MOORE TROPHY—Pictured above are PRESIDENT GIBB GILCHRIST and DEAN OF MEN W. L. PENNERBY as the GENERAL GEORGE F. MOORE TROPHY is presented to Battery "E" Artillery Commander CAPTAIN A. N. "DUTCH" HARTMAN. In the background, Squadron bearer BILL COUCH is holding the Moore trophy flag. This award was given "E" Battery for outstanding scholastic, military, intramural, and extracurricular standards achieved during this school year.

Battery 'E' Artillery Wins Gen. George Moore Trophy

Battery "E" Artillery, commanded by Cadet Captain Arthur N. Hartman, was awarded the General George F. Moore Trophy for the best all-round military organization in the Cadet Corps yesterday morning during ceremonies conducted at the Parent's Day Review.

"E" Battery had the highest rating in the fields of scholarship, military proficiency, intramural sports, and extracurricular activities of the 25 units composing the Cadet Corps for 1947-48. This award was presented by President Gibb Gilchrist.

The Houston Military Affairs Committee awarded to the cadets of organization with the highest standard of military proficiency for the school year 1947-48 was to Company "A" Company.

Members of the Military Affairs Committee presented citations to each "A" Company cadet.

The Texas Reserve Officers' Association award was presented to Cadet Colonel of the Corps William L. Brown. This award is presented to the outstanding cadet officer in the Cadet Corps. Colonel Richard N. Conolly, A&M graduate of 1937, made the presentation.

The Caldwell Trophy, presented annually to the outstanding non-commissioned officer of the Cadet Corps was won by Cadet Master Sergeant Marvin H. McClure. This trophy consisted of a watch awarded by Caldwell's Jeweler, 5802 G. Street, and was presented by Col. G. S. Meyer Jr., commander.

Cadet Captain Elmo C. Livingston was presented the Tactical Department Award saber for being the outstanding organizational commander of the year. Lt. Col. Joe E. Davis presented this award.

A \$200 cash award was presented by the Daughters of the American Revolution to Cadet Technical Sergeant Donald E. Jarvis for maintaining the highest standards of academic endeavor, military proficiency, and leadership among non-commissioned officers. The award was presented by Mrs. Edward R. Barrow, State Resident of the DAR.

The Albert Sydney Johnson saber, presented annually by the United Daughters of the Confederacy to an outstanding cadet officer, was awarded to Cadet Colonel Ralph L. Shannon by Mrs. J. H. Duvavant.

Cadet First Sergeant John E. Eick was presented the Brazos County Reserve Officers' Association saber, which is given annually to an outstanding Junior in the Cadet Corps. Lieutenant First J. Benson, US Navy, made the presentation.

The Houston Military Affairs Committee also presented a citation to the outstanding non-commissioned officer in the corps, and to the outstanding non-commissioned officer from each regiment. Cadet Master Sergeant Marvin R. McClure received the award for the outstanding non-commissioned officer of the corps. Cadet Master Sergeant George E. Edwards, First Sergeant Leiland G. Stewart, Technical Sergeant James F. Davis, First Sergeant John E. Orr, and First Sergeant Richard E. Donny received the awards for being the outstanding non-commissioned officers of the corps troops and the First, Second, Third and Fourth Regiments respectively.

Company "A" Composite, "A" Flight Air Force, "B" Flight Air Force, and "C" Flight Air Force were named as the four wards for the year 1947-48, and were designated to receive distinctive streamers to be attached permanently to their guidons.

Sons of the American Revolution were presented to the outstanding seniors in the Air Force and each branch of the Army.

These winners were: Captain (See TROPHY, Page 2)

ASHVE to Dine Tuesday With City Chapters

The American Society of Heating and Ventilation Engineers will have its annual dinner Tuesday night at the Fin Feather Country Club.

This affair will be a joint session of the three senior chapters from Dallas, Houston, and San Antonio which will be meeting for the first time with the only student chapter in the state. The A & M chapter was the first student chapter organized in the nation.

The organizing of this chapter was to help the student in familiarizing himself with the different types of air conditioning equipment and to provide connection with air conditioning corporations.

This joint meeting will give the senior chapters a chance to see the progress that the student chapter has made under their guidance, and will give the students a chance to meet Air Conditioning men from all parts of the state.

The social hour will begin at 6 p. m. Tuesday and dinner will be served at 7:30.

All students who at one time or another have attended a student meeting on the campus are invited to attend. Tickets are \$2.50 and can be obtained in the hall of the Mechanical Engineering Building or from Jack C. Palmer, Charles Howard, or Staron Ammons.

Rules of Order To Be Discussed Tonight in YMCA

Parliamentary procedure will be analyzed for Aggies tonight by Dr. John Q. Hays, professor of English.

Sponsored by the Debate and Discussion Club, Hays will tell the philosophy behind rules of order then will describe how such formal procedure can best be adapted to the needs of clubs here on the campus.

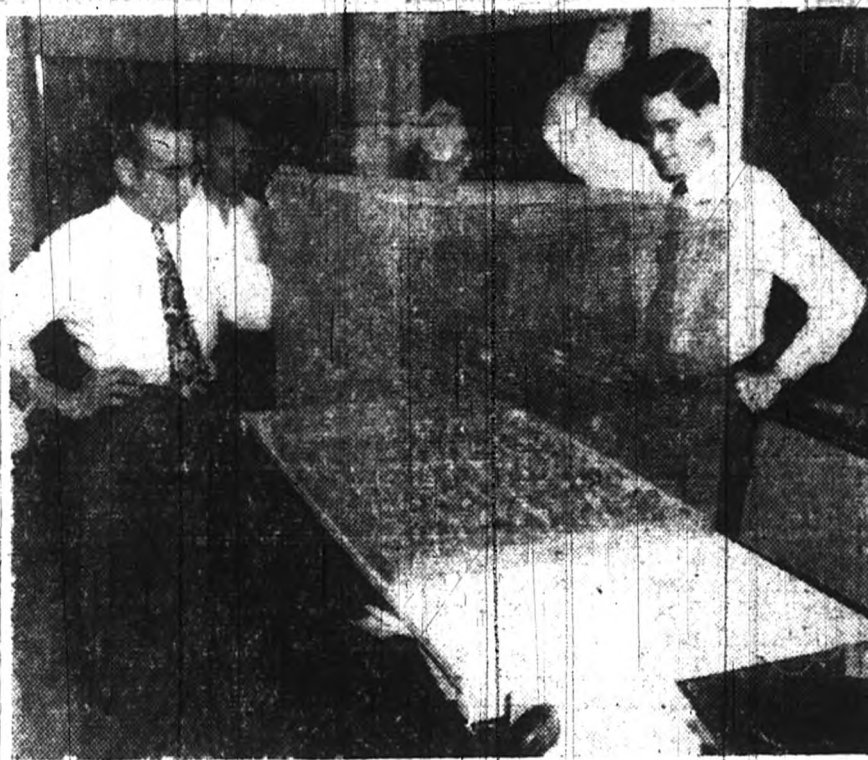

To illustrate some of the more common errors encountered in large meetings using parliamentary procedure, Hays will act as parliamentarian for a brief illustrative session of a fictitious organization. Students will introduce a motion and carry it through to adoption or tabling. During the proceedings Hays will point out mistakes which the group are making.

The meeting will be held in the Assembly Room, second floor of the YMCA, at 7. All students have been invited to attend the meeting.

Petroleum Juniors To Name Officers

Next year's president and vice-president of the Petroleum Club will be selected at a meeting of all petroleum engineering juniors to be held in the Petroleum Lecture Room May 10 at 7 p. m., according to A. O. Hammans, club president.

By selecting these officers prior to the first semester of next year, Hammans stated, the Petroleum Club will be in a position to function immediately with the opening of the fall semester.

PHYSICS MAJORS displayed "energy enough to lift a battle-ship 400 miles" at their A-E Day show Saturday. ERNEST J. KING and FLOYD J. DUBOIS (across the table) show it works.

The demonstration utilized mousetraps and rubber balls to show the disintegration of a group of atoms when bombarded by an electron.

In conjunction with the exhibit the effect of pitchblend on a geiger counter was shown.

Board Promotes 29 Faculty Members at Campus Meeting

By CHARLIE MURRAY

Twenty-nine members of the college teaching staff were officially promoted today at the opening session on the campus of the Board of Directors. The promotions are effective September 1, 1948.

C. W. Randle, acting head of the economics department since June, 1947, was promoted to head of the department.

Receiving the titles of professor were H. E. Hampton (agronomy), J. H. Sorrels (civil engineering), L. M. Haupt (electrical engineering), and E. P. Thompson (mechanical engineering).

Promoted to associate professors were R. C. Pofts (agronomy), R. S. Cain (horticulture), H. L. Gravett (biology), A. E. Finley, R. V. McGee, and B. C. Moore (physics), and J. I. Stadelmann (modern languages).

Assistant professors appointed by the Board were O. D. Butler and G. L. Robertson (animal husbandry), T. M. Ferguson (biology), F. L. Hays (business and accounting), A. O. Frenzel (chemistry), P. L. Ferguson (economics), W. H. Rothrock (modern languages), C. W. Landiss and N. A. Pontheaux (physical education), B. B. Boriskie and A. G. Edmonds (physics), A. M. Platt (chemical engineering), A. V. Sisson and T. P. Prickett (electrical engineering), and P. J. Reiten and H. P. Rigby (mechanical engineering).

An appropriation of \$6,000 was approved for the construction of a warehouse in the material storage

warehouse at NTAC; \$3,500 to construct a radio broadcasting room at JTAC; and \$3,000 to purchase three additional lots at NTAC. Authority was granted to establish Agricultural Experiment station 22 on the E. O. Sieckle State Forest near Kirbyville. The substitution was to be used to coordinate research in forestry, livestock and forage production for that area.

The Board authorized the spending of more than \$9,500 to move the Cotton Fiber Testing and Spinning Laboratories from their separate locations on the campus into available quarters in the USDA building. This move will tend to consolidate related laboratories and make more space available for other departments now located in the building where the labs are now located.

A proposal for the reorganization of the work in veterinary medicine was okayed by the Directors. Subject matter in that field will be more closely coordinated in teaching, research, and extension work. This is the same procedure

Summer School Students Register Tuesday Afternoon in Sbis Hall

First Session Starts June 8; Second Registration July 19

Students now enrolled in school will register for the summer session tomorrow from 1 to 5 p. m. in Sbis Hall. Classes will be suspended during those hours.

Students whose names begin with A, B, C, or D will register from 1 to 2 p. m. This group will be followed by students whose surnames begin with S through Z. Between 2 and 4 students whose names begin with L through R will register, and E through K registration will follow from 4 to 5 p. m.

Tomorrow's schedule follows:
1-2—Students whose surnames begin with A, B, C, D;
2-3—Students whose surnames begin with S, T, U, V, W, X, Y, and Z;
3-4—Students whose surnames begin with L, M, N, O, P, Q, and R;
4-5—Students whose surnames begin with E, F, G, H, I, J, and K.

Students failing to register at those times will register with the new students on June 7. Registration hours for that date are scheduled as follows:
8-9—A, B, C, and D;
9-10—S, T, U, V, W, X, Y, and Z;
10-11—L, M, N, O, P, Q, and R;
11-12—E, F, G, H, I, J, and K.

Classes for the first summer session will begin June 8.

Registration for the second summer semester will be from 8 a. m. to 12 noon July 19. That registration schedule follows:
8-9—S, T, U, V, W, X, Y, and Z;
9-10—L, M, N, O, P, Q, and R;
10-11—E, F, G, H, I, J, and K;
11-12—A, B, C, and D.

Classes for the second summer session will begin Tuesday, July 20.

Summer schedules of classes are off the presses and are available at the Registrar's Office.

CHORUS GIRL—BILLY MCCLUNG was part of the "Ziegfeld" chorus Saturday night at the Aggieldand Follies of '48.

Follies Give Visitors Aggies' Originality

By VICK LINDLEY

Aggies and their visitors crowded Guion Hall well beyond its rated capacity Saturday night to laugh with and at the Aggieldand Follies of 1948.

A swift-moving hilarious revue produced as the entertainment feature of Parents Week-end, The Follies contained a wide variety of material, from mysterious shirt-swapping by a pair of magicians to hill-billy music from a faculty combine.

Biggest surprises of the evening were given by four Annex freshmen, Henry Holland and Bob Cockrum impersonated Bing Crosby and Al Jolson, matching their movements to the sounds of records by those two Hollywoodians. So carefully synchronized were the lip movements that some people in the audience never did realize the trick. (Later, Charles Easley did some more impersonations of Jolson, using his own voice.)

The two other freshmen, disguised under the team name of Zaidaan and Buegmann, magicians, caused C. G. "Spike" White's shirt to come out of his coat in a weird manner, frightening off the stage the girl stogees they had selected from the audience.

When the Aggieldand Ramblers announced "Old Rattler" as one of their numbers, voracious barking echoed through the auditorium, and students whispered to their mothers, trying to explain about Rattler. Needless to say, the Ramblers received the biggest ovation of the evening on finishing that "classic."

Nine husky Aggies, dressed in the most elaborate of show-girl costumes, paraded down the runway amid whistles and wolf-calls. They were Bruce Hill, Bill Wales, Jack Meredith, Harry Saunders, Betsy Jones, Pat Wells, Jack Hinman, Billy McClung, and Sam Langford. (Langford was different—he came as a Fiji maiden.)

Dean Barlow's Faculty Band, under the baton of Burl Ervin, beat out the "Too Fat Polka," with New Heilscher soloing on the bass fiddle. "Uncle Ed" Harrington pulled the strings out of the band to play hill-billy tunes, then brought down the house with his vocal "Manana."

The Double E Flats, also pulled out of the faculty band, were really flat and drew some good-natured boos.

Harry Saunders gave a faithful copy of Celeste Holm singing "I Can't Say No" from Oklahoma. The Aggie-nizers exchanged their customary white aprons and black mustaches for stroboscopic vests, hats and ties, which glowed

through the dark under ultra-violet light, as they sang barber-shop style.

Bill Evans and Jimmy Jones staged a brief vaudeville skit with direct campus references. Skater Ben Jeanes took a couple of prat-falls but also showed some fancy roller-skating in Guion's restricted stage area.

Throughout the evening, Buddy Boyd carried on safely as master of ceremonies and chief vocalist. The pit orchestra was conducted by Arnold Walkow. Lighting was provided by Duane Evans, and Bill Enoch's was technician. D. C. Kolberg was stage manager.

Director Glen Brooks gave pace and style to the entire show which was far better than anything of the kind done here previously.

Judges Judged—Not Cattle

Saddle-Sirloin Livestock Show Takes On New Twist

By H. Z. WHITE

The Saddle and Sirloin Club's Little Southwestern Livestock Show added a new twist to the livestock show business Saturday.

In the Freshman-Sophomore Judging Contest, the judges were being judged instead of the livestock, and in the Fitting and Showing Contest the showmen were being judged instead of the livestock.

In the Freshman-Sophomore Judging Contest, medals were given to the six freshmen and four sophomores with the highest scores. Several juniors who are now taking AH 202 entered the contest, but no medals were given to this group. The four sophomores to receive medals were Ernest H. Trenckmann with a score of 701 from a possible 800; Fred Harrel, 700; Bobby Blandin, 692; and Ray Red, 684.

The six freshmen to receive medals were G. C. Damuth, 718; U. P. Stromberg, 714; R. G. Wheeler, 711; L. L. Landry, 707; D. B. Bishop, 705; and Douglas Wythe, 703.

Other freshmen with a score of 700 or above were B. C. Neal, 702; A. M. Payne 701; and G. W. Brandrette, 700. The three high point juniors were Ralph H. Meriwether, 728; Carl R. Kemplin, 714; and Martin Pickens, 700.

'Miss A&M' Not Miss But Mrs.

A&M's first "MISS A&M" turned out to be a "MRS. A&M."

Saturday evening Mrs. A. J. Tickle, wife of Andrew J. Tickle, veterinary medicine student, defeated other departmental candidates for the title of A&M's first "MISS" or "MRS." A&M.

Announcement of her selection was made at the All-College Dance Saturday evening.

Architect Cited In April 'Forum'

A house designed by Jason P. Moore of the architecture department has placed second as the most modern design in small house construction.

The recognition was given the house built at Denton by the "Architectural Forum," national magazine in its April issue. The issue carried 40 of the most modern designs and the Moore-designed house placed second in the nationwide survey.
