

Will You Give? - - -

The Y.M.C.A. Drive for contributions to the World Student Service Fund is underway, and it is hoped that each student and student wife will realize that he or she is part of the great work which must be done. Although we may think that the U. S. was not the cause for the destruction and devastation which now exists in the world, if we intend to maintain our status as the leading nation of the world, it is imperative that we become messengers of peace and good will. We must heed the crisis of fellow students in Europe, Asia, and the Pacific for food, clothing, shelter, and a few books and pencils.

It is our responsibility, students of Texas A&M College, to see that these students of the world who are seeking knowledge are supplied with the proper instruction, in order to prevent further chaos.

No doubt, the majority of us are not able to give abundantly to this cause, but we are able to give and we can give and give cheerfully. You may think that your contribution is too small to be of any benefit. However, we realize that one person or one nation could not have won the war against the totalitarian might, and the same applies in this case. It is not intended that the monied class furnish the relief to foreign students, but a brotherhood composed of all students who wish to be a part of this reconstruction era. Take this for example: If every student here at school gives 25¢, we will go over our quota. Yes, it is so little, but combined with other donations, we can do a great job. Will you give?

LETTERS TO THE EDITOR

CHANGE SUGGESTED IN DATES FOR BALL, REVIEW

Editor of The Battalion
College Station, Texas

Dear Sir:

In the May 15th issue, regarding the dates of the Final Ball and Final Review, it should be brought to the attention of those who set the dates for such affairs that, in the past, the Final Ball has always been on Friday night following the graduation program and the Final Review has always been on the following Saturday morning.

Because of this, many students

have made reservations for rooms for their guests accordingly. At this late date it would be almost impossible to secure reservations for the new dates or to change those that have been made for the old dates.

To have the Final Ball on a Thursday night would be a great mistake due to the fact that many of the girls that want to come to A. & M. for the affair could not because of their college activities.

A change in the dates would be a benefit to all concerned.

Very truly yours,
MARVIN G. SMITH '46
LEWIS E. HILTPOLD '44
JAMES L. MARTYN '46

Tea and Crumpets Are Served Daily In T. u. Library

They even come right out and admit it! In the Daily Texan of May 17, there appears a short item on the tea and crumpets (what the heck are they?) that are served in the Rare Books Section of the T. u. library daily at eleven each morning and again at four each afternoon. When special guests are visiting the collection, the library's silver tea service is used.

"While most students may prefer to dash over to the Drag for a coke or a cup of coffee, in this lavish depository of ancient documents 'tea and crumpets' seem entirely proper."

With lemon or cream? One lump or two?

Local C. of C. Votes For New Joint Name

The names of two growing communities, both motivated by the same ideals, have been welded into the new name adopted for the local chamber of commerce group. Of the 73 votes cast in the election, 39 favored the new name while 9 were cast for the name of "Brazos County Chamber of Commerce" and 9 votes were cast for the present name.
