my home now," he smiled. What were his first impressions of America back in 1942 when he enrolled in Woodrow Wilson High School in Dallas? "Well," replied Erich, "I was rather amazed to find girls and boys 15 and 16 years old having dates. At first I wasn't in favor of it, but," he added with a smile, "I'm all for it now." "I showed up in short pants the first day at Woodrow Wilson, and attracted an awful lot of attention. It was rather embarrassing then to be the center of attention, but I don't guess I'd mind it now. Anyway, I wore long pants the next day."

Currently toying with the idea of entering the State Department later on, Erich plans to graduate in June of next year. Meanwhile, he continues to be one of A&M's biggest backers.

WHY... I smoke Chesterfield
(FROM A SERIES OF STATEMENTS BY PROMINENT TOBACCO FARMERS)

"I think Chesterfield is the best cigarette on the market. I've smoked them for about 20 years. It's mild and it's got more real tobacco taste."

"Liggett & Myers buy the middle leaves... it's the best leaf... it's mellow... it's got to be ripe. They consistently pay above the average to get the tobacco they want."
