

MISSING AIRLINER LOCATED IN BAHAMAS
MIAMI, Oct. 5.—A missing charter airliner with 21 persons aboard has been sighted on a lonely Bahama Island with several injured persons nearby.
A coastguard plane which sighted the downed craft said several passengers were walking nearby, beached on tiny long island in the Bahama chain.

"Injuries to personnel appear slight," radioed Lt. A. P. Copugh, pilot of the Coast Guard plane.
Copugh reported that survivors waved as he flew overhead and called for water. Several bottles of water were dropped.

Two four-engine PBM's were ordered to the spot and the American consul at Nassau was asked to get a tug underway for a rescue effort.

RUSSIA ISSUES NEW TRAVEL RESTRICTIONS
WASHINGTON, Oct. 5.—(AP)—Russia has issued new travel restrictions which in effect confine foreign diplomats to the Moscow city limits, the State Department said today.

The restrictions apply to travels in the Soviet Union by staff members of foreign missions and consulates, the department said. They were issued last Thursday.
The department said news reports about the new order, filed by American correspondents in Moscow, have been held up by a Soviet censor.

The department said the new regulation adds a new and greatly expanded list of points and localities in or to which travel is prohibited for members of staff of foreign missions and consulates. For all practical purposes the list covers the entire territory of the USSR, the principal additions being the newly acquired territories, such as Sakhalin.

GAINSVILLE HAN TANK CAR FIRE
GAINSVILLE, Oct. 5.—(AP)—Eight or ten cars of a Missouri-Kansas-Texas freight train loaded with crude oil were ablaze at Friday, six miles west of here, shortly after noon Monday.
The tank cars caught fire after several cars were derailed. No one was reported injured.

Firemen with ladders pulled the caboose and eleven cars to safety. Ten cars remained on the tracks behind the locomotive.

The freight train, east-bound, was made up of 44 tank cars, all filled with crude oil.
In charge of the train were Roland Meadows, conductor; W. G. Holt, engineer; and fireman Rocker, all of Denison.

Bryan Player May Strengthen Navy's Defense This Year

ANNAPOLIS, Md., Oct. 5.—(AP)—The coach of the Navy football team is gratified with the showing of Bill Powers, 170-pound half back from Bryan, Texas.
The Texas made a good showing against the University of California, but an injured hand kept him out of the game Saturday with Cornell.

Shunted to the second string on offense, Powers was inserted into the line-up and soon took against the University of California and played a whole of a half game while Navy was fighting a losing 21-7 battle.
Powers showed little respect for powerful Jack Jensen, the California fullback who is being booed by Coast fans as all-American material.

Jensen broke through the Navy line many times during the course of the game and Powers had plenty of opportunities to stop him. In the second quarter with Navy seven points ahead, Jensen dashed around his left end and seemed headed for a nine-yard touchdown run. One foot from the goal line, Powers stepped in and hit the big Californian so hard that he had to leave the game.

The rugged Texas is only 19 years old and stands five feet ten inches tall. Because of the lad's youth, Navy's new civilian coach, George Sauer, thinks that Powers will show plenty of improvement in the months to come.
"He's going to be a big help if he keeps developing," Sauer said. Then the coach thought of the Middle's "Suicide Schedule" which includes such gridiron realities as Pennsylvania, Notre Dame, Michigan, Columbia and Army. The coach added: "And we sure can use him."

Childress County Club Lays Plans

Don Decker was elected president of the Childress County A&M Club, which met last Thursday night with twenty-two members present.
Other officers elected were Terry Parr, vice-president; Cleve Walcup, secretary-treasurer; Gene Adams, reporter; and Don Smith, social chairman.

Among the activities planned for the following year is a stag dinner after the Rice football game, a barbecue during the Christmas holidays, and an Easter dance.

Battalion to Begin Publishing Regular Women's Page Tuesday

The Battalion will start publishing a Women's Page as a regular part of the Tuesday issue, Kenneth Bond, co-editor, has announced. The page will begin with the October 12 issue.

Mrs. Nancy Lytle, wife of Hilton Lytle who is a Junior taking Industrial Education has been named editor of the page.

The size of the paper will be increased to six pages on that date in order to carry the news of interest to the women and still present all of the College and College Station news, Bond explained.

Report of women's club meetings, menus, and household hints are some of the things which will be carried in this page. "I also plan to carry a weekly column of all the child births," Mrs. Lytle said.

Mrs. Lytle plans to carry a calendar of social events which will be of interest to all wives. This page is open to contributions from all wives of A&M students, A&M employees, and wives from College Station. "Every wife who is concerned with the College or College Station is eligible to contribute stories and pictures," Mrs. Lytle explained.

Announcements of weddings complete with pictures will be accepted. Pictures of women's meetings may be submitted. Deadline for turning in copy and pictures has been set for this Friday afternoon at 3. The copy may be turned in to The Battalion Office, Room 202, Goodwin Hall.

Any club member who desires a notice of a meeting placed on this page may call 4-3444 on any week day afternoon from 1 to 4.

Mrs. Lytle holds a bachelor of science in Journalism from SMU. She taught English for two years at LSU while Lytle was attending college there.

In addition to experience in advertising and society page writing Mrs. Lytle was editor of the University Press at LSU.

Dr. Bennett Will Address Fish And Game Club Tonight

Dr. Logan J. Bennett, chief of the Branch of Wildlife Research, U. S. Fish and Wildlife Service, will address the Fish and Game Club this evening at 7:30 in the Agricultural Engineering Building.

Bennett will discuss the progress now being made in wildlife research and the fields of opportunity now open in wildlife management.

Bennett's research has been in the field of ecology of North American waterfowl and upland game birds. His masters thesis was written on the life history of the blue-winged teal, a familiar bird to the sportsmen of Texas.

One of his more recent publications is a book dealing with the training of dogs to hunt grouse and woodcock.
Bennett, prior to his recent promotion, held the title of Coordinator of Unit Activities, and before that time served as a state unit leader. He has been active in wildlife research since he received his Ph.D. degree from Iowa State University in 1937.

An informal discussion period will follow Dr. Bennett's address.

WAR TRIALS MAY END
TOKYO, Oct. 5.—(AP)—The department of the Army has ordered American trials of Japanese accused of war crimes concluded by the end of this year, usually reliable sources said here today.

'Pinky' Suffers Breakdown . . .

Shmoo Snatcher Snitches Shmoo; All College Poised for Determined Hunt

By C. C. MUNRO
"Somebody has snitched the Shmoo."
That electrifying word was flashed over the Campus Security smoke signal network late last night and set in motion one of the greatest Shmoo hunts since Daniel Shmoo invaded the peaceful hills of Dog patch.

Lou the Shmoo was first missed about 8 last evening when P. L. "Pinky" Downs went out to the Shmoo's residence to gather the Down's egg supply. Thinking that Lou had just stepped out for a short evening walk around the campus, Downs did not become concerned at his absence.

However, when Lou did not show up for the 7 p. m., 8 p. m., or 9 p. m. milk, butter, and egg gathering, Downs became worried and notified a local patrolman who was busy checking on parking regulations nearby.

The guardian of law and order conducted a short investigation and discovered signs of a scuffle behind the Shmoo's home.

Wise Appointed To Assist In Publications

Sidney L. Wise of Enid, Oklahoma has been named Assistant Manager of Student Publications, Roland Bing, Manager of Student Publications announced today.

Wise comes to A&M from Radio Station, KCRK in Enid, Oklahoma where he was Director of News.
He holds an AB degree in Journalism from the University of South Carolina and has completed all requirements for his M.A. degree at the Medill School of Journalism, Northwestern University.

Prior to his work with Radio Station KCRK, Wise worked on the Columbia Record, Columbia, South Carolina, and was later employed by the State Associated Press Bureau in Columbia. He also served as staff writer on Institutions Magazine in Chicago for a one year period.

Wise served as associate editor of The Gamecock, student newspaper at the University of South Carolina and was business manager of The Carolina Review, student literary magazine. He also managed Radio Station WUSC, campus radio station at the University of South Carolina.

He is a veteran, having served in the 28th Division and Third Army Headquarters. He was commissioned a Second Lieutenant on the battlefield in Europe.
His home is Columbia, South Carolina.

Ag Ed Department To Supervise FFA Exhibition at Fair

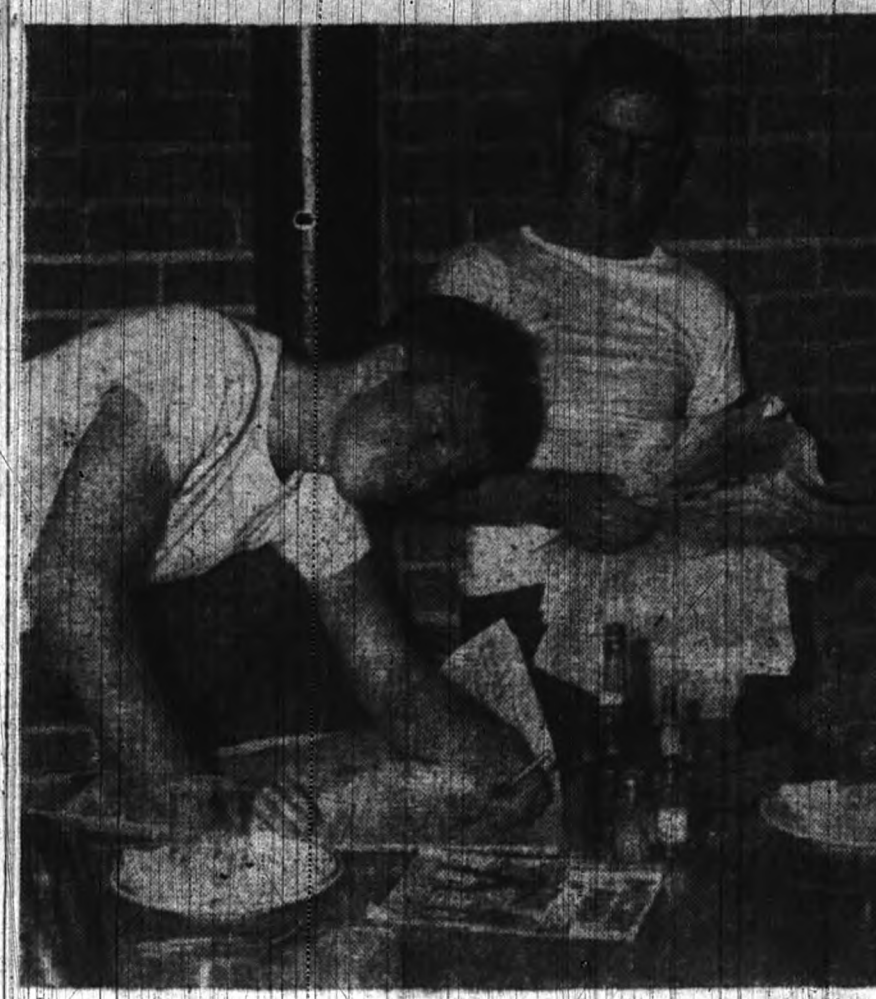

The Agricultural Education Department will supervise the Future Farmer Exhibition at the State Fair on October 9-23. W. W. McIlroy, of the Ag Ed Department, announced Monday.

Mellroy, chairman of the work committee, said that the exhibit will cover a space of 20 feet by 8 feet with an 8-foot background. A large caption, "Future Farmers of America," will appear in the background with the Future Farmer motto, "Living to Do, Doing to Learn, Learning to Live, Living to Serve," underneath.

There will be an automatic projector in the center of the exhibit showing slides from thirty-two schools. These slides will demonstrate the various Future Farmer activities of high school boys.

COMMUNISTS SLIPPING IN CHINA THEATRE
PEIPING, Oct. 5.—(AP)—The Red threat to Kweisiu was pronounced over today in pro-government dispatches from the interior Mongolian State Capital of Sui-lyuan.

FRENCH MINERS STRIKE
DOUAI, France, Oct. 5.—(AP)—A strike of some 335,000 French coal miners that could paralyze the nation's industry if prolonged began quietly today.

JIM STEPHENS, one of the five candidates for the Ugly Man, maps out campaign. TOMMY SPLITTGERBER looks on.

Late Telephone Developments To Be Demonstrated Thursday

The latest developments in telephone communications will be demonstrated in the Assembly Hall Thursday night, at 8, according to Normal F. Rode of the Department of Electrical Engineering.

Admission will be by ticket until 7:40, when the doors will be open to the general public. Students desiring tickets may obtain them at the EE office in Bolton Hall, Rode stated.

Dr. J. O. Perrine, assistant vice-president of the American Telephone and Telegraph Company, will put radio microphones through a performance that has him doing such things as lighting fluorescent lamps in mid-air without wire connections, bending around corners, bouncing off of electrical conducting surfaces, and passing through metallic lenses and prisms, Rode said.

Perrine will explain this scientific "magic" and its applications in some of the astounding innovations in telephone, radio and television communications, according to Rode.

The devices and phenomena that will be demonstrated by Dr. Perrine have been developed in the Bell Telephone Laboratories. The speaker will have several thousand dollars worth of special electronic equipment for demonstration purposes.

The talk will be non-technical, Rode promised. No special knowledge of science or electronics is required to understand the talk.

Dr. Perrine was in Texas early in 1941, accompanied by "Pedro the Voder," a machine that talked like a man, reproducing speech sounds mechanically.
An outstanding authority on communications, Dr. Perrine is a graduate of Iowa, Michigan and Cornell Universities, a member of three honorary scholarship fraternities—Sigma Xi, Phi Delta Kappa, and Sigma Pi Sigma, and is a Fellow of the American Association for the Advancement of Science.

Vet Seniors Photo Schedule Revised

Veteran seniors whose surnames begin with T, U, V, W, X, Y, and Z, are scheduled to have their pictures made at the Aggie Studio tomorrow through Friday, the Longhorn editors have announced.

Veterans have been asked to wear a light shirt and a medium colored coat to prevent undue contrast in the pictures. Ties are required, the Longhorn staff added.
Saturday, October 9, will be the deadline for senior veteran picture taking, the editors said.

Less Than 300 Tickets On Sale for Town Hall

Less than 300 general admission tickets to this year's Town Hall performances remain to be sold, C. G. White, director of Student Activities, announced today.

Guy B. Daniels, Town Hall manager, said one man had been assigned to each new area dormitory in an effort to contact everyone interested in obtaining a ticket.
Tickets are \$3. each, and no reserve seats are available, Daniels said. Persons not living in the new dormitory area may get tickets at the Student Activities office or from Town Hall staff members.

Town Hall staff members are Guy Daniels, Bernard Kitchen, Hiram Smith, Don Peters, J. B. Rochele, Earl Rose, George Edwards, Archie Anderson, Jarvis Miller, Herbert Frode, David Gowers, Buddy Boyd, and Bill Golden.

Daniels reassured students that a seat will be available for every ticket sold.
Phil Spitalny and his All-Girl Orchestra will probably be the first performers of the season, White has announced. Arrangements for the orchestra are still pending but it is almost certain that they will appear November 15, White said.
The appearance of Alos Templeton, blind pianist, will probably be changed from November 11 to some time in February.

The Original Dan Crossak Chorus will be here December 7 followed by the San Antonio Orchestra under the direction of Max Heiter January 16.
Star of opera, concert, screen and radio, Gladys Swarthout, mezzo-soprano, will appear on Town Hall March 22.
Daniels asked that persons interested in seeing the performance get tickets as soon as possible.

Joint Meeting of New and Old Senate Planned for Wednesday

The Student Senate will hold its first meeting of the year Wednesday evening at 6:15 in The Grove, N. R. "Jug" Leatherwood, retiring president of the Senate, announced today.

A barbecue supper will be served. Leatherwood requested all present and former senators to attend, including all senators from the Annex and local college areas.

Only a few business items will appear on the agenda since the meeting is primarily intended to be an organizational one, Leatherwood said. New officers for the Student Senate will be elected.

Representatives of the Student Senate who will serve on the Student Life Committee will also be selected at that time.
Senate Committees concerning the mess hall, the hospital, the exchange store, student elections and social events will be appointed and organized. Newly appointed members will have the opportunity to get information about their duties from last year's members of the respective committees.

The attraction of the evening will be the presentation of keys by Leatherwood to the 1947-48 senators.

Keys will be awarded on the basis of each senator's past attendance record. Leatherwood explained.
Regular meeting nights of the Student Council will be the first Wednesday of every month.

Prospecting Film Will Be Shown To Geologists Tonight

Something new in educational films will be shown at the meeting of Geology Club tonight at 7:30 in Petroleum lecture room, J. M. Goodwyn, president of the club, said this morning.

"Prospecting for Petroleum," a Shell Oil release, is produced by George Paul in the form of a puppeteer. Goodwyn said. The 25-minute technical film caricatures the Voice of Oil, a Professor, the Voice of History, and a Geologist.

This will be the first meeting of the club this semester and Goodwyn announced that a short business meeting would be held after the film to elect a reporter.

Officers elected last spring include Jim Goodwyn, president, Herbert Davis, vice-president, A. C. Hope, secretary-treasurer, and Frank Hardin, program chairman. Professor W. C. Basanussen is sponsor of the organization.

New Rifle Club To Meet Wednesday

A new rifle club will hold its organizational meeting at 7:30 Wednesday evening, Room 11 of the CE Building, B. E. Schiller, who will sponsor the club, announced Monday.

The club will enable veteran students, who are not eligible for the college rifle team, to enjoy group rifle shooting, Schiller said.
"If there are as many as ten members then it will be possible for the club to become affiliated with the National Rifle Association," Schiller said. "It will be a small-bore rifle club," he added.

Members of the faculty, veteran students, and persons residing in the surrounding communities who are interested in competitive marksmanship are urged to attend.

Space in Longhorn Must Be Reserved

Clubs and organizations desiring space in the 1949 Longhorn can turn in their reservations now to Mrs. Helen Roberts in Student Activities Office, T. G. Martin, Longhorn co-editor announced today.

Prices for Longhorn space will be \$35 for a full page or \$20 for a half page, Martin said.
The full page will consist of a large picture of the club during a meeting (unposed), individual pictures of the club officers, a write-up on the club purpose, and a list of the club members.

Grad Exams Scheduled Here October 25, 26

The Graduate Record Examination will be given on the Campus this afternoon of October 25 and 26 to students planning to enter graduate school this spring. Dr. W. A. Varvel of the Education and Psychology Department announced today.

Students planning to take the test should register in Room 102 of the Academic Building before Thursday noon, October 27, Varvel said.

The test measures knowledge and understanding in the principle subjects of a liberal education as well as in the student's major field of specialization. According to Varvel a number of the largest graduate schools in the nation require applicants for admission to submit scores on this test as a supplement to their undergraduate transcript.

Each person taking the examination receives a report of his scores and copies are sent to three colleges upon his request.
The examination fee is 10 dollars, payable at the time the test is taken.
All the tests are of the best answer type.

The examination is also scheduled in February and May for the convenience of those planning to enter graduate schools next fall. At present, A&M does not require this test as a basis for admission to graduate work.

Information booklets and registration blanks may be obtained from Varvel in Room 104, Academic Building.

Information booklets and registration blanks may be obtained from Varvel in Room 104, Academic Building.

Lutheran Students To Hear Russell

Daniel Russell of the Department of Agricultural Economics and Sociology, will speak before the Lutheran Student Association at 7:30 p. m. Wednesday, according to W. A. Kellins, vice-president of the Lutheran Association.

Russell will speak on "The Family in Modern American Society" at the Lutheran student house located three blocks north of the Main Post Office.
Student Pastor Rev. Fred McGroff, and the Association invites all students interested to attend.

Rio Grande Club Elects Officers

Randy Barker was elected president of the Rio Grande Valley Club at a meeting of that organization last week.

Other officers who were elected were Lloyd Barker, vice-president; Jerry MacManus, treasurer; and Bill Blackburn, secretary.
Members of the club decided that future meetings would be held on the second and fourth Thursday of each month in the reading room.

J. T. MILLER, DS (Doctor of Shmoos), investigates a SHMOO trail, hoping to find some clue about LOU SHMOO, who has disappeared from the College.
