

# Kyle Says SWC Champs Will Be Tops in Nation

E. J. Kyle, former Dean of Agriculture and now Ambassador to Guatemala, told Houston sports writers this week that the team that wins this year's Southwest conference title is bound to be recognized as the national champion. He thinks the conference is now stronger than ever before in

couple of games and still remain champion.

When asked to list his greatest sport thrill he told of the Aggie victory over the "Tea Hounds" in 1915, the score being 13-0, and the Sugar bowl victory over Tulane in 1940. He told of the touchdown run of John Kimbrough, that tied the score with Tulane and then the well needed extra point.

Capt. Joe Rount, All-American guard of the Aggies, who was killed in action against the Germans was the greatest gridiron competitor he ever saw, Dean Kyle said.

Ambassador Kyle

## New Intramural Program to Be Launched Today

The intramural team captains will meet with Spike White of the Phys. Ed. Department at 6:00 p.m. Thursday in the YMCA Chapel to formulate new plans and to take entries for the new intramural seasons.

Each dorm will be represented by softball and volley ball teams. There will be turnoffs in round about to open tournaments in tennis and golf.

Last season was one of the best intramural seasons on the campus in as much as more competition and more interest was shown in all sports.

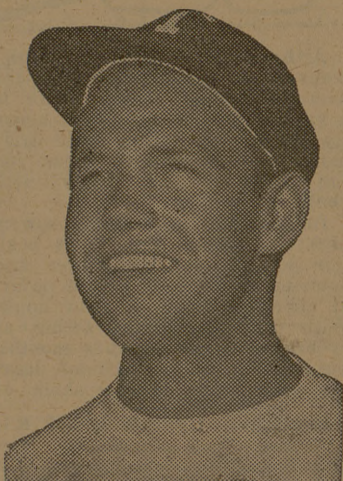

its history and that the teams are very evenly matched. The conference champion might even lose a

by U. V. JOHNSTON  
Charlie De Ware, who was recently given the reins of the "B" football team, is another Aggie football player of years gone by. De Ware, class of '37, played ball for the Aggies from '33 until his graduation in '37, and became one of the few men to get three varsity letters here. He was co-captain of the team, along with Lester Cummings, in '36, and was also a member of the All-Southwest Conference team that year.

After his graduation in '37 he took over one of the assistant coaching positions in both football and baseball. In '39 he was coach of the freshman baseball, and also worked with the centers of the varsity football team. Before coming to A. & M. Charlie played football for his home town, Brenham, Texas, and also for Allen Military Academy. While at Allen Academy he played under T. F. (Puny) Wilson, an Aggie-ex who is now on the coaching staff at Rice.

Coach C. A. (Charlie) DeWare

in fact many that could make the varsity in easier years, so the games will be almost the same calibre that will be played by their big brothers, the varsity.

The only limit Coach De Ware is placing on the number of men to try out for his team is the number of uniforms available. This means there will be plenty of applications and that the competition will be stiff.

### Political Football

Jake Hamblen of Houston, prominent Texas Aggie Alumnus, said Monday:

"I read a lot of talk by candidates for governor about the University of Texas and a 'political football'."

"If that's the same football the Longhorns have been using to play the Texas Aggies the last six years, I heartily agree there ought to be a law doing away with that 'political football'."

—Houston Post

This year will be the first for the "B" football squad under a real schedule and a full time coach. Charlie has put in many hours of hard labor trying to get his schedule arranged, and has just gotten it finished. There are still two open dates that may be filled at later dates, but at present there are six games on the schedule. The opening game will be with the Banana River, Florida Naval Air Station eleven, who will fly here from Banana River to play the first game October 4.

The "B" team will operate under the same rules and regulations that the varsity does, and the same men will be eligible. This team will serve the same purpose that the freshman squad did before the war. It will give the men a little more experience, and serve as a stepping stone to the varsity team. There will be many good players on this team—

## Plans Made for Second Half of Intramural Summer Competition

The first half of the 1946 summer intramural program has come to an end and the second half is ready to get underway. The cooperation of the athletic officers and house managers and the spirit and enthusiasm of the members of the various teams has made the past program one of the best.

The final matches in the tennis and golf open tournaments took the spotlight this past week with keen competition and hard-battled matches throughout the tournament.

Tennis Open Tournament  
James C. Wallis of Rockdale, Texas, was crowned singles champion in the first tennis tournament of the summer program. Wallis defeated Sharp in the semi-finals

8-6, 6-0 and in the final match he took two fast sets from Edgar 6-4, 6-3.

In the doubles tournament De-gar and Page were victorious by defeating Sharp and Smith for the championship.

Golf Open Tournament  
The golf tournament ended in Thomas was the winner by defeating Bolton in the semi-finals and beating Brock in the final match for the championship.

The second half of the summer program will open with a meeting of all Athletic Officers in the Y. M. C. A. Chapel at 6 o'clock Thursday evening, July 18.

At this time the intramural managers would like to thank all of the players for their cooperation in getting the games started on time and for the help of each in making the sports program an enjoyable working period.

A hail of golf balls and close matches all the way through.

### Poultry Specialists Attend St. Louis Meet

Three poultry specialists of the A. and M. College Extension Service will attend a series of national and international poultry meetings in St. Louis, Missouri, July 20-29, Director Ide P. Trotter has announced. The group includes Dr. E. A. Grist, poultry veterinarian; F. Z. Beanblossom, poultry marketing specialist; and S. A. Moore, poultry husbandman.

Six different conferences will cover the field of poultry investigations and teaching methods and various problems and new developments in the poultry industry.

Learn to use the card catalogue in the college library.

### Smokey Says:

The glow or smoke of forest fires is not a good advertisement for your county or State. It stamps your locality as behind-the-times in conserving the wealth of your woodlands.

## Duffers to Have An Equal Chnce In Golf Tourney

Entries for the golf tournaments will be taken until July 27 at the Physical Education Department. These entries must be accompanied by a qualifying score and contestant's address. This score will determine the flight each contestant will be in so that everyone will be placed in a flight that approximates his class. This will prevent a man from playing someone who is completely too good or too bad to make for good competition.

Play will start next week with one week being allowed for each match. If they are not played in this time a forfeit will be charged against the disinterested party.

Each contestant will be notified by the Intramural Department of his pairing and they will also be posted at the Bryan Country Club and at the Intramural Office. That Department will award Intramural Medals for the winners of each flight so it is to the best interest of each individual to see that he arranges his match and that he is present on the day set for his match.

## Register Now for Tennis Tournament

Registration will start for the tennis matches Friday morning in order that there will be enough time to get all names in so that the schedule can be arranged to start play next week. The schedule was a little tight last semester and there was not enough time to get the schedule arranged and the matches played before the end of the term.

This semester's tennis tournament promises to be an even better one than for the preceding term. The last term's tournament was run on the regular basis with a man dropped out of the running if he lost one game. This time it will be better all around in that a man will have to lose two games before he is completely out. This system will give everyone a better chance—a man will not be out just because he has a bad day.

Tournaments will be played in men's singles, men's doubles, and if the entries justify it, matches in women's singles, women's doubles, and mixed doubles. If last semester's interest is any indication there will be more than enough contestants to justify all of these tournaments, and some of them may have to be run off in flights.

## William W. Caudill Appointed to State Standards Committee

The Department of Architecture announced that William W. Caudill, associate professor, has recently been appointed as a consultant to the very active School Building Standards Committee of the Texas Society of Architects. This committee has been formed for the purpose of preparing a school building code for the State of Texas. Mr. Caudill has obtained international recognition through his research in school planning. He directed the cooperative research program on school design for the Department of Architecture and the Engineering Experiment Station. The results of this work were favorably approved and commended by the American Institute of Architects and the Royal Institute of British Architects. His appointment was made on the basis of this past performance.

Directly connected with his school planning consultation work will be Mr. Caudill's participation in the committee's meeting in Austin going on at this time. He also will participate in the much publicized School Plant Conference in the same city. He has been listed on the program with nationally famous architects such as Richard Neutra of Los Angeles and Alden B. Dow of Midland, Michigan. Mr. Caudill, in addition to his teaching and research work, is the Consultant for the firm of Caudill and Rowlett, Architects in Austin.

The Reference room of the A. & M. Library is on the second floor of the library building, and includes encyclopedias, dictionaries, who's who, indexes and vocational material.

## Batters Have Field Day In City All-Star Tilt

The all-star game for the first half of the College Station softball league was played last Thursday afternoon on the Drill Field diamond. W. R. Horsley managed the winning team taking the ball game by a score of 17 to 13 from the team managed by C. O. Spriggs. The winning pitcher was Rogers, allowing the losing team to hit 14 times for their 13 runs. The losing pitcher was Barlow who allowed the winning team to hit 15 times.

There were four home-runs hit during the game: Prewitt in the 2nd inning, Wilkins in the 7th inning, and Jay in the 8th inning, all for the losing team; Winder slugged the only home-run for the winning team in the 5th inning.

The only two double plays in the game went to the credit of the losing team; one in the first inning from Karow to Wilkins.
