

NCAP and NROTC Applications Are Due December 17

Applications are now being taken by the Navy for the Naval Reserve Officers Training Corps and the Naval Aviation College Program to commence in September, 1947. Information for anyone interested can be received from Prof. F. J. Benson of the Civil Engineering department, and applications must be submitted not later than December 17, 1946.

Students initially receive from two to four years of college education with the cost of books, fees, and tuition paid by the Navy and with a living allowance of \$600 per year.

NACP students may attend the college of their choice for two years, after which they enter a two-year program of flight training and duty as midshipmen. They

Murray Appointed Military Custodian

Henry F. Murray has been appointed military property custodian, replacing Roy Casey, formerly acting custodian.

Mr. Murray is a former student of A. & M. and hails from Austin. Before receiving his discharge from the army he was commanding officer at Bryan Field with the rank of lieutenant colonel.

With the steady increase of military property on the campus and more to come, such problems of storage and handling were created that it became necessary to appoint someone permanently to this position.

At present most of the equipment used by the ROTC is stored in the armory area. Buildings are now under construction across the tracks to store heavy equipment, such as guns and tanks.

will then serve one additional year of flight duty. Thereafter, those transferred to the Reserve who return to college will have tuition of \$100 per month for a period not to exceed 20 months.

Applicants must be 17-20 years of age, unmarried, and in good physical condition. It is planned to give a nation-wide qualifying examination to all candidates, to be administered on January 18, 1947.

Shreveport Aggies To Plan for Xmas

During the Thanksgiving holidays the Shreveport A. & M. Club engaged in a bit of merriment at one of the city's finer entertainment spots. Now plans are underway for an even better event to be held on the evening of December 27th with some assistance from the Shreveport Texas A. & M. alumni.

There will be a special meeting of the Club Thursday Dec. 12th at 7:15 p. m. in Room 106 Academic Bldg. to discuss the nature of the function and make financial arrangements. All Shreveport Aggies are requested to attend.

CAMERA CLUB PLANS FOR PHOTO CONTEST

At the last meeting of the Camera club, plans for the monthly contest were discussed. The following suggestions were made: That the photo be at least five by seven inches and preferably eight by ten, and should be mounted on a standard sixteen by twenty inch mount. The next contest will be held on Monday, January sixth, and photos should be turned in by Friday, January tenth.

Prizes have not been announced, for either the print or the color slide contest. A projector will be available for the color slides turn-in.

A&M Now Teacher Examining Center

A. & M. College has been made an official teacher examining center by the National Committee on Teacher Examinations of the American Council on Education, according to G. B. Wilcox, Head of the A. & M. Education-Psychology department.

Wilcox pointed out that these examinations are a measurement of knowledge and ability and the Committee does not serve as placement agency for those taking the examinations. He also added that the examination has no direct bearing on teacher certificate eligibility in Texas, and any applicant or a teachers certificate must comply with all regular requirements regardless of whether or not this examination is taken.

"Although in these days of teacher shortage, the value of these examinations is not too apparent, it is possible that in a few years almost all teaching job applicants will be contacted through the National Committee, thus making the examinations essential to securing a good teaching job," Wilcox said.

Examinations will be given at A. & M. on February 8 and 15, with application deadline on January 8.

Official Notices

NOTICE OF SALE
Sealed bids will be received in the Office of the Business Manager of the Agricultural and Mechanical College of Texas until 10:00 A. M. Monday, December 16, 1946, and then publicly opened and read, for one 1942 Plymouth Special Deluxe Two Door Sedan, equipped with heater. This automobile may be seen by calling at Airport Office, Easterwood Airport, between the hours of 8:00 A. M. to 4:00 P. M. The vehicle will be sold "as is", the purchaser to pay transfer tax and the 1946 State license, as the State exempt license plate will be removed. The right is reserved to reject any and all bids. All bids must be accompanied by a cashier's check, money order or cash for ten per cent of the amount of the bid. Award will be made by drawing lots if two or more identical high bids are received. The successful bidder must complete payment and remove the automobile within twenty-four hours after award of sale. Deposits of unsuccessful bidders will be returned. Prospective bidders may contact Office of the Business Manager for further information.
E. N. Holmgren,
Business Manager.
