Captain Oliver Potter, First Lts. Robert Swann, William Whitsett, Mertz Taylor, First Sergeant John Eckert, Technical

AUTOMOTIVE ENGINEERS ELECT CLARK CHAIRMAN

For the first time since 1943 the Automotive Engineering Society met and elected officers for the current year. Terry Clark, a senior majoring in mechanical engineering, was elected chairman; Steve Dedman, vice-chairman; and Bob Sanders, secretary-treasurer. David Crawford and Terry Clark were elected delegates to represent the Society of Automotive Engineers at the Engineering Council meetings.

It was decided to hold all future meetings on the fourth Tuesday of each month at 7:30 p.m. All engineering students are urged to attend these regular meetings.

CLUBS

New Deadline for All Club Reports

Attention of all club reporters is called to a new deadline for all campus group reports. Write-ups on club activities or plans must be turned in to the Battalion office type-written not later than 2 p.m. Friday preceding publication date. This rule will probably apply also when bi-weekly publication is begun.

The Battalion is now making a concentrated effort to give space to those clubs who are having meetings and activities of interest to the student. As has been stated before we are sorely lacking in space and it is because of this that the Batt's news coverage is not as complete as it should be.

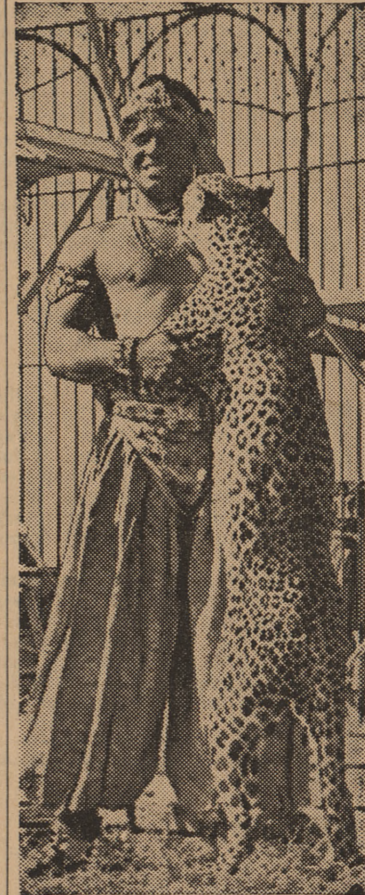

The Editors.

Kiwanis to Sponsor Scout Troop No. 112

The College Station Kiwanis Club became the official sponsors of Boy Scout Troop No. 112 Tuesday as Scout Commissioner E. K. Beckham presented the charter to Club Vice-President, Joe Sorrels, at the regular Kiwanis luncheon meeting. A delegation of Kiwanites officially installed the committee men and scout masters for the troop at a parents' night meeting in Hensel Park.

Tuesday's meeting was featured by a group of musical performers who were accompanied by Mrs. H. K. Stephenson, Tom Leland, an Aggie student, played two songs without words by Hauser on the cello. Mrs. Bob Hale, a veteran student's wife, played "Songs My Mother Taught Me" on the flute, and Mrs. William A. Libbie, also a veteran student's wife, played "Dark Eyes" and "Souvenir" on the violin.

Damoo Dhotre, Hindu Trainer, Will Perform in Bryan October 28

A personification of the circus' international scope is found in Damoo Dhotre, the celebrated Hindu wild-animal trainer, to be seen with the famous Sparks Circus when it appears in all its pre-war glory at the Bryan Showgrounds, South Main Street, on Monday, October 28.

Damoo was an eager lad of 10 when he joined Sheller's Royal Circus in Poons, India, the city of his birth. There was nothing around the circus which young Damoo did not learn to do. He became an acrobat and aerial artist; as a trick cyclist he set some sort of record by spanning a 33-foot gap in mid-air on a bicycle. But it was in animal training that Damoo found his true place. He learned to work with all sorts of animals, wild and domestic.

Damoo Dhotre traveled throughout the Orient—in India, Burma, Ceylon, Indo-China, the Malay States, and the Dutch East Indies. In 1939 he went to Europe and became a trainer for the great Alfred Court.

Soon thereafter he came to the United States, and during his three years in Uncle Sam's Army, Damoo attained full citizenship. The cats Damoo presents were trained in French, but since coming to the U. S., "they have become bilingual", states the Hindu. He is as proficient in English as his native language and has become an American for keeps.

Every time we spin a yarn the wife knits her brows.

A scientist maintains that it isn't the eyes that reveal one's thoughts, but the lower part of the face. Meaning the mouth, of course.

SONIA, the leopard displays his affection toward DAMOO DHOTRE as they will appear in the Sparks Circus at the Bryan showgrounds on October 28.

Arch Society Hears Houston CP&L Man

H. G. Hrivnatz, lighting engineer for the Houston Power and Light Company, was guest speaker at the Architectural Society meeting held Tuesday evening, October 15. A brief summary of the fundamentals of lighting illustrated by sound slides was the main subject of Mr. Hrivnatz's speech. Two kodachrome movies on the importance and techniques of lighting in the home and retail establishments were then presented.

In a short business meeting a forthcoming project of the society was discussed, in which an architectural exhibit is planned to be presented first at TSCW and then circulated by the Extension Service at various county fairs throughout the state. The exhibit will consist of recent projects of the Architecture Department and Society.

Muehlhause Heads Bell County Club

Edwin H. Muehlhause of Belton was elected president of the Bell County A. & M. Club for the coming year in a meeting held Thursday night, October 10, in the Academic Building. Thomas E. Eubank of Temple was elected vice-president; Millard A. Peters, secretary-treasurer; and John T. M. Cox, program chairman, all of whom are from Temple.

Approximately 35 members attended the first meeting. Plans for dances to be held in Temple October 26 and during the Christmas holidays were discussed.

Vet Medicine Assn.

Dr. Roy T. Dickinson, '31, of Dallas, spoke at a meeting of the Veterinary Medicine Association in the Vet Hospital, held Tuesday evening.

Introduced to the group by Dr. R. D. Turk, Dr. Dickinson spoke on the "Business Practices of the Veterinarian". He emphasized the fact that neatness and cleanliness are important in order to establish a successful business. Dr. Dickinson then discussed the method of setting up a business, setting forth the rates which are reasonable to charge for services rendered.

Denton County Club

At the second meeting of the Denton County A. & M. Club, held Thursday night, J. L. Juffines was elected president. Jim Heath will serve as vice-president; George Doris, secretary; Fred Thurman, treasurer; and Ray Rector, reporter.

There are 25 men eligible to join this club; however, only 22 were present. Juffines requests all students from Denton County to attend the next meeting, since several social events have been planned.

"51" the world's most wanted pen

"Writes dry with wet ink!"

● People everywhere know and cherish the Parker "51". American pen dealers have named Parker the most-wanted pen—rating it ahead of all other well-known makes combined. ● Today, although still scarce, a few more 51's are being shipped than heretofore. You should see your dealer soon—and early in the day. ● Here is a pen made to highest standards of precision. Its unique hooded point starts writing instantly, smoothly. For the tip is a ball of micro-polished Osmiridium. ● Only this pen is designed for satis-

factory use with Parker "51" Ink that dries as it writes! ● Three colors. \$12.50; \$15.00. Pencils, \$5.00; \$7.50. Sets, \$17.50 to \$80.00. The Parker Pen Company, Janesville, Wisconsin and Toronto, Canada.
