The Slimes narrowed the margin down to five points after six minutes in the last half but were able to do no better.

After 35 minutes of play the score stood 57 to 43 in favor of the Fish. The Slimes played desperately but the effort being furious but futile.

Eighteen points for center Bud Davis was A&M's top individual score. The fine work of guards Grey Walker and Bob Farmer broke up most of the Rice set-ins. Before he left the game via the foul route, Aggie forward Ed Houser added 15 points to the A&M score.

**McIlroy Reveals  
Wide Use of All  
Training Pictures**

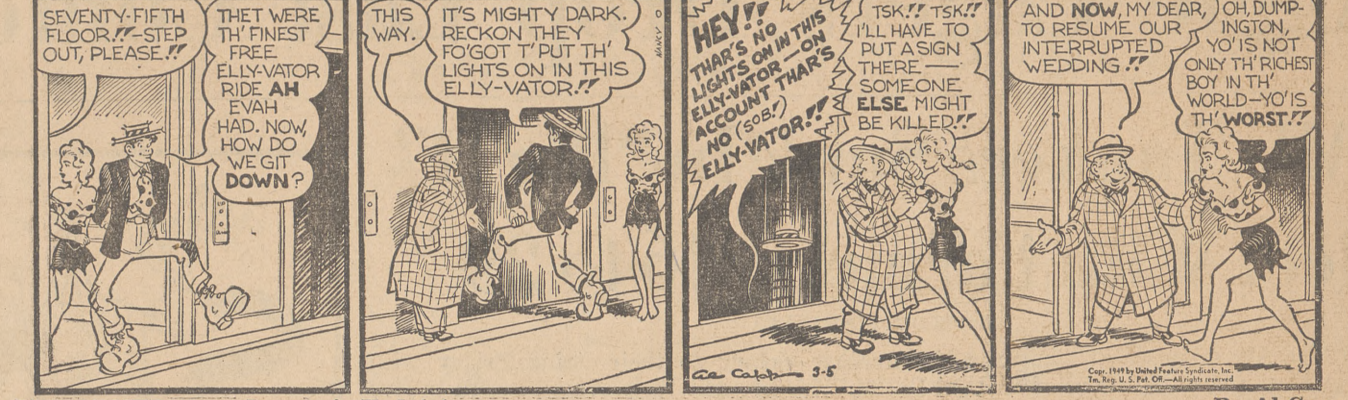

The Cen-Tex film library now has more than 220 films available for use, according to W. W. McIlroy, associate professor of agricultural education.

The film library is located in the Agriculture Engineering building and is under the direction of the Agricultural Education Department, McIlroy said.

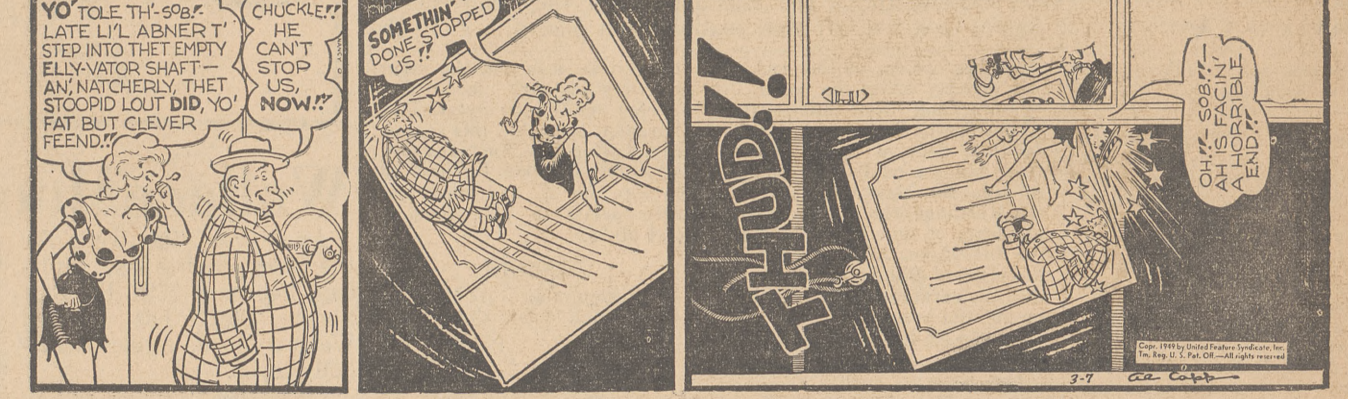

Many teachers in Veterans Vocational Training Programs are using these films as visual aids. Vocational Agriculture teachers and practice teachers are using these films in class room and adult training work, McIlroy continued.

More than 50 per cent of the films are in use the year round and serve more than 36 counties in Texas. Those films not in use are retained in the library for the purpose of cleaning, repairing, and packing for future use, McIlroy said.

"When the teacher makes proper preparation for use of these films and use them in a correct procedure, a broader knowledge as to the solution of major farm problems may be obtained by the students," McIlroy concluded.
