Intramural Program Ranks Among Top in the Nation

by Cliff Ackerman

The 1946-47 Intramural Program continues moving forward with increasing success and remaining among the top ranking Intramural programs in the nation.

It is the aim of Intramural Athletes at Texas A. & M. College to provide an opportunity for every student to take part in a large variety of sports and promote competition among large groups of those students who are either not interested or sufficiently proficient for Varsity competition.

During this 1946-47 program approximately 4,000 individual students have taken part in 14 different team sports. These games were flag football, basketball, tennis, handball, softball, volten ball, boxing, wrestling, ping pong, volleyball, horseshoes, the cross-country meet, the track and field meet, and the swimming meet.

Along with these team sports there have been five open tournaments. These were in golf, tennis, handball, fencing, and badminton. In the open tournament approximately 300 students participated.

In the games sponsored by the Intramural program awards are given to the winners. In all team sports members of the college

championship teams are given Intramural Medals. In all individual events and in the open tournaments the winner receives a medal.

The success of an Intramural program comes from several sources, among these, and two of the most important, is the cooperation of the participants and the Intramural Managers. A large part of the success and work of the program is carried on through the student managers who have done a swell job this year.

The closing high light of the year's program will be the awarding of the All-Year Participation Banners in a Victory Ceremony at the Penberthy Intramural Message Center. This is the most significant award given by the Intramural program. Presentation of Intramural Banners go to the Upperclass and Freshman champions for having the best total score for the sports offered. The ceremony also takes in the inscription in the Court of Honor, honoring the Athletic Officers of the winning units.

—TRACK—

(Continued from Page 1)

ually be depended on for at least ten points in nearly every meet he enters. Putting for second place will be Frank Young and Leonard Dickey in maroon and white and James Dannelly and H. B. Pendleton from the forty acres.

To win the discus throw A. & M. will be depending again on Kadera who has never been beaten in this event by anyone in the Southwest Conference. Also throwing the discus for the Aggies will be Jennings Anderson, R. C. McCauley, and Dickey. T.U. will be represented in the discus ring by Clay Kramers and Randall Clay.

In the javelin throw, which is supposed to be dominated by the Longhorns' Frank Guess, A. & M. has another dark horse in the form of Vernon Belville. Belville is capable of throwing the spear over 180 feet which is about the best that Guess is capable of doing. Also entered in the javelin throw is Aggie Alton Aiken and, for his third event of the day, work horse George Kadera.

The winning entry in the broad jump will probably be James Hill

who has recorded the best jump in the conference this year. Hill's best jump was 23 feet 8 1/2 inches. Other Aggie broad jumpers will be McCauley, Art Haws, and Jay if Col. Andy thinks the sprinter is in shape. Jay is the only man who has beaten Hill in the broad jump this year.

In the high jump Art Haws should walk away with top honors. Haws cleared 6 feet 8 3/4 inches in this event earlier in the season. William Cardon, another Aggie high jumper will probably take second place.

Leroy Bodeman the only Aggie pole vaulter in top shape will probably take this event Bodeman can clear 12 feet, 6 inches. Crippled Aggie vaulter Tate and Davis will battle it out with Longhorn Co-captain John Burrus for second place in the pole vault.

The Aggie 440-yd relay team, consisting of Myers, Anderson, Blackwell, and Jay, was timed unofficially last week-end in 41.4 seconds which equals the conference record, but even with a showing like that the T.U. team of Samuels, Tatom, Lawler, and Parker will be favored to win Saturday.

In the mile relay, the nationally famous Aggie team of Bill Napier, Erwin Bilderback, Holbrook, and Harnden, will probably run away with this event. The Aggie relayers have recorded the fastest time for the mile relay that has ever been recorded by a team in the south.

Coach Frank Anderson said in reference to the outcome of this meet, "The boys have been pointing to this meet all season; they have the spirit, and they will win if it is at all possible."

—SPORTS DAY—

(Continued from Page 1)

Worth Exposition by a margin of 48-46.

Hot competition is expected in several events, notably the middle distance races, the hurdles and the javelin with the Longhorns holding sway in the sprints and distance races and the Aggies expected to romp home easily in the quarter-mile and several field events.

Good weather conditions together with the lightning fast Aggie track, one of the best in the South, may easily produce several record performances. Both the Aggie relay team and the Longhorn sprint quartet will be shooting for times under the conference record, while the Aggies' Art Harnden and the 'Sips' Jerry Thompson will be out to better the existing conference records in the 440 dash and the mile run respectively.

The field events will get underway at 1:30 p.m. with the running events slated to begin at 2:00.

game should give Aggie followers a good preview of what to expect when the Aggies take the field next fall. Both squads will use the double-wing formation re-introduced by Coach Homer Norton in spring training, but the game will not be without its surprises.

Maroon "coach" Pickett has hinted that his team plans to pull a few tricks during the course of the game which might mean anything from a screwy defensive setup to some wide-open offensive formations.

Baseball Coach Lil Dimmitt has indicated he will start his regular team against the Medics. Dewey Jacobs, the Aggies' most consistent winner on the mound this season, will handle the hurling duties.

J. D. Prewit Speaks To Saddle & Sirloin

J. D. Prewit, vice-director and State Agent for the Extension Service, spoke to the Saddle and Sirloin Club, Tuesday night, May 6, on the merits of the Extension Service. He told of possible openings in this field for graduates in Agriculture. A motion picture depicting the type of work done by County Agents was shown prior to Prewit's talk.

Possibilities for the construction of a polo field, rodeo arena, and horse barn for the use of college students interested in this type of sport was also discussed.

This was the last meeting of the club for the current semester.

How a city's voice was restored!

Early on December 14, 1946, flames gutted the Central Office at River Grove, Illinois. Telephone service for 10,000 families ceased to exist.

Even as the fire burned, restoration work was begun. Emergency telephone headquarters was set up. Mobile equipment arrived to handle calls of first importance.

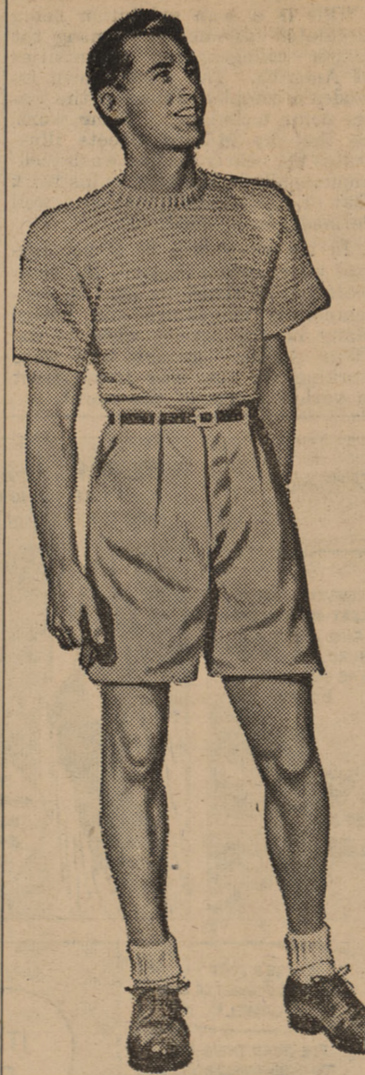

Telephone men from distant points came to aid the local forces. Bell System standardization proved itself again for all men were able to use the same methods, the same tools, the same Western Electric equipment. From Western Electric plants

hundreds of miles away the needed supplies—the right kinds and amounts—were started toward River Grove.

In a matter of just 11 days... a record accomplishment... two Quonset huts were erected, new switchboards installed, splices and connections made. River Grove's communications system was restored.

Planning well in advance for both emergencies and normal growth, is a task of telephone management. The many and varied problems presented offer a stimulating challenge—promise adventure and opportunity—to men who choose telephony as a career.
