

JOHN L. LEWIS AWARDED RAISE
CINCINNATI, Oct. 12.—(AP)—The United Mine Workers Monday raised John L. Lewis' salary to \$50,000 a year, then doubled the dues and raised the fee for joining the union over vigorous opposition from the convention floor.

Lewis, whose will seldom is challenged, encountered strong arguments against the initiation fee increase from \$10 to \$50 and the raise in dues from an average of \$2 to a uniform \$4 per month throughout the nation.

The \$50,000 salary for Lewis makes him the highest paid labor leader so far disclosed by published incomes of union presidents.

Proposals were made to boost Lewis' salary to \$75,000 or \$100,000.

The union's constitution was amended to the \$60,000 salary. Salary of the union's president had been fixed at \$25,000.

CHINA REDS OPEN FALL CAMPAIGN
NANKING, Oct. 12.—(AP)—Heavy communist forces struck savagely today at two central China provincial capitals, Sian and Taiyuan, in what the Reds described as the opening of their fall campaign.

Both capitals were threatened. More than 1,000,000 regular Red troops were engaged in fighting ranging from the Shensi province capital of Sian to the Manchurian corridor, near the coast.

FAIR ATTENDANCE NORMAL AFTER RAIN
DALLAS, Oct. 12.—(AP)—With the weather crisp, cool and only partly cloudy, swarms of visitors started pouring through the turnstiles of the State Fair of Texas this morning.

Sunday's rain dropped the attendance to 72,692.

Reed, Tiedt Will Campaign For Editor of Annex Freshman Page

L. O. Tiedt and Travis D. Reed were qualified as candidates for Editor-in-chief of the Freshman Page at the Annex, S. B. Southwell, faculty adviser, has announced.

The two freshmen were selected from five men who applied as candidates. The group appeared before a screening board consisting of Kenneth Bond, Battalion co-editor; Tom Carter, Battalion co-editor; Sid Wise, assistant manager of Student Publications; D. D. Burchard, head of the Journalism Department; and Southwell, adviser.

Bullets will be marked by Corps students and taken to the evening military formation on Thursday. All ballots cast by these students will be picked up at this time, Southwell said.

The non-corps students will fill out the ballots and turn them in to the housemaster of each barracks. The housemaster will turn them into the Dean of Men's office Thursday night.

Tiedt, an agricultural education student from La Grange, Texas, served as reporter for the Freshman and Sophomore Classes in high school. He was secretary-treasurer of the Senior Class and president of the 4-H Club for two years.

In addition to being a staff member of his high school paper during his junior year, Tiedt was editor of the paper during his senior year. He is in the Infantry.

Reed, who is 18 years old, is a graduate of Pasadena High School, Pasadena, Texas. He was a member of the Dramatics Club, Junior Court and Journalism Club. He also worked for the local school paper as reporter for the Band and Band Club.

Reed served as news-editor, assistant editor, and editor of the high school paper before graduation.

Reed is a member of Company 1.

Fifteenth Annual Aggie Rodeo To Be Staged Here Oct. 15, 16

By HERMAN GOLLOB

For the fifteenth consecutive year, Aggies will don their blue jeans, cowboy boots, and Stetson hats to observe the Aggie Rodeo Friday and Saturday, October 15 and 16, in the Annual Husbandry Pavilion.

The Saddle and Siroin Club sponsored the first Aggie Rodeo, which was held in 1933, to raise money to send the A&M senior judging teams to the American Royal Livestock Show in Kansas City and the International Livestock Show in Chicago. That purpose remains the same today.

The Double S rodeo stock, approved by the Rodeo Corporation of America, to be used in the Rodeo will be donated by an Aggie-ex, Dr. Derral Sprott, '38 and his partner.

Six events and one feature event will be held in this year's rodeo, according to Jack Kingsberry, president of the Saddle & Siroin Club. Bareback bronc riding, calf roping, saddle bronc riding, cow milking, bull dogging, and team roping constitute the six events.

Friday night's performance will begin at 8, and Saturday's performance will start at 7:15. Admission will be one dollar.

Prizes donated by the business men of Bryan-College Station, will be awarded to the winners in each event.

Any Aggie is eligible for participation in these events, Kingsberry said.

Student Life Reviews Free Guion Hall Ducats

By CHUCK CABANISS

Free tickets to Guion Hall for the 1948-49 school year were awarded by the Student Life Committee in its meeting Monday afternoon.

Meeting for the first time this semester, the Student Life Committee voted to follow the same policy used last year in awarding the Aggie Activities Appreciation Tickets. In addition the group voted to add the Student Life Committee to the list.

W. L. Penberthy, dean of men, served as chairman, and C. G. "Spike" White, director of Student Activities, acted as secretary during the business session.

The 1948-49 Committee is composed of students Tom Carter, Don Kasper, Marvin McClure, Chuck Cabaniss, Ray Horvack, Jack Quirey, Jerry Sutherland, Charles Howard, Ted Copeland, Doyle Avant, and Robert Ransom. Faculty representatives are Dr. Ralph Steen, Dr. G. W. Schlesselman, Dr. Jack Miller, W. L. Penberthy, Dan Russell, C. G. White, R. G. Perryman, M. L. Cashion, and W. R. Carmichael. Carmichael was the only committee member absent from the initial meeting.

Penberthy explained the purpose of the Student Life Committee to the gathering and said that it had been organized to coordinate the activities of several formerly separate boards.

Allocations of more than \$25,000 were approved by the Committee last year, White explained. Included in this sum were amounts for the A&M rodeo ring, the plans for the campus golf course, and The Shell at The Grove.

The group voted to meet at 4 p. m. on the third Monday of each month.

After a discussion on the subject, a motion was accepted to transfer the proprietorship of the campus commissary to new operators rather than to close it as had previously been planned. It will continue to be run under the existing regulations.

Grady Elms of the Student Activities Office presented the tentative fall social schedule of the committee. The schedule approved included the Aggie Rodeo, October 15 and 16 in the local pavilion; the Artillery Ball, October 15; an All-College Dance, October 18; the combined Engineer-Cavalry and Infantry Regiments Ball, October 29; an All-College Dance, October 30; the combined Band-Composite and Air Force Regiments Ball, November 12; and an All-College Dance, November 13.

On the recommendation of Elms, the committee adopted a proposal to have a sub-committee from the group investigate bids and recommend a contract so that one company would supply all medals and keys to be bought by College organizations. The proposal suggested a three year contract with options which could be exercised at the end of each year. Final action will be made by the committee as a whole. Penberthy said that he would appoint the sub-committee later.

The list of honorees to receive Aggie Activities Appreciation Tickets included holders of major and minor athletic "T" cards; company, troop, band, and battery commanders; the Drum and Bugle Corps; cadet officers whose rank is lieutenant colonel or above; editors of student publications; junior and senior intramural departmental managers; yell leaders; officers of the Singing Cadets; Student Senators; housemasters; Junior Class officers; Senior Class officers; Band seniors; and student members of the Student Life Committee. Ticket honorees will receive one ticket for each week. They will pay the five cents tax to be admitted to Guion Hall.

Penberthy announced that the recommendation of the Student Senate to change the school holiday on October 23, the day of the Baylor game, to November 29, the Monday following Thanksgiving, had been approved and sent to the Academic Council by the Executive Committee.

A resolution was unanimously approved by the group that "this committee is in favor of construction of a golf course and that we urge construction of the bank shell at The Grove so it will be ready by Spring."

Dean Penberthy appointed a sub-committee of Doyle Avant, Don Kasper, and Chairman Tom Carter to investigate the subject of announcements made in the messhalls during meals.

Siddall graduated from A&M in 1928 with a degree in entomology, and was first employed by the Experiment Station.

Texas Delta Chapter of Tau Beta Pi Established at A&M

By ROLLY C. KOLBYE

The Texas Delta Chapter of the Tau Beta Pi Association had its beginning last night as initiation and installation ceremonies were held at Sbisah Hall.

Initiation and installation of the new members was conducted by the National Officers of the Society, assisted by A&M members of the society. E. H. Nagel, presiding, assembled the association for instructions to candidates for initiation.

Participating in the initiation were M. M. Cory of Michigan State College, president of Tau Beta Pi; R. H. Nagel, secretary-treasurer, University of Tennessee; Charles H. Spencer, University of Michigan; K. W. Spencer, University of Maryland; R. C. Matthew, University of Illinois; and H. W. Barlow, Dean of Engineering, a graduate from the University of Indiana.

Following initiation ceremonies, the Texas Delta Chapter was installed, and an official installation photograph was taken on the steps of Sbisah Hall.

A banquet followed the meeting. Dean Barlow served as toastmaster, and W. W. Lynch, Class of '22, executive vice-president of the Texas Power and Light Company, was the principal speaker.

Eighty-six alumni and undergraduate candidates were initiated into membership. Forty-eight of the new members are of the Senior and Junior Classes in the School of Engineering.

Beginning in 1885, at Leigh University, Tau Beta Pi is the oldest known scholastic honor society in the country. It has a total of 82 chapters in the United States. Other Texas chapters are at Rice Institute, Texas Tech and the University of Texas.

With the installation of Tau Beta Pi at A&M, the Class of '22 realized one of their objectives. They have backed many attempts to have the association accepted, and only last spring were they successful.

Club presidents who have not turned in their desired schedule for the taking of pictures for the Longhorn are asked to turn them in to Helen Roberts before November 1. Earl Rose, co-editor, announced today.

The pictures are to be informal, taken of the club in session.

The cost per page will be \$35, one half page, \$20. A page will include the informal picture, a bust of the three officers, information concerning the club and its activities, Rose said.

Those having surnames beginning with letters A-L who wish to have their pictures taken for the Longhorn are to do so during the week of October 12-18, according to Earl Rose, co-editor of the Longhorn.

Those having surnames beginning with letters A-B are scheduled to have their pictures taken October 12; CDEF—October 13; GHI—October 14; and JKL—October 15.

Saturday, October 16, has been designated as "Catch-up day," during which all juniors who failed to have their pictures taken during the week will have a chance to do so, Rose said.

He asked all juniors to have their pictures taken at the designated time, since too many seniors waited until catch-up day to have their pictures made.

Community Chest Begins Fund Drive

The College Station Community Chest will begin its drive for next year's funds on November 1, Joe H. Sorrels, chairman, announced Monday.

Agencies to be benefited by the drive are the College Station Girl and Boy Scouts, the Mothers and Dads Club of the Consolidated school, the College Station Recreation Council, the College YMCA, Brazos County Tuberculosis Association, the College Station Negro Youth, and the American Cancer Society.

A&M department heads will designate a member to collect the funds from their departments.

Last year, Sorrels reported, \$7,200 was collected and the Chest expenditures totaled \$8,100.

The Community Chest committee members will meet within the next few days to decide upon the reported amount for each individual, Sorrels stated.
