"Why I Look to Lumbermens For Our Personal Security"

"Why We Look to Lumbermens For Our Business Security"

Will Wright and Martin Conley, partners
Will Wright's Ice Cream, Ltd., Los Angeles, Calif.

Mr. Akers says, "As a life insurance man, I have definite opinions on security. For casualty insurance, I needed a company to give me complete personal security. I found it in Lumbermens, and dealing with one agent saves me valuable time, too."

And Messrs. Wright and Conley say, "Although ours is a small business, it can present some fairly large problems in insurance coverage. We know that our business is more secure because our local Lumbermens agent has studied our special problems first hand. He has saved us worry and wasted effort by placing all our casualty insurance through one strong company."
