing they were doing anything unusual. Others are making successes in the business world today because they are ready to take advantage of opportunities.

Recently I talked with an owner of a business who was looking for a man to run that business. He said, "I am not looking for a man who hasn't a job, but one who has a good job and is doing good work in that job." I believe he had something.

Moon Leads Aggie Batters; Baylor Here for Two Games

Hub Moon, Aggie right fielder from Holland, Texas, is leading the list of Cadet sluggers in total number of hits in Southwest Conference games according to a list released yesterday. Moon has hit safely 15 times out of 30 trips for a conference average of .500.

Southpaw Johnny Shuford has a record of two wins and no defeats in the pitching department, while Earl Beesley has pitched 39 2/3 innings with a record of four wins and one loss.

Both games are slated to get under way at 3:30 p. m. The Bruins have hit their stride with four straight conference wins and could take second place in the pennant chase by beating the Aggies twice.

WOMEN'S HATS

(Continued from Page 2)

idea of a "Sky Piece" probably ever styled. It was an artificial nest, on it placidly set, of all things, a stuffed "Bird of Paradise". I was unable to eat a bite while that bird was staring at me with those beaded artificial eyes.

After she had finished (I didn't) I quickly suggested that we go to a theatre. I thought for a while I could relax and forget the entire episode of the hats; but alas, in front of me sat a lady, yes, a lady, with one of those awful umbrella type lids. The thought came to my mind to "Cuss Satan and give up." I did.
