

Intramural Track Meet Slated For Saturday and Sunday

By Bill Rippetoe
The Intramural Track meet will get underway at Kyle Field Saturday afternoon at one o'clock. The preliminaries for the 440 relay, 440 dash, 120 hurdles, and the 880 relay will start at 1:00 p. m. with the Class B field events running at the same time.

C. G. (Spike) White, who is in charge of the meet, has announced that entries may enter both the field and running events, but in case a contestant is entered in a running event and either the pole vault or the high jump, he must keep up with the progress of the bar in order to remain in this event.

Finals on all running events and the Class A field events will be held starting Sunday at 2:00 p. m.

Softball

The softball games Monday and Tuesday were plenty wild as E Infantry won over C Infantry 25-7, F Infantry beat B Cavalry 22-4, D Battery blanked B Battery 14-0, and H Infantry beat G Infantry 12-5 in the class A games. The other games were a little closer as D Cavalry won over H Infantry 13-9, and B Infantry beat H Infantry 6-5.

Volleyball

C Battery won a close one from B Infantry Monday evening despite the fine playing of Ham Weber and Lipsey. Schmidt and Leberman stood out for C Battery. In

the other games D Troop bested C Infantry, while Dorm No. 15 and the Band won over G Infantry and A Battery.

Tennis

There were a total of six tennis matches played with B Battery, D Cavalry, F. Infantry, B Cavalry, D Battery, and the Band winning over C Battery, C Troop, A Battery, E Infantry, A Battery and A Infantry respectively.

Married Veterans

In the married veterans tennis tournament being sponsored by the Intramural department, Herndon, Sharp, Benavides, and Gilbert all advanced to the quarter-finals, winning over Burnham, Sharp, and Smith. Gilbert drew a bye. Mr. and Mrs. Carrol W. Copper defeated Mr. and Mrs. Jeff Davis in the only mixed doubles contest.

DeWare to Coach B Football Team

With B football teams sanctioned for the 1946 season, Homer Norton, head coach and director of intercollegiate athletics at Texas A. & M. College, announced Monday that Charlie DeWare has been appointed head coach for the B squad but that his staff of assistants, to be drawn from the current staff, will not be selected until later in the year.

"We expect that some of our former players whose eligibility has run out will be back in school in September and we probably can employ them on a part-time basis to help DeWare with his team," Norton explained.

DeWare is back at Texas A. & M. after more than three years service with the 25th Division in the Pacific Theater. His organization battled from the South Pacific Islands through the Philippines and on to Tokyo. He was discharged as a first lieutenant in the Infantry.

Prior to the war he served as head freshman coach at Texas A. & M. where he graduated in 1937 after earning his letter three years as a center. He was All-Southwest Conference center in 1936 and co-captain that same year.

The American Bankers Association Foundation for Education in Economics has allocated to this Institution one loan scholarship of \$250.00, available to seniors majoring in economics, agricultural economics, or accounting. Applicants should call at my office for further information concerning the terms of the grant. T. D. Brooks, Dean School of Arts & Sciences

SPORTS

High School Swim Meet to Be Held Here Saturday

Texas high school swimmers will vie for the 1946 state titles and school championships in the P. L. Downs Jr. Natatorium here Saturday evening, May 18, with approximately a dozen teams entered from six Texas cities.

Highland Park, Dallas, is the defending champion team but in past years has met with strong opposition from San Antonio, Austin and Houston schools. Art Adamson, Texas Aggie swimming coach and director of the state meet, says that he looks for close competition again this year.

Several top flight national swimmers have emerged from Texas high school meets and the Southwest Conference teams all have past high school stars as their mainstays.

Events will include the 50-yard 100-yard and 220-yard freestyle; 100-yard breast stroke; 180-yard medley relay; 160-yard freestyle relay; and low board diving, or eight events in all.

Van Adamson, son of the Aggie coach, will swim for A. & M. Consolidated High School in defense of his 220-yard title. All coaches have this lad tagged as a future national swimmer but at present he is being brought along gradually by his father-coach. His time compares favorably with Southwest Conference times for the 220-yard and 440-yard freestyle.

The higher one's original intellectual equipment, and the more continuously it is exercised, the less marked will be its decline as a person ages.

Two men were hospitalized in Syracuse, N. Y., recently, while attending a nylon sale. Mere men should know by now that it's a woman's world.

The 1946 swim suits certainly reflect the material shortage. You'll see less suit and more gal at the beach. As some wag said, "The girls are bare-ing up beautifully."

Grad Students Eat Chicken Barbecue At Final Fete

To climax a most enjoyable as well as educational semester, the Graduate Club was entertained with a chicken barbecue in the home of Dr. and Mrs. Charles LaMotte Saturday evening. Roscoe Dooley was in charge of the affair and was assisted by D. C. Marsh, Bessie L. Cavin, Norma Henley, Nadine Steele, and P. C. Spenny. Mr. Potts did the barbecuing and around sixty attended. Baseball and an outdoor movie furnished diversion for the evening.

When the group met in regular session Thursday evening in the Y.M.C.A. building, the group voted to continue during the summer months and the next meeting will be held June 13th. A motion picture, "School of the Ozarks", was shown by Dr. LaMotte. Refreshments were served with Mrs. D. C. Marsh and Mrs. H. K. Henley as hostesses.

Pres. Gilchrist Speaks in Denton

President Gibb Gilchrist of Texas A&M College will be the principal speaker at the first post-war Field Day to be held at the substation of the Texas Agricultural Experiment Station near Denton, it was announced today by Supt. P. B. Dunkle.

The forenoon Thursday will be devoted to conducting farmer groups over the experimental area to study and discuss results of the more important small grain experiments conducted on the Denton station. These will include many phases of small grain production, the development and use of soil-building legumes, commercial fertilizers for the blacklands, grasses, and the like. After lunch, representatives of Texas A. & M. College Research and Extension branches will bring visitors up-to-date on recent developments in agriculture.

Pre-Meds Hear Dr. Grant Speak Tues.

Holding its last meeting of the current semester, the Texas A. & M. Pre-Med Society heard Dr. Richard T. Grant, '25, deliver an address on "The Advances of Medicine in Wartime". Dr. Grant stated that a sad, but true, situation existed in that discoveries and perfection were always speeded up in time of war. Citing examples of antiseptics in the Franco-Prussian war, and the new fields of antibiotics in the last war, Dr. Grant gave several interesting sidelights on the new drugs penicillin and streptomycin and the men who perfected them. Dr. Grant, who is from Bryan, answered many questions of the embryo physicians after his main speech.

Other business of the club included the reading of a letter from Alpha Epsilon Delta, honorary pre-med society of the university of Texas, inviting members of the Aggie society to attend their annual statewide banquet in Austin on June 1. An interesting program has been planned, including a demonstration of the electron microscope. Plans for a final social were also discussed.
