## Aggies Go Through Stiff Workout On Kyle Field Tues.

Coach Homer Norton sent the Aggie football team through a rugged two-hour drill Tuesday afternoon, finishing up under the lights with the first team drilling on running plays.

"We've got a lot of hard work to do before the conference games come around," Norton explained as he watched his starters running against a spirited Fish team. "This team is in good shape—best, in fact, of any Aggie team I've ever coached, but you saw what that 90 degree weather did to them at Oklahoma last week. Yes, we've got work to do, plenty of it, especially with that L. S. U. bunch coming up."

The Aggies appeared in good physical condition after the O. U. game. George Kadera is still out with an injured ankle and Bobby Goff remains sidelined with an ailing kidney but both may break into the Baton Rouge tussle Saturday night.

The "B" squad threw L. S. U. passes at the varsity during Tuesday's play, with an unimpressive degree of success.

The first team, running off the double-wing, found the going a bit rugged against the "Fish." The starters made steady, but slow progress inside the tackles with Jimmy Cashion providing the day's nearest bit of artistry, a twisting 33 yard run after being trapped trying to pass.

Norton said he planned to use the same team as against O. U. with Bobby Dew starting if the Aggies kick off and Cashion slated to open if the Cadets receive. Joe Sacra, a converted guard and Jim Tulla, will share the duties at one tackle, with Sacra operating on defense and Tulla on the attack.

The Aggies will have another stiff workout Wednesday, easing up Thursday before entertaining for Baton Rouge Thursday night.

# "They weep no more at PRINCETON"

Is Old Nassau making a gridiron comeback? If so, it's all due to Charlie Caldwell, the coach who engineered the most hair-raising form reversal of 1946. His 17-14 victory over Penn last fall restored the Tigers to respectability in Eastern football society. Known for trying the unorthodox, he has parlayed the power of prayer into the greatest revival of football enthusiasm ever seen at Princeton since the game was invented there in 1869. Don't miss the exciting article, "They Weep No More at Princeton," in this week's Post...
