

# Thirty-Two Senior Geologists Attend Petroleum Conference

Thirty two senior geology students left yesterday to attend the regional meeting of the American Association of Petroleum Geologists in Houston, according to S. A. Lynch, head of the Geology Department.

The meeting will last today and tomorrow and will have as its theme "Stratigraphy, Sedimentation and Tectonics of the Salt Dome Region of the Gulf Coast."

The trip is voluntary on the part of the seniors, Lynch said, but it is a good opportunity for them to learn about present-day geological work.

Registration fee for the students will be one dollar for the four sessions. Several banquets, a cocktail party, and a dance will furnish entertainment for the visitors.

Today, the group heard lectures and saw pictures concerning salt domes and the problems of deep drilling in the Gulf Coast, Lynch said. Several Gulf Coast formations were also discussed.

Tomorrow's discussions will include photography, explorations in the Gulf of Mexico with air-borne equipment, and recent developments in geophysical exploration equipment.

Members of the Houston Geological Society are hosts for the occasion, Lynch continued, and

"Handsome, yes...but that new mainspring makes history!"

said **ROBERT MONTGOMERY** when he learned the facts on the new DuraPower Mainspring in ELGIN Watches

"BEST-DRESSED MAN" Robert Montgomery co-starring in "The Saxon Charm" Universal-International Picture

You wear an Elgin Watch with assurance that it is superbly smart in its styling, for Elgins are acclaimed by "best dressed" men and women everywhere. But there's an inside story that will excite you too, just as it did Robert Montgomery. It's Elgin's exclusive DuraPower Mainspring. Here in the part that runs the watch is truly a history-making achievement.

This miracle mainspring will never rust—and rust is the greatest cause of breakage. It will hold its "springiness" for a constant accuracy never before possible in any watch. Eliminated are 99% of all repairs due to steel mainspring failures!

The one who is buying a watch for you will appreciate a hint—"An Elgin with the DuraPower symbol 'dp' on the dial." It's sure to be smartly styled.

Lord and Lady Elgins are priced from \$67.50 to \$5000.00. Elgin De Luxe from \$47.50 to \$67.50. Other Elgins as low as \$29.75. All of these prices include the Federal Tax
