ORDINANCE NO. 124

PROHIBITING THE OPERATION OF ANY DEVICE, MACHINE, APPARATUS OR INSTRUMENT TO INTENSIFY OR AMPLIFY OR REPRODUCE THE HUMAN VOICE OR ANY OTHER SOUND ON ANY PUBLIC STREET OR IN ANY BUILDING WHEREBY THE SOUND THEREFROM IS CAST DIRECTLY UPON THE PUBLIC STREETS IN THE CITY OF COLLEGE STATION TO PRESERVE THE QUIET AND GOOD ORDER OF THE CITY AND TO PREVENT THE DISTURBANCE OF PERSONS OWNING, USING, OR OCCUPYING PROPERTY ADJACENT TO THE PUBLIC STREETS; PROVIDING A PENALTY FOR THE VIOLATION THEREOF.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF COLLEGE STATION, TEXAS:

Section 1. That it shall be unlawful for any person to use or operate, or cause to be used or operated, any mechanical or electrical device, machine, apparatus or instrument to intensify or to amplify or to reproduce the human voice, or any other sound, on any public street within the corporate limits of the City of College Station.

Section 2. That it shall be unlawful for any person to use or operate, or cause to be used or operated, any mechanical or electrical device, machine, apparatus or instrument to intensify or to amplify or to reproduce the human voice, or to produce, reproduce, intensify or amplify any other sound, in any building or on any premises in the City of College Station, whereby the sound therefrom is cast directly upon the public streets or places or where such device is maintained and operated for advertising purposes or for the purpose of attracting the attention of the passing public, or which is so placed or operated that the sounds coming therefrom can be heard to the annoyance or inconvenience of travellers upon any street or public place, or of persons in neighboring premises.

Amendment to Building Fund Proposed by Representatives

Austin, Tex., Feb. 22 —(AP)—Rep. James L. Norton Jr. of Nacogdoches today proposed that 40 million dollars of the permanent university fund be used by 17 state-supported institutions of higher learning for needed buildings or permanent improvements. The fund has previously been split between Texas A&M and the University of Texas.

Norton said the money—to be secured through sale of bonds backed by the permanent fund—should be divided proportionately between the schools on the basis of average scholastic enrollment.

The freshman legislator already has introduced a proposed constitutional amendment which would authorize issuance of \$40,000,000 worth of bonds. Half would go to the University of Texas and Texas A&M and half to 14 other colleges.

He said he will present an amendment to divide the \$40,000,000 proportionately when his resolution comes before the house committee on constitutional amendments for public hearing.

The amendment would allow Texas State College for Negroes to share in the funds. Norton's original measure provides for that school to receive building funds only by legislative appropriation. Norton said he did not think the University permanent fund should be reserved for exclusive use of the University of Texas.

WEATHER

East Texas — Considerable cloudiness. Not much change in temperatures this afternoon, tonight and Wednesday. A few showers central portion this afternoon and tonight. Moderate southeast winds on the coast.

West Texas — Partly cloudy this afternoon, tonight and Wednesday. Not much change in temperatures.

and Texas A&M. The congress of the Republic of Texas appropriated 221,400 acres in 1839 for establishment of a general system of education and this land was transferred in 1858 to the University of Texas by the act which created the school, Norton said.

"The university was the only state-owned college at the time, so naturally all the land was given that school. If there had been other state colleges, the legislature obviously would have divided that land for establishment of a general system of education."

"I don't think our forefathers meant that only one school should benefit," he continued. "They wanted Texas people to be able to get a good education whether they went to school in Austin, Lubbock, Nacogdoches, or any place else in the state."

WICHITA FALLS BUS STRIKE IS SETTLED

WICHITA FALLS, Feb. 22 —(AP) City Bus service went back into operation here yesterday following settlement of a wage strike that lasted six days.

Buses began operating at 6 a. m. after the bus company and its drivers came to an agreement late Sunday night.

The strike left Wichita Falls, a city of 60,000 persons, without any other means of public transportation other than taxicabs, which did a land office business during the tieup.

SHANGHAI, Feb. 22 —(AP)—A delayed dispatch to the newspaper Ta Kung Pao said today police shot 21 persons and arrested more than 100 when a mob attacked the Kunning branch of the Central Bank of China on Feb. 13.
