New Law Requires Registration Of Male Texans 18-26

Texans under 26 who registered under the 1940 draft law must register again under the 1948 act, according to General K. L. Berry, state selective service director. He explained the new law required all males 18 through 25 to sign up unless they are specifically exempt by law. The only groups exempt from registration, General Berry said, are: members of the armed forces on active duty, including members

of the coast guard and geodetic survey and the public health service; cadets of the United States Military Academy and Coast Guard Academy; midshipmen of the United States Naval Academy; foreign diplomatic and consular representatives and members of their families. The purpose of registration is to get a census of males of the required ages. It does not mean that all men registered will be called for military service. Many of those who served in the armed forces during World War II will be exempt from training under the new law, but only those listed will be exempt from registration.

- SAMPLERS -

Fahrenheit for 30 minutes. If the milk is subjected to a higher degree, or if cooked for more than 30 minutes a burnt taste results. Only under these two circumstances can a person tell with any degree of accuracy the difference between the raw and processed milk. The safety afforded by pasteurizing milk cannot be undervalued. Many diseases may result from unwholesome milk, such as tuberculosis, typhoid, and undulant fever. Even if the cow should drink polluted water, for instance, the milk given off is harmful, Moore stated.

The cost to the consumer for pasteurized milk is 3 cents per gallon. The results of the survey will be released sometime next week.

Cotton Research Funds Allocated At Budget Meet

The Cotton Research Council, in its annual budget meeting in Abilene, has made allocation of funds for cotton research projects at A&M, the University of Texas and Texas Technological College. A&M projects were allocated \$50,000; the University of Texas \$45,000, and Texas Tech \$35,000. The allocations are for the fiscal year beginning September 1. The committee also approved a recommendation of John Leahy, Administrative Director, College Station, that it ask the next Texas Legislature for an appropriation of \$250,850 per year for the research projects for 1950 and 1951.

Prewit to Leave For Washington

J. D. Prewit, acting director of the Extension Service, will fly to Washington, D. C., August 15 to confer with Federal Extension officials on matters pertaining to the state program for the coming year. While in Washington, Prewit will also confer with Director Ide P. Trotter, who returned to Washington last week from his six months tour of duty in Far Eastern countries. Dr. Trotter will return to College Station the latter part of August, after he has completed his report to the Office of Foreign Agricultural Relations on cotton in the Orient.

UNKNOWN DISEASE HITS ALABAMA COTTON CROPS

MOBILE, Ala., Aug. 13 (AP)—An unidentified disease is attacking cotton fields in a wide area of western Mobile County, agricultural agent Charles J. Brockway reported yesterday. The disease causes leaves to curl up and fall from the plants exposing the rapidly maturing cotton bolls and interfering with their development.

Domino Tourney Won by Morris And Shipley in Playoff

BOB MORRIS and TOM SHIPLEY won the Domino Tournament last Wednesday by trimming Weldon Broughton and Pat Brown two games in a row. The winners received a rain check on a corsage, donated by the Aggie Land Flower shop, and a free portrait given by the Aggie Land Studio. Broughton and Brown, the winners of the "42" contest, couldn't get started against Morris and Shipley in the playoff round. Shipley scored five times in a row the second game of the playoff series. Tex Fields and P. L. "Beantpole" Geistman had a firm foothold on the booby prize all the way as they lost every game. They received a pig-shaped bar of soap and a wash towel for their efforts. Broughton and Brown were given a set of dominoes for second place. James Stewart and Jack "Red" Thompson were leading after the first round of play Monday night but forfeited in the playoff series. The Batt Sports Staff will also sponsor a "Moon" tournament next week if interest warrants. Entries should be turned in to the sports department before Monday.

(Continued from Page 1)

the old man that I had better get out and get in the place he told me about. I got his answer pretty quick, but it didn't do me much good, because he said as long as I was here I had better stay. He filled a couple of pages with stuff about college spirit and alma maters and said I was living his dream for him. I skipped over that but read the part that was written right under the check pinned to the last page. It said that if I didn't make good grades I wouldn't see any more of these. This meant the only thing for me to do was to get the questions and figure out the answers before I went to class. You may think that that's easy, but it ain't. Sometimes some of the guys have already gotten the questions and I don't have any trouble, but sometimes I have to get the questions myself and it's a lot of work. The best way to do it...

Here followed quite a bit of confidential information that we believe would be injurious if released to the general public. There is little more to the case history of Leftot. Unlike the subject of our first case history, Inkie Leftot has never been apprehended while cheating. However it is clearly seen that the habit is biting deeply into his soul and destroying the sterling character that was so visible in the opening chapters of his history. That these pitiful examples may be impressed upon your mind, we

LET'S TALK 'CENTS'

These days everyone is talking about prices... so let's "talk cents" for just a moment! Every wise home manager knows that you don't actually save money by buying the cheaper, inferior brands. That's why FUSSELL'S feature only quality brands; well-known foods that are dependable. Yes, we know you'll agree that you actually SAVE by ordering the finest foods available, not to mention the satisfaction that comes with knowing your family is really being fed well! But in addition to quality, FUSSELL'S make it a point to keep prices as low as possible, so that by shopping here you not only buy TOP-GRADE FOODS... but you buy them for BOTTOM-DRAWER PRICES.
