Many Checks Not Due Till November Says Regional VA

The Veterans Administration Waco regional office yesterday reminded veterans enrolling for the fall term in colleges and universities that many of them will not receive subsistence checks until early in November.

This initial payment will include all subsistence allowances due from the start of the school semester, ordinarily in late September, through the end of the last full subsistence period. Veterans whose training was not interrupted and who remained on the rolls should in most cases receive their allowances immediately, VA added.

A few who were pre-registered in larger schools early in September also may receive allowances now. The time lapse between date of enrollment and receipt of the first check for veterans entering school is due to two factors. First, a veteran is not entitled to receive subsistence until he has been in training for 30 days. Secondly, all checks are mailed on the first of the month covering the previous month.

Crawford Returns From Machine Tool Builders Exhibit

By W. W. LOW C. W. Crawford, head of the mechanical engineering department, has just returned from Chicago where he attended the Machine Tool Show sponsored by the National Machine Tool Builders' Association.

Put on at a total cost of over twenty million dollars, the show drew a total attendance of 125,000 people during the 10-day period, September 17-26.

Crawford pointed out that tool designers are more and more perfecting automatic control machine where less human supervision is required. He indicated that this was especially true in nut, bolt, screw, and similar type machines.

The vastness of the show is clearly indicated by the fact that the exhibits occupied a floor space of over 12 acres. Machine tool displays from 700 firms made up the exhibit.

Some firms spent as high as \$500,000 putting on individual displays. The purpose of the show, according to Crawford, was to demonstrate and display the new machine tools which have been developed during the last ten years.

Crawford stated he was pleased to find that the \$100,000 worth of machine tools which the college recently acquired from Army surplus are as up-to-date and modern as the machine tools on display at the Chicago Machine Tool Show.

Serving on the chest committee, along with Chairman Prewitt, are F. L. Elkins, Joe Sorrels, J. E. Roberts, M. A. Cashion, John H. Milliff, S. L. Frost, H. E. Burgess, W. N. Colson, A. M. Smith, F. A. Vaughn, Taylor Wilkins, F. I. Dahlberg, and Major Lawson W. Magruder, Jr.

Veterans Changing Courses or Jobs Must Show Reason

Veteran who make frequent changes of job or school training establishments before completing the course selected or at the end of the term, will have to comply with more strict requirements for the issuance of supplemental certificates of eligibility and entitlement, according to the Veterans Administration.

Effective immediately, a veteran who of his own volition interrupts his training, will not be issued a supplemental certificate of eligibility and entitlement until he establishes satisfactory evidence:

1. That his interruption resulted from good cause such as illness, economic conditions or other circumstances beyond his control.

2. That the institution in which he was training is willing to re-accept him as a student or trainee.

Officers, Cadets Plan Corps Trip

Plans for the Corps trip to Ft. Worth and the parade to be held Saturday, October 18 will be made this weekend by a group of officers and cadets. Lt. Col. Joe E. Davis, assistant to the commandant, announced Thursday.

Col. G. S. Meloy, commandant and PMS&T, and Col. Davis will head the group. Cadets making the trip include Cadet Colonel of the Corps, Bill Brown; Cadet Lt. Col. Sam White, Corps Staff operations officer, and Jimmy Nelson, Corps Staff publicity officer.

He continued in the missionary service 13 years in Palestine and Syria and was at one time pastor of the Baptist Church in Nazareth, Palestine. During this course of 13 years he made 5 round trips across the Atlantic and the Mediterranean, touching Turkey, Romania, Italy, Greece, France, Spain, Gibraltar, Portugal, and Egypt.

In 1945 Hanna was commissioned a first lieutenant in the Chaplains Corps of the U. S. Army. He was assigned to a troop transport in the Pacific and spent 20 months and 19 days in actual travel on the sea. For this duty he received the American-Asiatic-Pacific ribbon with five campaign stars, the Philippine liberation ribbon and the victory ribbon. After rejecting a majority, Hanna was discharged as a captain a short time ago.

Although he has been on the campus of A. & M. only since the first of September, Hanna has already been thoroughly inculcated with the Aggie spirit. Said he at a recent interview, "I am an Aggie and will work and root for my fellow Aggies. Although I still love Baylor, I have no objection if we soundly trim the Bears this year."

Shady Rodeo Cons Unlimber For Gala Wild West Show

By C. C. SPRINGFIELD District Judges favored the Texas Prison System's annual rodeo during the past summer, and the results will be apparent during the coming shows on Sunday, October 5, 12, 19, and 26.

It happened this way: several shady rodeo riders became entangled with the law and the judges cooperated in sending them to Huntsville.

All the newcomers have been outfitted in cowboy boots, chaps and ten-gallon hats with striped shirts and pants as accessories. Rigging is being readied for the old hands who are being rounded up from the prison system's eleven farms, Albert Moore, rodeo director, plans several pre-rodeo practice sessions to eliminate any loose spots in the show.

Rides will average one per minute. They include ten in the Mad Scramble which opens the show; forty in the saddle bronc contest; twenty bare-back bronc rides; twenty-five bull rides; ten in the wild mule rides, and nine in the wild horse rides.

Despite the fast riding, Moore manages to cram in other acts featuring jumping horses, an educated bull, and music numbers by the Texas Cow-girl Orchestra. These will serve to entertain the expected crowd of 25,000 while the chutes are re-loaded.

Wild mare and wild cow milking contests; Bert and his educated mule, Molly; calf roping; the Dallas County Quadrille, a Negro tap dancer accompanied by the Prison Stringers, and the tall end Chariot Race completes the show.

Everything is being readied for 2 p. m. of Sunday, October 5, when cowboy cons, many of them with more years to go than Methusala, will break the tape and open the wildest show in captivity.

Hundreds of people have already written the Prison Rodeo Ticket Office for reserved seats. The majority of them are old-timers—coming back.

The first show will be dedicated to Fred W. Dodd of Catham, Ill., who was wounded in Durtmund, Germany, in April 1945. Dodd will see the rodeo from a wheelchair. He will be accompanied to Texas by his wife and son and another couple.

It's going to be a real show with no holds (but all holds) barred.

G.I. Study Abroad Financed By Sale of Surplus Property

Veterans seeking information on the Fulbright Act, providing for study abroad on a student-exchange basis, should address their queries to the Division of International Exchange of Persons, Department of State, Washington 25, D. C., and not to the Veterans Administration.

The Fulbright Act (Public Law 684, 79th Congress) authorizes the department of state to use foreign currencies and credits acquired through the sale of surplus property abroad, for the program of student exchanges.

Under this program, financial aid may be provided U. S. citizens studying in schools of foreign countries in which credits acquired, and for citizens of those countries to study in the United States.

This assistance may include payment for transportation, tuition, maintenance and other expenses incident to scholastic activity. Since all of these activities must be financed with foreign currencies the Fulbright Act does not provide for the expenses of American students to foreign countries unless the travel is made on ships or planes on which payment is made in foreign currency.

Under the Fulbright Act, veterans World War I and II are given preference by the 16-man board of foreign scholarships which awards the study grants.
