Randle Addresses Civic Clubs On Human-Industrial Relations

"Human Relations in Industrial Relations" has been the theme of a recent series of talks before civic clubs and college organizations by Dr. C. W. Randle, head of the economics department.

Dr. Randle has indicated that employees today are not simply "economic" men. They are motivated by social and psychological motivations along with the economic. Failure of management to realize this complex motivation has brought resulting labor difficulties and the lack of achievement of our full production potential, Dr. Randle believes.

The employee will not simply resign himself to becoming one of a mass—an anonymous clock number. He wants to feel important by receiving individual recognition and improved personal status. He wants his dignity respected. He wants to feel that his job is im-

portant and that he is making a valuable contribution. Dr. Randle stated, "We all know that the last 50 years have shown the brilliant progress of industrial engineering and manufacturing, by which people have enjoyed more physical comforts and conveniences at lower and lower prices. I believe in the coming years, the greatest progress will be what we may term human engineering, the exploring of the unlimited possibilities of human beings working together for a common cause, through mutual understanding, respect, and teamwork."

Dr. Randle has recently spoken to the Kiwanis Club of College Station, the Rotary Club of Huntsville, the Rotary Club of Caldwell, and the Management Engineering Conference at A&M.

Reporter Posts Open With Batt

Reporters are needed for The Battalion during the summer sessions. Roland Bing, director of student publications, said yesterday. He said there are good possibilities that the qualified students may advance to staff positions on the Batt. Students desiring information may contact Bing in Student Activities, Goodwin Hall.

Commissions Open To Qualified Men Under RA Program

Regular Army commissions and duty in the Judge Advocate General's Department are being offered to physically qualified lawyers between the ages of 21 and 32. Colonel Oscar B. Abbott, the senior instructor for the Organized Reserves, announced in Austin today.

Direct commissions as first lieutenants or captains will be given those who qualify and who have served with creditable records as commissioned officers on active federal service in any of the armed forces for at least one year.

Persons who have demonstrated an aptitude for the military service by having been designated an honor or distinguished military graduate of the senior division, may also apply. Qualified Reserve Officers, now on extended active duty are eligible for Regular Army commissions.

Detailed information and application forms may be obtained by writing the Senior Instructor of the Organized Reserves, 415 West 4th Street, Austin.

Laredoans Slate Farewell Dinner

The Laredo A&M Club will hold a farewell dinner-dance for graduating seniors Sunday evening, June 6, at the Hamilton Hotel in Laredo.

Willie Pena, present club president, said that dinner will be served at 7:30 p. m., and dancing will follow in the patio until 12:30.

Price of admission will be \$2 per person, and reservations may be placed with Pena in 8-H. Pur-year.

Two Fellowships Available To Prospective Health Educators

Two prospective health educators in Texas will receive fellowships this year from the Texas State Federation of Womens Clubs and the Texas Division of the American Cancer Society.

Graduate training in public health education for a period of one year will be covered by the fellowships. Candidates must be between the ages of 22 and 40 and must have a BS or BA degree.

Applicants must have had at least 3 semesters of college work in biological science, chemistry, education, and sociology. The accepted applicant will apply directly to the school which he wishes to attend.

A medical examination report will be included in the final application to the American Cancer Society. This report should be made after the candidate has been notified by the school of his choice that he has been accepted for admission.

Accepted students who can meet the entrance requirements may choose from any of the following schools: University of California, Columbia University, North Carolina State College, University of Michigan, University of Minnesota, University of North Carolina and Yale University.

In selecting the recipients, preference will be given to residents of Texas who signify their desire to come back to this state on the completion of their course. The scholarships are valued at \$2,500.

Credit will be given applicants who have had one or more years of experience in public health or in a related field. Training in public speaking, journalism, psychology, or organization work are also desirable qualifications.

The Texas Division fellowships are open to any Texas resident. Prompt action is necessary since the fellowships are to be effective with the fall semester. For additional information letters should be addressed to the American Cancer Society, Texas Division, 2316 Baldwin Street, Houston 6, Texas.

- CAGERS -

(Continued from Page 1) er pivot man sank nine field goals and an equal number of free shots to set a new scoring record of twenty-seven points in the arena.

High spot of the season came on February 6. That night an inspired Aggie five, determined to break into the conference win column, stopped Southern Methodist 51-46.

Bill Batey ended all Mustang hopes of pulling the game out of the fire with an eight-point outburst in less than a minute and a half in the waning seconds.

With Billy Turnbow leading the way, the Cadets continued their winning ways by clubbing Texas Christian 48-22 the next night.

Rice's Owls pushed the Cadets back on the losing side of the scorebook and then an injury-riddled Farmer squad lost its final three games of the season.

Batey and Turnbow furnished most of the offensive punch that the Cadets displayed. Batey ended the season with a total of 250 tallies while Turnbow collected 241. Colorful Mike Garcia was the defensive spark plug and his tricky ball handling delighted the fans and confused his opponents.

Bob Kamperman sent 137 points through the hoop. Gene Schrickel scored 136, and Sam Jenkins added 135.

Russell Accepts Position With CARE Committee

Daniel Russell, professor of sociology, has accepted a position with the Cooperative for American Remittances to Europe, a state honorary committee.

The committee is headed by Gov. Beauford H. Jester, chairman, and Lt. Gov. Allan Shivers, vice-chairman.

Purpose of the organization, which includes a state council composed of representatives of various statewide groups, is to carry the message and value of CARE's personalized relief service for Europeans to every interested Texan.

The executive committee has mapped plans for the Texas program with Dr. Leroy Dakin, national field representative of CARE.

Russell is now serving as president of the Texas State Social Welfare Association. This group includes all public and private social workers in Texas.

Roberts Selected '33 Class Agent

J. E. Roberts of the Agricultural Experiment Station is the new class agent of the 1933 class. He was elected by members attending the class reunion on the campus this past weekend.

Joe W. Richards Jr. of Loggrett was chosen as the representative to the Association of the Former Students Council.

Seventy-two members of the class attended the reunion. T. E. "Ike" Morris of Waxahachie is president.

CHICAGO, May 26 (AP)—Detroit has offered to build a 12 million dollar stadium and Olympic village in its bid to land the 1956 Olympic games.

All over America... Smokers Report

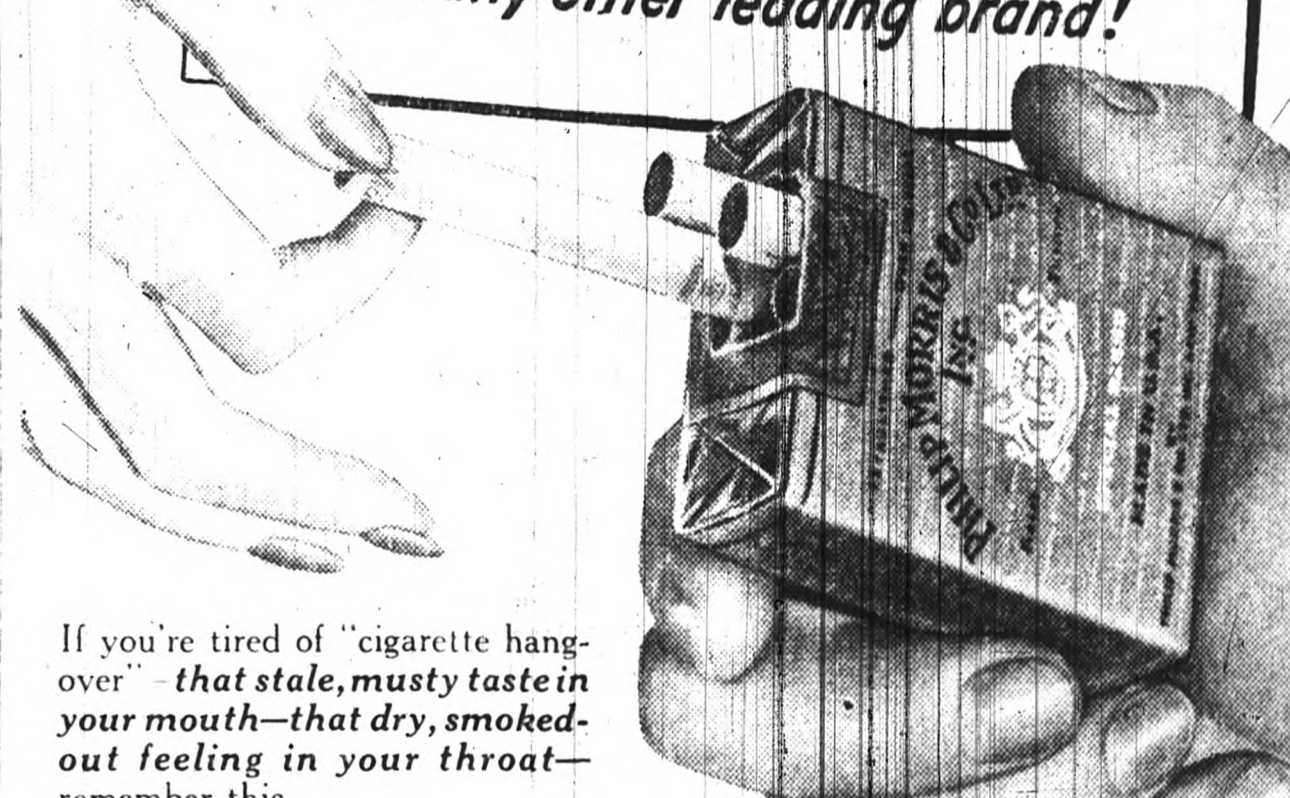

NO CIGARETTE HANGOVER

when you smoke PHILIP MORRIS!

—because PHILIP MORRIS is

DEFINITELY LESS IRRITATING

than any other leading brand!

If you're tired of "cigarette hangover"—that stale, musty taste in your mouth—that dry, smoked-out feeling in your throat—remember this . . .

All over America scores of smokers who changed to PHILIP MORRIS have written entirely unsolicited to tell us they now enjoy a milder smoke, a fresher, cleaner smoke than they've ever known before.

And for a good reason — because PHILIP MORRIS is the ONE, THE ONLY leading cigarette recognized by eminent nose and throat specialists as definitely less irritating.

NO OTHER CIGARETTE CAN MAKE THAT STATEMENT!

Read What One of America's Top-Ranking Doctors Says About PHILIP MORRIS

"In cases of irritation of the nose or throat, it is my usual practice with my patients who smoke to suggest that they change to PHILIP MORRIS. I inform them that the reason for this advice is that I am convinced that they are less irritating than other cigarettes."

From one of a series of PROFESSIONAL STATEMENTS by EMINENT NOSE AND THROAT SPECIALISTS.

CALL FOR PHILIP MORRIS

You'll be glad TOMORROW you smoked PHILIP MORRIS TODAY!
