

'46 Football Tickets Go On Sale September First

Plans for the distribution of 1946 Texas Aggie football tickets have been announced by P. L. (Pink) Downs, Jr., business manager of athletics, and they are as follows:

1. Applications will be mailed to approximately 16,000 former students this week and will be filled in order of receipt on Sept. 1 when tickets will be mailed.
2. Application notices for annual coupon books will be mailed to the faculty this week and will be filled upon receipt.
3. Applications from the general public will be received on and after Sept. 1 and will be filled immediately in order of receipt. All orders received prior to Sept. 1 will be returned unfilled.

Since it appears there will be an unprecedented demand for tickets for the Texas University-Texas A. & M. College game this year, a limit of four tickets to any one person has been set by both schools for that game. No limit has been set for any Aggie games to be played here on Kyle Field.

5. All applications must be accompanied by a money order or certified check made payable to the Athletic Department, Texas A. & M. College. Price for all conference games and the Texas-Tech game at San Antonio will be \$3.00, tax included. Tickets for the Oklahoma game at Norman are \$2.75, tax included; and for the L. S. U. game at Baton Rouge, the price is \$3.60, tax included. Each ticket order should include an additional 10 cents to cover

mailing insurance. To forestall some of the many questions which will be asked by students about football tickets P. L. (Pink) Downs, Jr., Aggie business manager of Athletics, made the following announcement Wednesday.

The regular annual student coupon books will not be ready for release until registration day next September and details for distribution will be announced before that time.

As is customary these books will be good for all home athletic events and also will contain special coupons entitling the holder to purchase student tickets for the out-of-town tickets will be sold during the week before the game.

Downs has prepared a wallet size schedule card this season which shows the scarcity of "seats on the fifty." His outline of the Kyle Field Stadium reveals that the visiting teams followers and students are entitled to all seats south of the fifty-yard line on both sides of the field. This is a conference proviso and the Aggies get the same benefits when they go on the road.

There are 32,306 seats in Kyle Field Stadium. The visiting teams student body gets 6,322 seats. The Texas Aggie student body gets 6,335 and the Knot Hole Gang of school kids gets the next 652 up to the end zone. On the side opposite from the student bodies, the visiting team alumni gets 6,247 seats.

Battalion Sports

Pirates Lose First Game to Indians

by "RED" BENNETT
The second half of the College Station softball league got under way last Wednesday afternoon, July 17, on the College Park diamond when the Indians voted the Pirates by a score of 15 to 10. Terry, pitching for the winning team allowed the Pirates to hit 11 times for their 10 runs. Karow pitched for the losing team, and allowed the Indians to hit 12 times. There was one double play; Bucek to Wilkins in the 3rd inning for the Indians. There were 5 three-base hits in the game: Gray Vincent, and Salis slugging one each for the Indians and White and Smith, M. hit one each for the Pirates.

In a game last Friday afternoon on the College Hills diamond the Cubs won over the Yankees with an overwhelming score of 20 to 4. Terrell pitched for the winning team allowing the Yankees to hit 3 times. Jay, pitching for the losing team, allowed the Cubs 26 hits. The Cubs got 2 double plays: Mead to Kelley in the 2nd inning and Kelley to Horsley in the 6th inning. Haines and Terrell slugged a three-bagger each for the Cubs and Manning hit one for the Yankees.

Last Monday afternoon on the College Park diamond, Riddle pitched a winning game for the Tigers, allowing the Giants to hit 8 times for their 4 runs. Rogers, pitching for the Giants, allowed the Tigers to hit 6 times for their 5 runs. Riddle slugged 2 home runs for the Tigers, one in the 2nd inning and one in the 4th. Russell hit one home run for the Giants in the 7th inning. There were four double plays in the game: Riddle to Elms to Perryman in the 5th inning and Eckles to Perryman in the 6th inning for the Tigers; and Rogers to Spriggs in the 1st inning and Bunting to Spriggs in the 2nd inning for the Giants.

THE AGE OF MIRACLES
Grady Elms got his third hit of the season Monday as the Tigers nosed out the Giants. His third hit was a single in the last half of the seventh, and drove in both the tying and winning run. Maybe Elms has come out of his slump. Here's hoping anyway.

All-Conference 3rd Baseman Comes Home

Leslie Peden of Azle, Texas, visited the campus Tuesday to make arrangements for enrolling next fall. He expects to graduate at the end of the fall semester.

While at A. & M. Peden lettered in Baseball in 1941, 1942, and in 1943, and in Basketball in 1942 and 1943. He was all conference third baseman on the Aggie 1942 Championship Baseball team and was Co-Captain of the Aggie Co-Championship Baseball team in 1943.

Leaving A. & M. in May 1943 Peden went to Officers Candidate School at Ft. Benning, Ga., and received his commission as a 2nd Lt. in the Infantry. Upon receiving his commission he was stationed at Ft. Benning, Ga. for some time before going overseas. He served with the 3rd Infantry Regiment in the E. T. O., receiving several decorations.

Ace Passer Will Be Here for '46 Football Season

Edward Sturcken, former lineman for the Aggies, has returned to Aggieland to resume his education and football playing. Sturcken came to A & M first in 1942 from John Tarleton College and lettered that year as a lineman. Sturcken is in reality a fullback and only played on the line because the Aggies needed him there. This will give the fans some idea as to the kind of person he is. Although he was a back, and a very good one, the Aggies needed him on the line so he was more than willing to fill in one of the very big gaps.

Ed Sturcken

There is every indication that he will not be found in the line this year, as we have more material than in '42 so he can be spared for his regular position, fullback. Sturcken is one of the finest passers ever to come to A&M, as he can stand on one goal line and pass to the other. This will help the Aggies in their style of play for next year, as there will be enough passes to suit even the most air minded in our midst. Marty Karow, developer of Kimbrough and other great Aggie backs, says that Sturcken is potentially one of the greatest backs ever to enter this school.

Since '42 Strucken has been in the infantry and served in the ETO, and is now ready to don the old Aggie football uniform and get in some action of another kind.

Kyle Field Loses Green Picket Fence

The old green picket fence around Kyle Field has been torn down and is now being replaced by a new eight foot "cyclone fence."

Construction of the new fence is already underway and is expected to be completed on or about August 25, according to P. T. Downs, Jr., business manager of athletics.

7, 3, Puryear Win In 'Mural Softball

The second half of the summer intramural program went into full swing this week with softball getting off to a fast start. Games were played in both the New Area and Old Area Leagues and from looking over the teams this second half of play will have plenty of thrills, good plays, and the ever present "boner plays" will also be there to give plenty of laughs.

Two games were played in the New Area League and both games were nip and tuck all the way through with the final innings deciding the winners.

Dorm No. 7 outlasted Dorm No. 9 to the score of 8 to 6. McGowan was the winning pitcher and Gilber, who pitched a nice game for No. 9, was the losing pitcher.

Dorm No. 3 stopped Dorm No. 1 to the tune of 8 to 5. Third baseman Shoop for the winners helped in the scoring by hitting a long home run. Crouch was the winning pitcher.

In the Old Area League one game was played. Bizzell, runners up for the first half championship and not used to being beat, got a taste of the short end when Puryear outslugged them 15 to 7. Puryear started out with a 5 run lead in the first inning and never gave up or even gave Bizzell a chance to catch up. High, centerfielder for the losers, hit pitcher Crews "nothing ball" for a clear 255 feet which was the longest hit ball of the season.

Golf Match Entries Due This Saturday

Entries for the singles and doubles match play golf tournament should be turned in by Saturday, July 27, with actual play starting the following week. Entries should be turned in either to the athletic officer in your particular dormitory or by phone to the intramural office, 4-6954, giving name, address, and qualifying score.

The tournament, held at the Bryan Country Club, will be played in eight flights, with golfers of approximately equal qualifying scores matched against each other. There will be an intramural medal awarded the winner of each flight. A week will be allowed for each round of play.

Tennis Tourney Deadline Saturday

According to Spike White, entries for the singles and doubles tennis tournament must be turned in by Saturday, July 27. Tournament play is to start the following week. All entries should be turned in to the athletic officer of your dormitory or by phoning the intramural office, 46954, giving name and address.

Aggie "B" Squad Schedules 8 '46 Games; Opener is Against Banana River NAS

Date	Opponent	Place
Oct. 4	Banana River Naval Air Station	College Station
Oct. 11	Randolph Field	College Station
Oct. 18	Texas Christian University "B"	College Station
Oct. 25	Baylor University "B"	College Station
Nov. 1	Baylor University "B"	Waco
Nov. 8	Southern Methodist Univ. "B"	Dallas
Nov. 15	Rice Institute "B" (tentative)	To be decided
Nov. 23	Texas University "B"	Austin

In scheduling his 1946 "B" team, Charlie DeWare has taken a man sized bite for his "Young Varsity." He has a total of eight games scheduled with one of them still tentative. Rice has not decided whether or not the Owls will carry two teams as yet so the eighth game on the schedule depends entirely upon their decision.

Patranella Fund Now \$2,636.00

The Patranella Memorial fund now consists of \$2636.95. As yet no definite plans have been made as to just what this money will be spent for except that it will be spent for recreational facilities at the Consolidated School.

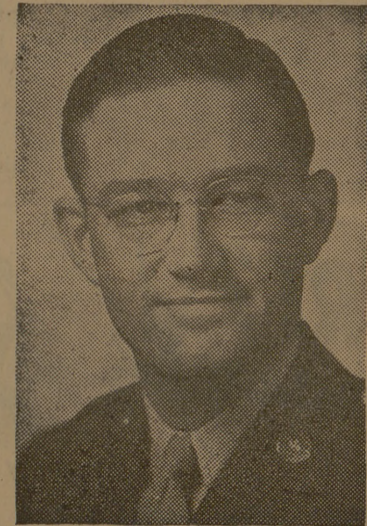

There will be a meeting in the near future of the Patranella Memorial Fund Committee at which representatives from other interested groups around College Station will be asked to sit in to determine just how and when the money will be spent.

W. L. Penberthy, chairman of the Memorial Fund Committee said, "The response for this fund has been grand and the money is still coming in."

Fairer Sex Invades Architect Dept.

Past week the usual T-shirt and khaki of the Architecture Lecture Room was replaced by Evening in Paris and Chanel No. 5. Professor C. J. Finney has just completed two days as instructor to a group of women—County Home Demonstration Agents here for an extension course.

--- VOTE FOR --- DAVIS GRANT

38 months as enlisted man, serving in U. S. and overseas. (Only veteran running for this office). (Paid Political Adv.)

YEA AGGIES—You Will Want to VOTE for

OLIN E. "Tiger" TEAGUE

OF BRAZOS COUNTY FOR

CONGRESS

(Representative from Sixth Congressional District)

The Tiger worked his way through Texas A. & M. College. He stayed on after graduation and became a highly-respected booster for this community.

When called to military duty he responded and his war record speaks for itself.

Tiger Teague's commanding general introduced him as a "battalion commander who never failed to take his objective."

Tiger Teague's men wrote the citations which won for him his decorations for valor.

Tiger Teague's friends at Texas A. & M. should write the citation which sends him to Congress.

Olin E. Teague helped his country valiantly in time of need during war. Now in peacetime crisis he wants your help so that he may again serve the nation he has aided in war.

He will help labor and management and capital meet on amicable ground for industrial and economical peace.

He will see that no government bureau tells you who your family doctor is to be, who will preside at the birth of your children, or who will administer to your child's ills.

He will help the farmers get better pay for their labors, better schools and hospitals for their children and wives, better farm machinery. He is a staunch soil conservation advocate.

He will fight all racketeers, whether in the ranks of labor, government or capital.

He will fight those forces who would change our form of government and change our way of life.

He believes a higher standard of living is for those who work for it and earn it. He does not believe that higher standards can be legislated or created through a so-called "controlled economy."
