COLLEGE STATION, TEXAS, TUESDAY AFTERNOON, NOVEMBER 12, 1946

NUMBER 12

CORPS, ALL-COLLEGE DANCES, AND JAMBOREE SET FOR RICE WEEK-END

Social Calendar for 1947 Spring Semester Schedules Events from February to May

Floyd Graham Will Play for Friday **Night Corps Dance**

for a big weekend when the By Nat'l Council Rice Owls turn out in full for the first game at College Station since 1942. Since this is one of the most important games of the year for both teams as well as the whole conference. a big turnout with a capacity crowd on Kyle Field is expected.

Entertainment for the weekend includes a military ball for the Corps Friday in Sbisa Hall 9 to 12 p.m. with the Aces of Collegeland headed by Floyd Graham of N.T.S.C. in Denton. The dance will be a formal affair, it was announced

Preceding the dance Friday night the orchestra will put on a Variety Show on the Stage of Guion Hall at 7 o'clock. Coming down with the band for the show is a group of entertainers which includes a chorus line, dancers and vocalists. From all reports this show will be one of the best to perform on the campus this year.

Compared to the stage of Guion Hail climaxed a five-year wait by Dr.

J. D. Lindsay, head of the department, and his staff. Original steps were taken by President Gilchrist while he was serving as Dean of Engineering.

The chemical engineering department was divorced from the

ing for numerous dances in different areas. Friday night they furnish music for the Federated Women's Club in Austin and they are signed for the coming Inaugural Ball after the induction of Beauford Jester in January. Dates will be housed in Dormitory No. 8 and P. G. Hall it was announced. Rooms may be reserv-

announced. Rooms may be reserved at the Placement Office on the main floor of the Administration Building.

To Pick Vanity Booklets Explain Fair Beauties

Perhaps this year the selection of Vanity Fair beauties will work in reverse. Heretofore, it has al-ways been the policy to select the most beautiful eight pictures for the Vanity Fair section.

5 x 7 glossy pictures are required: one bust picture, one formal, full length, and one sports, full-length picture. Charge for Vanity Fair is \$1.50, payable when pictures are turned in to the Student Activities office.

Museum Curator Addresses Fish And Game Majors

At a regular meeting of the Fish and Game Club Tuesday evening, students majoring in that department were startled to hear "Your 1150 Listening Habit"... that they were witnessing the re-placement of hardwoods in the

College Employees To Dine Thursday

The first regular meeting of the newly formed College Employees Club wil be held Thursday night in Sbisa Hall. Tickets for the dinner went on sale yesterday at the Aggieland Inn, and are available to members for \$1.25 each. This sum pays for a meal served by the Subsistence Director at cost and includes a dance following.

It is suggested that the attire card showing the owner's depart-ment would be worn to facilitate

Engineering Mag. Staff Elected at **Council Meeting**

Davies Named Editor Of Monthly Magazine; Other Workers Needed

Robert W. Davies, a veteran mechanical engineering student of Forth Worth, was elected Editor of the "Texas A. & M. Engineer"; monthly publication of the Student Engineering Council. The election was held at the council meeting on Monday evening, November 4. Robert K. Williams of Midland and Gene Field of Calvert, both of whom are mechanical engineering veterans, were named assistant editor and business manager, reeditor and business manager, respectively. These men have all been named to serve for the 1946-47 school year. J. L. Latimer from Fort Worth was previously named managing editor for the fall term. It was decided that Terry A. Clark, an aeronautical engineering student, would serve as chairman for the Engineers' Day activities to be held next spring. George R. Hughes, also majoring in aeronautical engineering, was named as

his assistant.

Bob Latimer, managing editor of the "Engineer", outlined the staff to the members of the council, and at the same time he issued as the same time he is th sued a call for all engineering stu-dents to assist in the publication of this magazine. Plans call for a 50-page magazine, to commence publication in January. Help is needed from all departments; par-ticularly are sophomores and juniors requested to assist in the publication in order to continue the work during the ensuing years. Staff photographers are urged to join the Engineering staff.

falls, according to the by-laws of rotation, from one club to another annually, this time on the Kream and Kow Klub, of which Kenneth D. Garvin is president; Robert E. Hall, vice-president; Vurell A. Yentzen, secretary-treasurer; and Professor A. V. Moore of the Dairy Husbandry department, faculty advisor.

The Dilberts And Spoilers Club' is Newest A&M Group

Dilberts and Spoilers came into their own last week, as they organized their own club on the A. & M. campus.

In case you haven't the faintest idea what Dilberts and Spoilers are don't feel dismayed. Only those serving during the war in naval or marine aviation understand the significance of the terms, which come from cartoon caricatures of an aviator (Dilbert) and his me-

an aviator (Dilbert) and his mechanic (Spoiler).

The new club, meeting at the YMCA last week, adopted a constitution and set 7:00 p.m. on the first Thursday of each month as a regular meeting time.

The purpose of the club is to bring together ex-navy and marine aviation personnel on the

rine aviation personnel on the campus for social activities and to convey new ideas, information, policies and development in naval and marine aviation to them. All excavation has been and marine aviation to them, according to C. C. Nathan, acting president of the club. A major objective of the club is

to obtain recognition from the naval air reserve unit in Dallas so that billets may be secured for men on the campus, who are incently, Naval Air Station, Dallas has been sending a plane here every other week-end for several reserve pilots who have been as-signed a billet in the reserve unit, and want to get in their flying

There will be a special meeting Nov. 18, to plan a stag party which will be held sometime in Decem-

All men who have served in navy and marine aviation and would like to keep up with present activities, as well get togther for an occasional "bull session" are invited to attend future meetings.

placement of hardwoods in the great post-oak and blackjack belt around College Station by pines and cedars. This statement was made the the statement was made to be the statement was made to by the guest speaker, Mr. H. B. Parks, curator of the College museum, in a talk on plant seed distribution by migratory birds. Has Now Produced Present-Day Affiliated Station

According to Mr. Parks, nature operates in cycles in establishing the dominant plant life of an area, and we are now approaching the end of the hardwood cycle in South-central Texas. In his talk, Mr. Parks also called the attention of his audience to the many unusual combinations of plants brought about through random distribution of seed by migrating birds.

At the conclusion of this talk, members were shown the U. S. Fish and Wildlife film "Beavers were shown the U. S. Fish and Wildlife film "Beavers were shown the U. S.
