Officer Vacancies Announced by War Department

The War Department has announced that there are at present 7,589 vacancies for officers who are on terminal leave or on inactive duty and are members of the National Guard or Officers Reserve Corps.

Any officer desiring to make application must meet the prescribed physical standards and must have an efficiency index of 40 or above in the case of field officers and an index of 35 or above in the case of company grade officers.

Openings are available in the Civil Affairs Division, Intelligence Division, Foreign Liquidation Commission, Finance Department, Engineers, Quartermaster, Signal Corps, Transportation Corps, Ordnance Department, Chaplains Corps, Chemical Warfare Service, Medical Administrative Corps, Adjutant Department, Counter Intelligence Corps, Medical and Dental Corps, Judge Advocate General's Department, Corps of Military Police, Hospital Dieticians and Sanitary Corps.

The Army will take into consideration the desire of the applicant as to branch of service, choice of theater, and length of service. Service may be for an unlimited length of time or for 12, 18 or 24 months.

Officers wishing to take advantage of this must apply in writing to the Adjutant General, War Department, Washington 25, D. C. Application blanks may be obtained at any Army installation, Army Recruiting station or Officers Reserve Corps headquarters.

LAREDO CLUB WILL MEET TOMORROW

The Laredo A. & M. Club will hold an important meeting Friday, August 2, in Room 227 of the Academic Building at 7 p.m. Plans will be discussed at that time for a dance to be held during the coming holidays.

Yes, It Really Was 103 Degree in Shade This Year

Aggies here at College Station may be relieved to know that one of the hottest months of the year has passed. According to weather data from the office of J. E. Roberts who is Superintendent of the Main Station Farm, July and August are the hottest months of the year with July a little in the lead.

King Rancher Will Talk to Game Club

V. W. Lehman, Wildlife manager for the King Ranch, Kingsville, Texas, will speak at the Fish and Game Club Meeting Monday night, August 5. The meeting will be held in room 309 of the A & I Building at 7:30 p. m. Mr. Lehman will speak on "Wildlife Management on the King Ranch."

BIOLOGY (Continued from Page 1)

the scarcity of teachers with ability, has placed a premium upon high school teachers of scientific subjects.

Scientific forestry, pointing the way to better and more abundant houses for the homeless, also offers many jobs to well-trained biologists.

The reasons for the increased demand in branches of Biological Science may be enumerated as follows:

- 1. The government has increased its demand for research scientists.
2. There has been an increase in demand in industries, such as, Pickle Factories, Leather Tanners, Fruit Companies in preventing disease of fruits, and numerous other industries.
3. The war itself has put new emphasis on all phases of Science and the great need for further development.

"Such discoveries as, Penicillin, D.D.T., and a host of others which are used as health giving, health restoring, and health protection substances are merely the foundations for a superstructure to be built around them", Dr. Doak said.

BATT POLL (Continued from Page 1)

even if contributions had to be asked from the students in order to commence such a project. Another called for a larger gym. Student Government
There were many suggestions that student government be restored in the true sense of the word. Many felt that the discipline of the corps should be returned to the Commandant and that the Dean of Men's office be either done away with or re-organized.

Other Recommendations
Other recommendations included making the college co-educational; the appointment of a new president; improvement of the mess hall, returning the family style system of eating; better relations between the students and the top administrative heads through frequent assembly meetings; elimination of final examinations; classes in current events; more lecturers of national fame; bring back the board to under classmen; and bring back the Aggie Spirit.

PREFABS and LOTS

18x24 — 20x24 — 24x30 — 30x30
A house you will be proud to call home. Conventional hiproof, 105 siding, floors of 1x4 kiln dried center mat resting on 2x6 stringers and 4x6 sills. Windows are 12 light 10x12 panes in B and B frames. Doors are 2 ft 8 in., 6 ft. 8 in., half pane in B and B frames. Hurry and see BILL DOMINEY on the corner of Luther and Fairview in West Park for your house and lot.

Suntime Changes WTAW Broadcasting

WTAW will begin signing off at 7 p. m. August 1st. This change in time is due to the fact that WTAW is a daylight station and is regulated by the Suntime Schedule.

The Suntime Schedule requires that all daylight stations must increase their time by thirty minutes each month until 7:30 p. m. is reached and then reduce their time by thirty minutes each month until 5:30 is reached. The time staying the same for two months at each the 7:30 and 5:30 period.

R. E. Patterson Back; Will Teach Genetics

Dr. R. E. Patterson has returned to the faculty of Texas A&M College after four years of absence. Dr. Patterson, associate professor of genetics, will devote one-half his time to teaching and one-half to research in the field of animal husbandry with the Experiment Station. At present he is conducting experiments in the comparative efficiency of one versus three day weights in beef cattle.

A graduate of L.S.U., Patterson received his Master's Degree from Texas A&M in 1936. He spent one year studying at the University of Virginia and then returned to A&M where he completed the requirements for his Ph.D. degree in 1942. From 1939 until 1942 he served as assistant professor of Genetics. In the spring of '42 Dr. Patterson was called to the Biology Department where he taught animal biology and general zoology.

During the war Dr. Patterson was engaged in the Government training program for pre-flight Air Corps students.

Extension Editor At Flying Farmers Meet

Extension Editor Louis J. Franke will attend the National Flying Farmers Convention August 1-2 at Oklahoma A. and M. College, Stillwater, Oklahoma, according to an announcement by Director Ide P. Trotter.

While in Stillwater Mr. Franke also will study the methods and system in effect at the Oklahoma A. and M. Extension Service Editorial Department.

Dan Davis Returns From Chicago Class

Dan Davis, assistant professor in the Rural Sociology Department, has recently returned from six weeks at the University of Chicago where he took courses toward his doctor's degree. He took courses in Rural Sociology, Anthropology, and Social and Economic Trends under such well-known teachers as Prof. Floyd Reeves, who was head of the War Man-Power Commission and a member of the Farm Foundation; Newton Edwards, a noted populationist; and Allison Davis, an expert on cultural anthropology.

While at the University Mr. Davis saw "Woody" Varner, who was an assistant to the Dean of Men here at College Station. Varner has returned to the Army and at present is taking Sanitation and several other courses for the army.

Wives to Plan for Fall Semester

The Ex-Servicemen's Wives Club will have a short business meeting before the bridge club meeting on Thursday, August 8th, at 7:30. Mrs. Rex Kelso, President of the organization, asks everyone to be there in order to make plans for the fall activities.

The Style and Fashion Group of the Veterans Wives Club will have its regular meeting Monday night in Sbisla Hall at 7:30. fashion magazines and their value. The group will discuss current news at that time.

Potts to Confer With 4-H Leaders In Kansas City

Four-H Club Specialists James W. Potts of the A. and M. College Extension Service will confer with officials of the Santa Fe Railroad and various state 4-H Club leaders in Kansas City, Missouri, August 1, according to an announcement by Director Ide P. Trotter.

Purpose of the meeting is to discuss possible changes that should be made in the Santa Fe 4-H Award Program. States that participate in Santa Fe awards will be represented.

Tomatoes and Tomato Juice Offered in Case Lots

Everyone can save when buying tomatoes or tomato juice. Cases of each are being sold by Mrs. Helen Martin, Agricultural Education Department Secretary, in the basement of the Agricultural Engineering Building from 9:00 a. m. to 5:00 p. m. daily.

The tomatoes and tomato juice come in size No. 2 cans costing 11 cents each. They must be bought by the case at \$2.64 or by the half-case at \$1.32.

This project was made possible through the cooperation of the School Lunch Program and Vocational Agriculture Department of the Milano High School and the Agricultural Education Department of Texas A&M College.

a Message of Thanks...
With the deepest feeling of gratitude I wish to express appreciation for the splendid support accorded me in the Democratic primary election last Saturday. I hope every voter will accept this as a personal message... for that's the way it is intended.
Voters who supported other candidates have my complete understanding. You who voted for Griffith, Cowley and Kirby did so, I know, in the sincere belief that you were supporting the best qualified man.
Since Griffith, Cowley and Kirby will not be candidates in the August 24 run-off election, I am earnestly soliciting votes from their supporters. To each of you... and to those who supported Tyson, too... I pledge a sincere effort to perform my duty to the best of my ability as your Congressman from this district.
AGAIN I SAY: "Thanks to those who supported me. Understanding to those who did not. And here's hoping all of you will cast your ballot for me in the August 24 election."
Signed: OLIN E. (Tiger) TEAGUE
