

ASCE's Attend Sectional Meeting

Seven A. & M. C. E. students were present at the fall meeting of the Texas Section of the ASCE held in Mineral Wells, October 24 and 25. Those Aggies attending were Jack Anderson, Carl Brown, James Mulvey, Jim Patton and Jim Woody.

Friday morning H. P. Stubbs, the designer and project engineer of the Possum Kingdom Dam, took the students on an inspection tour of the dam.

A breakfast was given Saturday morning in honor of the student construction engineers from Houston, spoke and emphasized the importance of students taking an active part in the work of their local chapters of the ASCE.

The A. & M. delegates met many leading engineers during the sessions and had a chance to get first-hand information on different phases of the civil engineering field.

Farmers Ask Help In 2-4-D Problem
Farmers of Matagorda and Wharton counties have appealed to the state and federal farm scientists for help in preventing recurrence of an estimated \$200,000 loss caused by 2-4-D on cotton crops when a new weed-killing chemical, H. D. Madsen of Danavang, Matagorda County, told a conference here yesterday that the chemical (2-4-D) was so badly damaged that no attempt was made to pick the cotton.

Premeds Finish Medical School Entrance Exams

By HENRY W. POST

The experiences of A. & M. premedical students last Saturday was far different from the experiences of the remainder of the student body.

While the Aggies were sweating out the Professional Aptitude Test which is now required for reentrance into most of the medical schools throughout the nation, the students of the other departments were busy with their own entrance examinations.

Administration of the test was under the direction of Dr. A. L. Schipper. It is scheduled twice each year and was given for the first time last January. The next date of administration will be February 1 and for those students interested in taking the test on that date should contact Dr. George E. Potter, Chairman of the Pre-Medical Advisory Committee.

The test, which took place Saturday at 8 a. m. and was completed, according to some of those who took the test, especially during the afternoon portion when they could have been wishing that score was not available since the test room was allowed to enter the lecture room during the test. However, a five-minute break brought this in mind, the test was completed with more ease.

Trine Starnes Writes A Second Letter

TRINE STARNES, Minister
Broadway Church of Christ
P. O. Box 401
Paducah, Kentucky
October 8, 1947

Mr. James F. Fowler, Minister
A. & M. Church of Christ
College Station, Texas

Dear Bro. Fowler:

Since writing you a few days ago relative to the first sermon of the series, I have continued preparation for other messages which should be of general interest to A. & M. students, professors, professional men and members of the College Church of Christ in general.

In view of the doubts and fears entertained by some, and the need for a clear re-statement of the fundamentals of our faith for all, I wish to speak one evening during the meeting on the subject "WHY I AM NOT AN INFIDEL".

When you have determined the most appropriate evening for this message, in view of the schedule of students, you may make any formal announcement you deem advisable.

Fraternally yours,
TRINE STARNES

Rankin Grabs Top Honors at Rodeo

By J. C. ECKERT

Charlie Rankin of Corsicana, Texas, won the All Around Cowboy Saddle and Saddle Club announced yesterday. Rankin received a first-place photograph combination set, donated by J. I. Martin of the Parker-Astin Hardware Company.

Rankin won his title by placing in the following events: third in the mule race, second in the bareback riding, third in the wild cow milking, and second in the saddle bronc riding. Of the ten men entering the saddle bronc riding, only one man made a quality, riding to win first. The rest of the prize was split nine ways.

Lloyd Griffith of Dallas ranked second in the totals. He was awarded a gold plated belt and buckle set by Lake Court's Boot Shop. His placings were third in the mule race Saturday night, and qualified in the saddle bronc riding event.

Charlie Stone of Brownwood was third in money winnings, and was given a Boston hat by W.S.D. Clothiers. He placed first in the mule race Saturday night, and second in the bull riding, and won around the ring to win first. The rest of the money in the saddle bronc riding.

Race Hatred Hit By YMCA Speaker

The race problem is one of the main considerations of the YMCA, according to Gilbert McLenore, Regional Secretary of the Student International Club of the Y, who spoke before a joint meeting of the Y and the International Club last night.

McLenore stated that the YMCA work for better race relationships stood ready to combat racial prejudice wherever it develops, and that they as future business men were part of our Christian heritage. He impressed on the students that their communications would be responsible for molding public opinion. Consequently they should prepare themselves to lead the citizens of tomorrow in combatting the many prejudices.
