Graduates Needed

In Appliance Sales

There is a great demand for

college men, both undergraduates

and graduates in the field of home

appliances, Jason Hurley, president of Thor Corporation says.

With the return of the buyer's

market, the major appliance indus-

try is looking to the nation's cam-

puses for young men who will car-

ry out the sales of various articles

from electric irons to dishwashers.

The Thor Corporation wants 10,-000 college men to join their deal-

The new crop of college grad-

uates today are men of whom 85

per cent were war veterans, Hur-

ley said. They are the type of men

that most organizations are look-

ing for because of their serious-ness and ability to learn the new

ways of the business from the very

The future is also good for the

undergraduate. Today the under-

graduate student has a chance to

combine his summer with invalu-

able sales training under the guid-

ance and help of experienced dealers. At the same time the student can earn some spending money.

Rare Book Describing Extinct Birds Acquired by Library

By C. J. WOODWARD Cushing Memorial Library has recently acquired a rare with North American Aviation, book, Extnct Brds by Walter Rothschild.

The book, written by a British ornithologist, is number several improvements over the 150 of 300 copies of a limited edition, 280 copies of which North American T-6F Texan, which were for sale. It was published by Hutchinson and Com-

pany, of London, in 1907. Included in the book are 63 sub jects, with 45 colored plates and other illustrations.

the T-6's 205, and it can elimb to The book unites in one volume short account of those birds 31,650 feet as compared with the T-6's ceiling of 22,000. The air force also awarded a which have become extinct in historical times-that is, within the \$7,000,000 contract to the Wright last six or seven hundred years. There are added a few birds which Aeronautical Corporation, Wood-Ridge, N. J., for production of Rstill exist, but are on the verge of extinction:

The R-1300 engine, also known as Cyclone 7, will be installed in Probably the best known and most talked about of recently extinct birds is the "Dodo" (Didus Cucullatus) which became horse-power, designated Cyclone 9 extinct about the end of the 17th century (1680-1690). is a postwar refinement of the engines which powered the Boeing

The reasons given by the book for the "Dodo" becoming extinct were that its total inability of flight, the heavy slow gait, and the utter fearlessness from long immunity from enemies, led to continual slaughter of the bird for food by the sailors and others who came to and dwelt on Mauritius. But the final cause of the extermination of this and many other birds in the Mascarene Islands was probably the introduction of pigs, and also the Ceylon Monkey. These animals increased enormously in numbers, ran wild in the woods, and soon destroyed all the eggs and young birds they could

The book was purchased for the Wildlife Management department from Nada Kramar, Washington book dealer, for \$227.65. Later listings have quoted a price of \$275.00 for this rare edition.

Trotter Looks Back

NEW YORK (P) Doe Parshall, veteran harness horse trainer and driver, came out with an in-novation in the sulky racing game this season when he equipped his sulky with a rear-view mirror so he can keep posted on what's go-ing on behind him without having to look over his shoulder.

Yellow Fee Slip Must Be Shown To Enter Grove

The "yellow fee slip" will have to be shown in order to be admitted to The Grove, effective immediately, C. G. "Spike" White, director of Student Activities, has announced.

"The fee slips will be necessary for admittance whether the attraction is a show, bingo game, or concert. All non-students will be admitted provided they bring their own chairs,' White said.

"We are having to do this because of the large number of non-students that have been attending activities at The Grove and depriving students of seats. All these activities are financed by the student activity fee and,

therefore, they are for the bene-fit of the students."
White continued, "Families of students are welcome to come f accompanied by the students. If not accompanied by him, they must have his yellow fee slip with them for identification."
