

# Heep, Blalock Will Be Named Members Of Kream, Kow Klub

By W. S. WINTER

Herman Heep of Buda, Texas, and Bryan Blalock of Marshall, Texas will be presented honorary memberships to the Kream and Kow Klub at the Cattlemen's Ball, March 19.

The awards are being presented to the two men for their outstanding work in the dairying field. This is the first time that awards of this type have been presented.

Back in the early twenties, Blalock started a small creamery in Marshall. After a few years of operation he sold his interest and accepted a position in the public relations department of the Borden Company, Southern Division.

Now, as director of public relations for Borden Company, Southern Division, along with

his many other duties, he frequently speaks to civic groups in the interest of dairying.

Blalock has found time to serve in many other capacities in the interest of the dairy industry. He served as president of the Texas Milk Products Company for fifteen years; president of the Dairy Products Institute, retiring as an honorary life president at his own request after four years; director of the Milk Industry Foundation; and as a member of the Executive Committee of American Milk Institute, an organization which was responsible for dry milk being sent to England during World War II.

The source of milk is no novelty to Blalock, he operates a 100 cow Jersey farm near Marshall.

In 1935, Heep re-organized his farm at Buda, where he grew up,

into one of the outstanding dairy farms in the nation. He also has several partnership herds with which he has aided graduates of A&M to develop their herds.

Heep served as a director of the American Jersey Cattle Club from 1942 to 1945. He served as president of the American Jersey Cattle Club from 1945 to 1948 and has been nominated to serve another term as director of the club. During his term as president he was responsible for the re-organization of the club and relocation of headquarters at Columbus, Ohio.

In 1941, the Herman Heep Scholarships awards were founded. One award is given each year to an outstanding 4-H Club boy in Texas, and eight awards are given to deserving students in dairy husbandry. The eight awards are divided equally among the four classes at A&M.

Heep is an ex-student of A&M and was a member of the Kream and Kow Klub.

## All-Purpose Tax Bill Filed In State Legislature Yesterday

By BO BYERS

AUSTIN, Tex., March 15 (AP)—An all-purpose tax bill was filed by Rep. H. A. (Salty) Hull of Fort Worth yesterday to meet the state's financial crisis.

Though the measure as written would tax only three minor natural resources, Hull said he plans "to cover the whole field"—including higher levies on oil, gas and sulphur—when the bill goes to committee. The new items to be taxed are lime, Fuller's earth and gypsum.

"If we need a tax bill, my idea is it should be spread out," Hull said. "My purpose is to write an omnibus tax bill in which I'd want to cover the whole field to raise whatever revenue we have to balance the budget."

Right now, Gov. Beauford H. Jester thinks some 80 million dollars more than is available is needed to provide the state services, many of which are worthy. The crisis was brought on last week by Comptroller Robert S. Calvert's estimate cutting money available for spending the next two years by 22 million dollars. Jester previously had listed what he termed legitimate requests for state funds in his budget message. They exceeded revenue by 49 million.

Calvert's new estimate spread the gap between revenue and proposed spending to more than 80 million.

Jester, who consistently had called himself a "no-new tax man," then issued a statement saying that

## Tau Beta Pi Will Discuss Candidates

Candidates for membership will be discussed at a meeting of Tau Beta Pi Wednesday night at 7:15 in the Petroleum Engineering Lecture Room, according to Howard R. Oliver, president of the Society. A new method of discussion will be followed and the meeting should be completed within a short time, he added.

Other business will include the election of alumni members and a Cotton Ball duchess, Oliver said.

## ANSWERS TO THE SPORTS QUIZ

1. Ty Cobb
2. 13
3. 56
4. 1st
5. Yes Yankees .319 1930
6. 110 pounds
7. 10.5 seconds
8. 4 minutes 56 seconds
9. 12 miles 29 yards
10. None. He was disqualified as a professional.
6. 110 pounds

"we can not overlook the possibility that the legislature will be forced to levy new taxes."

Hull's bill would place a tax of 2½ cents per 100 pounds of distribution of lime, 18 cents per ton on production of Fuller's earth, and 2½ cents per ton on production of gypsum. Fuller's earth is a clay-like natural resource used in iron production.

"The fact that additional revenue is needed for the general needs of the state government of Texas creates an emergency . . ." the bill states.

Hull said he did not know how much revenue the levies on the three resources would raise. He indicated he picked those three things merely for the purpose of introducing a general tax bill.

"I just wanted to have a bill I could expand later," he said.

## Lee Will Speak To Saddle, Sirloiners

Dr. Virgil P. Lee, president of the Production Credit Corporation of Houston, will be guest speaker at the Saddle and Sirloin Club meeting, tonight at 7 p. m. according to James R. Day, reporter. Dr. Lee's subject will be how farmers and ranchers make loans and establish credit, organization and operation of credit structure, and how to finance one's own business.

All AH seminar students will be required to be present at this meeting instead of their regular meeting, March 14, according to Dr. J. C. Miller, head of the Animal Husbandry Department.

Livestock to be shown in the Little Southwestern will be drawn for at this meeting. All men interested in showing an animal should be present, Day said.

## - FISH -

(Continued from Page 5)  
ker, two more basketball leftovers along with Roy Pledger, Augie Saxe, Weldon Vornkahl and Bill Landrum, will fight it out for outfield positions.

Games have been scheduled with the Baylor, Rice and Texas freshmen. The games will be played on a home and home basis, but definite dates have not been set. Cameron High School will probably meet the Fish twice this season, with one game being played in Cameron and the other at Aggie-land.

March 22 will see the meeting of the Fish and Navarro Junior College of Corsicana. Blinn will also meet the young Aggies on April 19 and 26 with the first game being played in College Station.

## Ag Fencers Smash Baylor Bear Team In Waco Saturday

Despite injuries to four men, the Aggie Fencers blasted the Baylor Bears 21-6 in Marris McLean Gym last Saturday. This is the second time this year that the Aggie team has won 21 out of the 27 bouts per match.

Gus Mistrot led the Aggies, with a perfect record of 6 wins no losses, fencing both foil and saber.

Team Captain I. J. Barrios followed closely with 5 wins, one loss and also fencing both foil and saber.

John Happ broke his losing streak with vengeance. The first man on the present Aggie team to fence all three weapons, Happ closed with the impressive record of 6 wins, and only two losses.

The privilege of wearing the maroon and white garter, worn by the high percentage man on the team, is now a two-way tie between Gus Mistrot and J. C. Falls, with .778, followed by Barrios with a .750 won-loss average for the season.

In separate exhibition foil bouts, Mistrot and Barrios each defeated the Baylor coaches, Bartell and Wooter. This leaves the Aggie foil team undefeated for the '49 season.

The two other Aggie fencers, J. C. Falls, fencing epee, and Carroll Bell, fencing foil and epee, came through with 2 wins, 1 loss, and 2 wins, and 2 losses, respectively.

KING GEORGE SATISFACTORY LONDON, March 15 (AP) King George is more comfortable and his general condition "remains satisfactory," his doctors reported today.

## Battalion CLASSIFIED ADS

Page 6 TUESDAY, MARCH 15, 1949

SELL WITH A BATTALION CLASSIFIED AD. Rates . . . 3¢ a word per insertion with a 25¢ minimum. Space rates in Classified Section . . . 60¢ per column inch. Send all classifieds with remittance to the Student Activities Office. All ads should be turned in by 10:00 a.m. of the day before publication.

REGISTER NOW for new class in shorthand starting February 2. Call McKenzie-Baldwin Business College, 2-6655.
