Gen. Manuel Odria officially assumed office as provisional president yesterday. One of his first acts was to read a decree officially deposing Jose Luis Bustamante, the middle-of-the-road president who is now an exile in Argentina. Bustamante served three years of his six-year term. He tried to chart a middle way between forces of the left and right. The leftwing Apra party was blamed for the unsuccessful revolt at Callao early last month.

Gen. Odija severely criticized Bustamante for alleged appeasement of left forces. His ministry will carry on until there is a gen-
