

## Ol' Mac For President?...

Why shilly-shally in this business about. him to co-ordinate labor and management in electing some General as President this fall? Why not go all the way?

Despite the howls from veterans which are arising all over the country, and the formation among ex-soldiers and GI students of "Anti-MacArthur Clubs," we will back MacArthur to the extent of suggesting a completely military administration and cab-inet. No doubt it would work as well in the United States as in Tokio. (Did we hear a question?)

For President of the United States w want General of the Army Douglas MacArthur. We believe that "Dug-put Douggie" (as he was affectionately called by the men under him) will be able to get the vote of the men who served in the Pacific. Since several million men served in this theatre, he ought to be able to get these votes as well as those of these men's families and friends.

Many people are worried whether the General will come back and run for the Presidency. But, in the General's own words, "I shall return."

For Vice-President we suggest Major General Howland D. "Howlin" Mad" Smith of the Marines. This selection is only natural since it will consolidate the ex-Leathernecks and therefore prevent a split vote in the party.

For Secretary of State we will approve Lieut. Gen. John C. H. "Courthouse" Lee. His deft diplomacy will enable him to handle our diplomatic problems tactfully.

For Secretary of Treasury our choice is naturally Brig Gen. Bennett E. Meyers. We have selected Meyers for this key position because we feel that he has done such a good job with finances in the past.

For Secretary of Defense we select Rear Amiral Husband E. Kimmel of Pearl Harbor fame. We feel that his record shows that he has always been on the alert and will be an ideal man for this spot. We will fill the Attorney General slot with Col. James Killian. He is one candidate who needs no boosting. His record at the Litchfield Detention Camp speaks for itself. What couldn't he do with the F.B.I.?

any controversy that may arise.

For Secretary of Commerce our choice is Colonel James Durant of the Hesse crown jewels "incident." He was selected to fill this position since he inevitably takes advantage of every opportunity to enrich his family. Wouldn't a man with such devotion be ideal to head the nation's commerce?

Perhaps many will think that we have completely forgotten the civilians. In order to insure this large vote, we are going to put ex-Congressman Andrew May of Kentucky in as Chief Justice of the Supreme Court. So that May will not be in a minority we are going to put the Garsson brothers in as associate justices.

That is our ticket and platform-one incorporated in the other. Perhaps we have overlooked some other capable administrators. However, we haven't forgotten them.

For instance, we intend to let Maj. Gen. Walter Short of Petrl Harbor be Admiral Kimmel's aide. Also we are going to let Col. Durant hire his wife for his secretary.

Although the minor points of the party's platform have not been determined, a cam- King. paign song has been adopted: "The Stars and Stripes Forever."

To be sure, all may not be easy sailing, against people who throw mud on We have heard rumors (unsubstantiated, of course) that some of the veterans on this campus who served under MacArthur in the you all on the Bat ain't aggies. I Pacfic. or under others of our slate in their think you all are trying to make various theatres, were not so much impressed by the conduct of our candidates as were the folks back home:

Former servicemen and students in five cities have announced formation of organizations "against MacArthur" opposing the possible presidential candidacy of Gen. Dougas MacArthur.

In Chicago, Paul Berger, 24, spokesman for the "Veterans Against MacArthur" Club, said if the move gains enough impetus "a national non-political club will be founded.

## **4 Faculty Members Attend East Texas Forestry Meeting**

Dr. Vernon A. Young, Robert F. Rhodes, and New A. Smith of the range and forestry department, ac-companied by David A. Anderson of the Texas Forest Service, met with the Nacogdoches-Lufkin Sub-sec-tion of the Society of American Foresters at Nacogdoches on March 8.

Dr. Young presented an illustrated lecture on "Range Management Applied to the Piney Woods Region of East Texas."

In his talk Dr. Young emphasized that the control of tick fever and the abandonment of worn-out cotton fields in the South have resulted in an influx of livestock into the area. The number of cattle in the piney woods region of the south has increased 165 percent in the last five years, he said, and 8 million cattle currently graze in the area.

FALSE IMPRESSION Editor. The Battalion: It is our opinion that Larry Goodwyn is striving to give a false impression of the situation in the

sponsible for the hidden cost that lowed.

For Postmaster General we hesitate in naming our man. However, we have finally decided to give this job to Brigadier General (ret.) Elliot Roosevelt His ability to get his dog shipped via air express during the war proves that he will be a most-capable man

For Secretary of Agriculture we are advocating Lt. Gen. Lucius D. Clay. His experience in the dairy business in Frankfurt, Germany, will stand him in good stead for this task.

For Secretary of the Interior, we nominate the President's physician, Brig. Gen. Wallace H, Graham. Many people will think that a docton would not be able to fill this position. However, we believe that General Graham's experience in the grain market will enable him to handle the job superbly.

For Secretary of Labor we are backing Maj. Gen. Ben "Yoo Hoo" Lear. His ability to inspire his men will undoubtedly enable

Apparently the printers at the Portland (Ore.) Journal were feeling the tension the day of the union meeting called to vote on whether the publishers offer would be accepted or a strike would be called. The final edition that day, under the "On the Public Record" heading, carried a whole string of funeral notices under the classification: "Business Directory."

The Diamond Match Company got pretty tired of Lieutenant Dan Britt, hero of Mutual's official detective crime series. For many weeks, it seems, Britt would ask his assistant two or three times on each program: "Got a match, Al?" So Diamond Match wrote E a short not saying, "We can't stand it any ionger," and sent along a case of 50,000 book matches.
