Directors Dismiss Clark as Economics Head

Next Year's Fish To Live at Annex

Dr. F. B. Clark, head of the economics department, was dismissed from the institution yesterday afternoon by order of the board of directors. Dr. Clark, a chief figure in recent strife at the college, appeared before the board for approximately twenty minutes to explain his conduct in charging the college administration with intimi-dation of faculty members. Dr. Clark appeared before the state legislative investigating committee
a few months ago, but failed to
substantiate his charges and was
severely censured by the majority
of the committee in their report.

The real estate promotion
here, and it is assumed that he
will continue to be active in that
line. Clark made no statement
when questioned by reporters.

Clark's successor as head of the

The board in their memorandum stated: "In view of the action of Dr. F. B. Clark in giving widespread publicity to charges against the administration of the college, which he later admitted

he could not substantiate, the board of directors, after hearing Dr. Clark, deems it necessary to terminate his connection with the college effective immediate-

Dr. Clark had been associated with the college 31 years, and had approximately three years to go before he would have gone on modified service. He has been active for years in real estate promotion

Clark's successor as head of the economics department will be named by President Gibb Gilchrist subject to approval of the board. No one has yet been considered for the post, it was announced.

night behind closed doors in an executive session. This was the second executive session of the day, President Gibb Gilchrist having been closeted with the board for an

hour earlier.

Stating "The board contemplates no changes in the military status," the group in effect denied charges made by Rep. Olin E. Teague in Washington that the board intended to change A. & M. from a military college to a civilian-basis ROTC school.

Most Corps freshmen entering A. & M. next year will be quartered at A. & M. Annex at Bryan Air Field, the directors stated. Only 1,500 freshmen are expected and 2,000 can be cared for at the annex

mandant of cadets, appeared before mention hazing in announcing their the board of directors Tuesday plans for next year's crop of freshmen. The memorandum states:

> "The board in considering the "The board in considering the anticipated heavy enrollment of students has directed, for the purpose of more effectively systematizing the housing and instruction, that the incoming freshman class shall be assigned to A. & M. Annex in so far as facilities are adequate thereby facilities are adequate, thereby making available the facilities on the main campus for advanced students."

Authorization was given for college authorities to sign the contract for acquisition of the 16,000 acre Bluebonnet Ordnance Plant at McGregor for use as an experimen-

vestigation, and hazing practices cent disturbances, was temporar-were bitterly criticized by a major-ity of the state investigating com-into a General Welfare Fund. Only conomics department will be among the state investigating comparatively considered for the post, it was announced.

Brooks will continue as dean of the school of arts and sciences until his successor is named. Dr. Pearson has been nutritionist on the staff of the Texas Agricultural Experimentation, working with the animal husbandry department of the college.

Dr. Sloan Jones, assistant director of the Texas Experiment Station, was raised to vice-director. Dr. E. C. Hereford, acting dean at North Texas Agricultural College, Arlington, was named dean by permanent appointment.

Tuition charges for out-of-state students were raised to \$150 per semester by the board. Previously the charges have been reciprocal, A. & M. receiving whatever the home state of the student would charge a Texas resident, with \$100 the limit. Even under the new charge, the college will receive on-ly half of what each student costs the institution, it was stated. The change was made possible by a new state statute.

Also acting under a new statute, the board made a student activities fee mandatory for all students. The ee cannot exceed \$15 a semester, and includes athletic coupons and publication subscriptions along with hospital fees and other mat-

Merchants Increase Prizes For Monday Bingo Games

Through the courtesy of College Station merchants, the number of prizes for bingo games at the Grove has been increased. In this way students and wives will be able to play more games in one evening. Bingo games are held every Monday evening beginning at 7:30 under the sponsorship of the Student Activities Office.

The following night Lee Thompson and Manning Smith conduct square dancing instruction open to everyone.

Every Friday night a free movie is shown at the Grove.

The weekly schedule of activities is as follows:

Monday—7:30: Bingo
Tuesday—7-8: Square dance instruction
Wednesday—7: Dancing to juke box
Thursday—7-8: Square dance for students
Friday—8:30: Free movie Saturday-7: Dancing, bridge, dominoes, etc.

month for business houses. The scale as applied to business houses will be determined by the amount of garbage each business normally has. For example: A small shop dealing only in miscellaneous items ordinarily would not have an excessive amount of garbage and would only be charged \$1. On the other hand a drugstore, hotel, or restaurant, which would have almost a truckload of garbage would be charged \$5. Collection will be charged \$5. Collection will be charged and the state of the stat daily in business areas and twice weekly in the residential sections.

Construction of the new city warehouse and office will begin as soon as materials become available. It will be located on old highway 6 two blocks north of the A.A.A. Building.

The City also wants to purchase the College Hills R.E.A. power line. According to Mayor Ernest Langford this line would give the City an added \$7,500 yearly income which could be used to eliminate the garbage fee.

Sixty College Stationites attended the meeting and according to Langford, "It was the most successful Town Meeting we have ever had".
