

# Accelerated Plan Becomes History On June 3rd

With the close of the current semester the College will discontinue the accelerated program of offering three regular semesters each calendar year.

Effective June 3, 1946, the College will revert to its pre-war program of offering two six-weeks terms in the summer session and two semesters in the regular session. With the return of this plan the following policy will be in effect:

(1) The summer session 1946 is designed primarily for veterans and priority in registration will be given them.

(2) During the first term, non-veteran students now in College may register in classes which have not been completely filled with veterans. The second term of summer session is planned specifically for ex-service men.

(3) The fall semester will be the regular time for non-veteran high school graduates to enter. Those who can qualify for admission should enter on September 2, the opening date of the first semester of the 1946-47 session. Facilities of the College will not permit accepting them until that time.

# Navy-Marine Flyers Elect Bill Bender Temporary Skipper

Bill Bender, former Marine captain and pilot, was named Wednesday night as chairman of a steering committee to organize a new campus club, the Navy and Marine Airmen's Club. Also named on the committee were John Swank, Jim Walker, and C. C. Nathan, representing former navy pilots; F. T. Williams and T. L. "Lake" Erwin for the Marines.

The new club will be a social organization, and its meetings from time to time will give the members a chance to break out their salty lingo, which tends to get barnacle-bottomed in this Army stronghold. Although not officially connected with the Navy command, the group will serve as a clearing house for information concerning the Organized and Volunteer Naval Reserve.

Commander Holton and Lt. Col. Keene from Dallas Naval Air Station explained to the group the facts about the Reserve aviation squadrons which will begin operations in Dallas, July 1.

About fifty pilots were present at the meeting, plus a group of former enlisted men who had been combat aircrewmembers or members of ground crews. The club is open to all who served in any branch of Naval or Marine aviation.
