

NO RETREAT PLANNED  
ON CIVIL RIGHTS ISSUE

WASHINGTON, Feb. 9 (AP)—Democratic chairman McGrath may carry President Truman's civil rights banner into the heart of Dixie next month for a showdown with balking Southerners. McGrath has been invited to speak at a Jackson-Jefferson Day Dinner in Atlanta March 5. If he follows present inclinations, the national chairman will make Mr. Truman's 10-point civil rights program the core of his speech. Before he does, however, McGrath is expected to tell the Georgia party organization just what he has in mind and give them a chance to withdraw the invitation. In any event, the Democratic chieftain apparently is committed to no retreat from Mr. Truman's February 2 message to Congress which angered many Dixie Democrats.

TWO ESCAPED CONVICTS  
RECAPTURED IN WEST TEXAS

ABILENE, Tex., Feb. 9 (AP)—Two escaped convicts, object of a statewide manhunt since early Saturday, were back behind bars today after being captured last night by three West Texans armed with one .22 caliber rifle. A .38 caliber revolver was taken from one escapee. A third convict from the Barrington prison farm, near Houston, Texas, was being hunted in Sweetwater, Tex. Police said every road out of the city was blockaded. One captured convict was identified as John Tom Rawlings, 21. The second was thought to be Cecil Chester Davis, 25. Sweetwater officers identified the escapees being hunted there as Harvey Lee Davis, 24. All three are under 10-year sentences for theft.

SOUTHERN GOVERNORS  
ADOPT CO-OP EDUCATION

WAKULLA SPRINGS, Fla., Feb. 9 (AP)—Southern governors pushed aside politics long enough yesterday to set up an interstate college plan which they hailed as the most important development of the past century in higher education. They signed a nine-state compact calling for the joint financing and operation of south-wide colleges to offer top rate training in specialized and professional fields which no one state could afford on its own.

Winners among the feminine contestants at ASABAB were BARBARA GROGAN, the horrifyingly beautiful witch who took first place, and second place winner MAXINE SAUNDERS, the saintly miss.

Cannibal, Witch Win  
First Prize at Dance

Charles Jackson's "Lost Weekend" couldn't compare with the weekend climaxed by the Architectural Society's Annual Beaux Arts Ball on Saturday night. Wearing costumes of their own making, architects and their guests had the grandest of creations. Their imaginations stretched from darkest Africa to the robot man. Witches, savages, mechanical men, monks, angels and many fantastic and imaginary apparitions made their appearance in Sbis Hall.

Two Additions  
Made to Wildlife  
Management Staff

Dr. Leonard W. Wing and Frank T. Knapp have joined the staff of the department of wildlife management, effective February 1. Dr. W. B. Davis, head of the department, has announced. Dr. Wing comes here from Washington State College, where he served as assistant professor of wildlife conservation from September, 1939 until his transfer here. Previously he served as biologist for the Tennessee Valley Authority. Dr. Wing has a BA degree from the University of Michigan. He engaged in graduate work at the Yale Forestry School and was conferred the degree of Doctor of Philosophy by the University of Wisconsin in 1937.

Editorial Contest  
On Alcohol Opens  
To All Undergrads

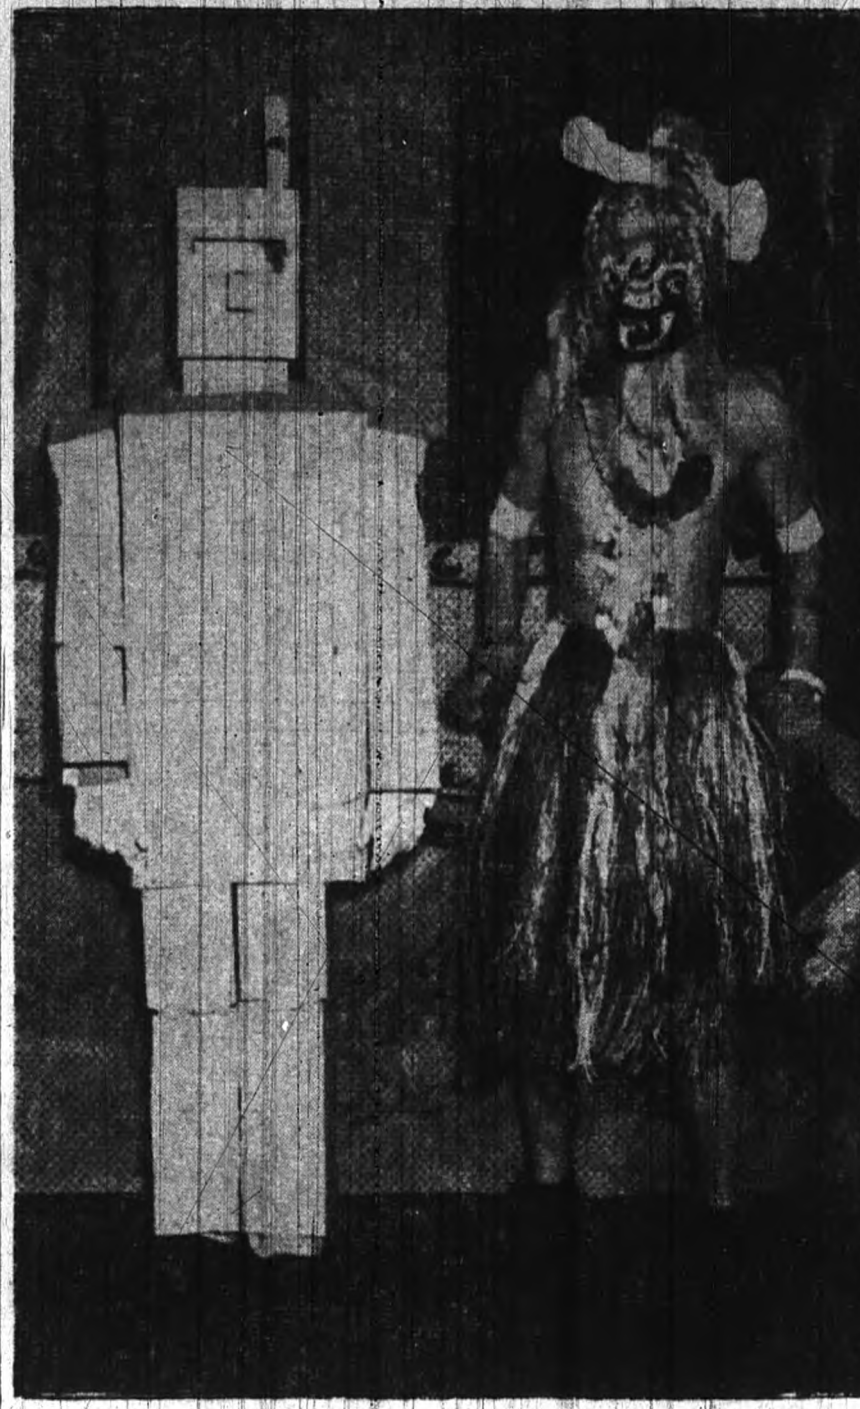

Undergraduate students have been invited to participate in a contest sponsored by the Intercollegiate Association for Study of the Alcohol Problem to obtain short editorials on the subject, "Applying Preventive Medicine to Alcoholism." Prizes being offered for the best editorials, limited to 800 words, range from a \$200 grand prize to a \$10 monthly prize for the editorial selected for publication in the International Student magazine. The subject of the contest reflects a growing interest in the development of medical, psychiatric and educational means to prevent alcoholism. A bibliography on preventive medicine for alcoholism has been prepared by the Intercollegiate Association, and may be obtained together with other contest helps by a post card request to Edwin H. Maynard, contest secretary, 909 Webster Ave., Chicago, 14, Ill.

Deadline Feb. 11  
To Order Favors  
For Junior Prom

Deadline on ordering favors and programs for the Junior Prom will be 5 p. m., Wednesday, February 11. J. W. Robinson, chairman of the ticket sales committee, has announced. The price of the favors will be \$2 and the programs will be \$5.50 each. Tickets to the prom and banquet will cost \$5 per couple, while tickets to the prom alone will be \$2.50 per couple. Tickets, favors, and programs, which will be on sale until March 15, may be ordered from any of the following: Lawrence Sexton, Dorm 2; Jim Burrows, Dorm 4; Fred Hambricht, Dorm 6; Wallace Cox, Dorm 8; Richard Denney, Dorm 9; Tommy Spitzberger, Dorm 10; George Edwards, Dorm 11; and A. D. Selman, Dorm 12. Robinson emphasized that the banquet will start promptly at 7:30 and no one will be admitted after that time. This announcement is being made for the benefit of those who have dates that will arrive on the 8 o'clock train, he said.

Reserve Officers  
To Hear Hubbard

Major Edwin W. Hubbard of the Fort Worth Flight Service Center will address the Brazos County Reserve Officers Association Tuesday evening at 7:30 in the Petroleum Engineering Lecture Room. Major Hubbard will discuss "US AF Plan 62 and Flight Service," Allan M. Madeley, secretary-treasurer, announced. The annual election of officers also will take place at the meeting, Madeley said. J. J. Woolket, head of the modern language department, will present "News from Latin America" on Tuesday. Woolket received his B.A. Degree in 1924 and his Master's in 1925 at Oberlin College with majors in languages. He has completed all the work for his doctorate except the dissertation at Ohio State University, and Berry Christian for eight years where he was chairman of the City Park Recreational Board. He spent two years in Paris. He came to A&M in 1925 and has

Fantastic! Aren't they? But fantasy was the rule rather than the exception at ASABAB. JACK CROOK, dressed as a mechanical man of the future, took second place honors. The cannibalistic creature on the right is SAM LANFORD, first place winner.

New Orleans had nothing on A&M when the Architectural Society's Annual Beaux Arts Ball got underway at Sbis Hall Saturday night. With the virtual theme "Anything Goes" the above female contestants in the costume contest prove that anything did.

This Week's Programs Range  
From 'Earth' to 'Business'

College Speaks' presents College Speaks, program heard over WTAW Monday through Friday afternoon at 5:15, will present subjects ranging from "Mother Earth" to "Working Capital" this week. J. T. Kent, professor of mathematics, will speak today on "Mother Earth." His talk will be head of the department since 1944. Wednesday's program will feature Kent discussing "The Tricentennial Problem." He will attempt to prove that an angle cannot be trisected with a compass and a ruler. On Thursday W. M. Dowell, assistant professor in Physical Training, will discuss the "Needs of Organized Recreation Programs in Communities." He will make suggestions on how to organize such a program and should be of interest to leaders of rural areas. Dowell received his B.S. Degree in 1929 from Sam Houston State and his Master's in 1932 for George Peabody College. He has completed one and one half years toward his doctorate. He spent five of his eighteen years of teaching at Goose Creek. He was head of the physical training department at Abilene Christian for eight years where he was chairman of the City Park Recreational Board. He spent two years in Paris. He came to A&M in 1925 and has

Military Adds  
3 Officers To  
Teaching Staff

Three more Army officers have arrived on the campus for assignment as assistant professors of military science and tactics, Col. G. S. Meloy, commandant and PMS&T, announced today. The new head of the Quartermaster Corps Section at A&M is Lt. Col. William P. Scholl, a graduate of The Citadel, Charleston South Carolina. He is also a graduate of the Coast Artillery School, and the Quartermaster Advanced Officers Course. Col. Scholl, who wears the Bronze Star and the ETO ribbon with five battle stars, was previously assigned to the Schenectady QM General Distribution Depot. A veteran of the Philippine campaign and the occupation army of Korea, Major Charles F. Ostner has been assigned to the Field Artillery section. Major Ostner, a graduate of the University of Florida, was cadet colonel of the ROTC unit at that school and a Military Honor Graduate. He received a commission in the Regular Army in July, 1941. The third new officer to be added to the college staff is Captain David J. Morgan, a graduate of Boston College, and a veteran of the Seventh and Fourteenth Armored Divisions. Captain Morgan, who has just returned from the occupational duties in Europe, formerly directed a Military Government Detachment. He holds the Bronze Star and wears the ETO ribbon. The three additions bring the total officer strength of the School of Military Science to 26, which includes 22 officers in the Department of the Army and 4 in the Department of the Air Force, Col. Meloy added.

Cowboy Songs, Sea Chanteys,  
Spirituals Slated on Program

Tom Scott, the "American Troubadour," will sing on Town Hall Tuesday evening at 8 p. m. The Kentucky-born vocalist, recognized as an authority of folk songs, has published more than one hundred arrangements used by choral groups throughout the United States. His first appearance on Broadway came in 1938, after which time he joined the Fred Waring Glee Club. Since that time Scott has been singing in stage, screen, and radio performances. He is currently heard over the Columbia Broadcasting System each week-day morning from 7:30 to 7:45, CST. Admission to the event for all persons not holding Town Hall season tickets is \$1 for the general public and 50 cents for students. His program for tomorrow night will be in four parts: from the "old country," from the sea, from the mountains, and from the level lands. Songs from the old country will include "Kitty of Coleraine," "Wee Cooper of Fife," "Unfortunate Miss Bailey," and "Bonny Earl o' Murray." Sea chanteys will include "Haul Away Joe," "Old Stormy," "The

Fee Installment  
Due by Feb. 19

The second installment of fees through March 20 are payable at the Fiscal Office until February 19. Members of the corps who eat in the mess hall will pay \$45.15, while non-military students will pay \$40.35. The itemized installment is as follows:

Board to March 20	\$32.00
Room Rent	2.25
Laundry	3.10
Total	\$44.15

Age of Enlightenment Photos On  
Display in Academic Building

"The Age of Enlightenment," a photographic exhibition prepared by the editors of Life magazine, is now on display in the architecture department. The exhibition, based on the article which appeared in a recent issue of Life on the development of Western culture, will remain on display until February 21. Joe Meador, assistant professor, announced. Many of the ideas and institutions in which 20th Century men are so confident were not always taken for granted, Life editors say. Men can claim the ideas today because of a small group of scholars, artists and scientists living in France during the 18th Century. Their speculations so advanced man's knowledge of himself, and spread such an intellectual glory upon their age that the German philosopher Immanuel Kant called it the Aufklarungszeit—the Age of Enlightenment. It is this intellectual and scientific ferment of 18th Century France that is revealed in the exhibition Age of Enlightenment. Organized under three main sections (Versailles, Paris, and Age of Crisis) the exhibition presents a pictorial analysis of one of the great epochs in the history of Western Culture. In the first section Versailles stands forth as a symbol of Bourbon glory: vast and corrupt yet still powerful. The second section presents the resisting vitality of Paris and the philosophers—a bourgeoisie vitality that made that beautiful city the intellectual capital of the world. Voltaire, Rousseau, Diderot, Montesquieu, Lavoisier all, of them contributed to the systematic examination of man and his surroundings. The third section reveals the impact upon "the people" of the conflict between the ideas of the Enlightenment and the old regime. The exhibition closes with the Oath of the Tennis Court and The Coronation of Napoleon. Among the artists and architects whose work is included are Beaucourt, Fragonard, Nattier, Rigaud, Watteau, Moreau le Jeune, David, Drouais, Debucourt, Greuze, Ledoux Delamare, and Soufflot, as well as engravings, prints and miscellaneous photographs. Visitors are invited to see the exhibit on the fourth floor of the Academic Building, Meador said.

Holstein-Friesian  
Association Meet  
Scheduled Today

The annual meeting of the Holstein-Friesian Association of Texas will be held on the campus, February 9, G. G. Gibson, secretary of the association, has announced. C. M. McWhorter of Paris, president will act as chairman. The program for the day includes a business session at which officers for the year will be elected and reports made on the association's activities during 1947. Plans for 1948 also will be discussed, Gibson said. The afternoon will be devoted to a round-table discussion of interest to the breeders, led by Gibson, who is extension dairy husbandman for the college. Members of the college staff who will participate are: R. D. Turk, veterinary parasitology, A. V. Moore, dairy manufacturing, R. R. Lancaster, extension pasture specialist, P. T. Montfort, agricultural engineering, I. W. Rupel, head of the dairy department, and E. A. Grist, extension veterinarian. A visit to the college dairy herds and the artificial breeding center will conclude the program.

Engineer Society  
Honors Member

Dr. A. C. Hall, an A&M graduate of 1936, has been honored by Eta Kappa Nu, national engineering society, Professor N. F. Rode of the college electrical engineering department has announced. Hall, originally from Tulsa but now an associate professor of electrical engineering at the Massachusetts Institute of Technology, Boston, won honorable mention for the 1946 Recognition Award. The award is given annually by Eta Kappa Nu to the electrical engineer judged to have contributed most to the profession, Rode said. Hall's recognized work was in the field of servo-mechanisms. E. W. Boehne, a 1926 Aggie who now heads the Cooperative Engineering Course at MIT, was a previous winner of an Eta Kappa Nu honorable mention, Rode said.

Eco Club to Show  
2 Movies Tuesday

"Wings Over Latin-America," and "Round Trip," two movies on foreign trade, will be shown to members of the Economics Club Tuesday night at 7 in the Assembly Room, second floor of the YMCA, J. T. Miller, club president, announced today. Filmed by Pan-American Airways photographers, in color, "Wings Over Latin-America" is a four-reel plane trip over the southern continent. "Round Trip," a two-reeler depicts the part of foreign trade in the world economy. No business will be conducted during the Tuesday meeting. On February 17, club business will be discussed.
