Volume 48

They had planned to try refuel-ing in the air Sunday but high winds prevented it. Instead they did some experimental flying with the proposed refueling plane so that synchronization will not be too difficult when weather im-proves.

Vinmont and Simons, who passed the 430-hour mark in the air yesterday, reiterated their intention to go far beyond the 726-hour record set in 1934 by Al and Frank Key at Meridian, Miss, The Dallas fliers set their goal at 1500 hours, which would bring them down inabout a week before Christmas, but said they might extend it to Christmas eve.

Christmas eve.

Both reported themselves in the best of health Sunday.

COMMUNISTS ARMY
NANKING, Now 9 — (P)— Chiang Kai-Shek, far from down and
out, warned China today to get
ready for eight more years of war
on the Reds.
China's president said he will
not make peace with the Communists. China's only charge for peace

ists. China's only change for peace, he said, is to exterminate the Reds on the field of battle.

The statement was made to 1,-000 Kuomintang (party) members

PHANTOM REPORTED
OFF CRIME SCENE
TEXARKANA, Ark. Nov. 9—
OP:— A deputy prosecutor here said he was told last night that the University of Arkansas freshman who left a suicide note blaming himself for three of the Texarkana "Phanton" killings was at home the night of one of the crimes.
Earlier, at Favetteville, Sherriff Bruce Crider disclosed that 18 year old H. B. Tennison left two other notes. One of them said: "Please I

man came to him voluntarily here to relate that Tennison was at home the night of May 3, 1946. On that night Virgil Starks was shot to death and his wife serious-

Young Freeman was suite of the date because, Hall said he related, he spent that evening with Tennison and they heard a radio report of Stark's killing.

Longhorn pictures for the Accounting Society will also be taken at the meeting. Hogan requested that members wear coats and ties. Thursday T. F. Jones, S. P. valuation engineer an dtax commissioner, will talk on "Railroad Depreciation Procedure and Accounting." The session is planned for 11 a. m. in the YMCA Chapel for business and accounting seniors.

A formula for reopening negotiations held promise today of quick settlement in the 67-day West Coast Maritime strike. Resumption of negotiations awaits the arrival of national CIO representatives from Washington. Employers and strikers agreed last night on a formula which they said they hoped not only would end the strike but would insure waterfront peace in the future. The agreement called for the mational CIO to participate. A formula for reopening negotiations iors. Jones is a brother of D. C. Jones mathmatics professor at A&M since 1909. Swing to Appear On Artist Series In Bryan Nov. 16

Damages caused by East Texas
Forest fires this year was estimated so far at more than \$2,500,000. Two lives have been lost.

Dummire said only 536 of the 14,000 square miles under forest protection had been burned over by forest fires.

But he said the burned area is equal to a strip five nilbs wide and 115 miles long.

UN TO WORK ON
PARIS, Nov. p.—47. A reliable informant said hast night the U. N. Security Gouncil will comerciated at a private meeting today a plan to replace the shaky truce in Palestine with an armistice.

But he said the burned area is equal to a strip five nilbs wide and 115 miles long.

LONGRON
PARIS, Nov. p.—47. A reliable disaster. "To achieve this," he said "should be the objective of the American government, and everything it does should be measured in terms of whether it serves for that end."

ard class and the radiator cap class. As an added feature a contest to decide the "rall your own chamnion" of A&M will be held with competition being divided into two classes—professional and amateur. The "professionals" will be expected to do the job with one hand while the "amateurs" will be allowed to use both hands—and feet, too if necessary. Time required to roll the "weed" plus the quality of the role itself will be the basis for awarding prizes. visions, each contestant will be liven a measured amount of to-the before lighting up. When the

ignal is given, each entry will fire ip his stoker, and the puffer last-ing the longest will be declared the "winnah!" Contestants need not puff all the time, but pipes must be kept it so that any time one of the indres desires, he may request a blast of smoke from any contest int's pipe.

The prizes for entries and winners in this year's contest top all previous offerings. The 50 pipe stands that will be awarded early entrants are not yet on the market. They were donated to the coptest by the inventor and are being given away as a sales promoter. Aggies will have a chance to try out the gadgets free before they are piaced on sale to the general public.

All entries should be turned in a Contest Editor, Battalion Office a Goodwin Hall, before midnight Tuesday in order to be eligible for the contest Thursday.

In order to make the contest to determine the Corn Cob Champ of

the campus as representative as nossible, rules have been set up which will restrict entries to one candidate from each military or-antication on the campus and two candidates from each non-military dorinitory and area.

Two Students Of Ag Education To Attend FFA Meet

Robert M. Bagley and James O. Cato, two agricultural education care, two agricultural education students, will attend the National Convention of Future Farmers in Kausas City, November 15 through 19. Henry Ross, professor in the Agricultural Education Department, has announced.

They will be among the 500 Texans who will leave Dallas Sunday morning on a special train for Kausas City.
