Norton announced further that he stood ready to fulfill contract should he receive a vote of approval from the Board or conform to whatever decision they made.

sources stated through the United Press that Norton had been offered \$10,000 toward the termination of his contract, a rumor that Norton vehemently denied, saying that no financial offer had been made. Norton's contract has some three years and six months.

Some months ago rumor had it that Norton might go into the hotel business in College Station at the termination of his contract, along with Bert Pfaff of Tyler, originator of the Pfaff Athletic Award. Last Thursday Norton confirmed that such an idea had been considered. But future developments will be determined by the decision of the heard. some three years and six months yet to go and a full settlement would total approximately \$35,000. would go into business.

Texas Horse Racing Bill Favored

Surprisingly enough, no opposition was met when the House Committee on State Affairs held a hearing on whether or not horse racing and parimutual betting should be legalized in Texas.

The committee speedily approved the bill after numerous men, prominent in racing, agriculture and the military in Texas appeared before it. Notably, General Jonathan M. Wainwright, Fourth Army Commander in Texas presented his views stating that this act would increase state revenue, improve the price of livestock, and improve the breeding.

The lack of opposition came as a complete surprise for such a measure has been bandied around

Do you believe in THRIFT?

"I'm a regular Scotsman for thrift. I never throw away anything that I can use again.

"Every year I salvage millions and millions of pounds of metal from what you might call junk.

"I collect all the old telephone equipment, wire and cable no longer useful to the Bell System . . . and all the machine scrap, turnings and rejected parts from the factories where I make Bell Telephone equipment.

"I turn this scrap metal into bars and billets of refined metals and alloys out of which I make new telephone equipment. "I salvage rubber, textiles and paper, too : . . and anything I can't use again, I sell. Nothing is wasted.

"My thriftiness, as supply unit of the Bell System, is one reason why you get telephone service . . . the world's best . . . at the lowest possible cost. "Remember my name. It's Western Electric."
