

Senator Asks U. S. Citizens Be Barred From 'Peace Meets'

WASHINGTON, April 19. (AP)—Senator Mundt (R-SD) said today that U.S. citizens should be barred from going to such gatherings as the "World Peace Congress" in Paris this week.

The Paris meeting was branded yesterday by the House Un-American Activities Committee as a Communist-arranged affair, intended to line up intellectuals—especially atomic scientists—behind a world plan for civil disobedience.

Mundt, a member of that committee until he left the House last year to run for the Senate, told reporters he is urging the committee to propose such a ban to state department visa authorities. "No committee members were available for comment."

State Department officials said the State Department, following its custom of secrecy regarding passport applications, refused to say whether any had been granted to Americans destined for the Paris meeting. However, a department official said: "Passports will be granted to all applicants wishing to attend the Paris Congress, except to those who for legal reasons are prevented from receiving a passport."

The committee said in a special report made public yesterday that the "ideological confusion" of meetings like the one in Paris can easily "pass over into outright treason."

Material for Turf Research Given

Material to be used in turf research program, has been furnished the Texas Agricultural Experiment Station, R. D. Lewis, director, announced.

Jack Howell of the Bryan Cotton Mills has furnished the station 100 pounds of cotton seed meal and 400 pounds of 5-10-5 fertilizer. Howard Goldthwaite of the Texas Toro Company of Houston has furnished the station 500 pounds of Milorganite and 150 pounds of peat.

H. C. Potts is in charge of the turf research program.

Joliot-Curie—whom it identified as "the French Communist and atomic scientist who is in charge of arrangements for the Paris conference"—as saying American delegates would include Charles Chaplin, O. John Rogge, Rockwell Kent, Louis Untermeyer, Howard Fast, Johannes Steel, Artie Shaw, and Rabbi J. X. Cohen. The conference is scheduled to open tomorrow and run through Saturday.

Part of Campaign
The House Committee said this meeting is one of a series organized in recent months by the Communists "as part of a campaign against the North Atlantic Peace Pact."

It said another of these was the "Scientific and Cultural Conference for World Peace" sponsored by the National Council of the Arts, Sciences and Professions in New York in March.

Chinese Reds Ready For Surrender Time

NANKING, April 12. (AP) One million Chinese Communist troops tonight stepped up preparations to storm across the Yangtze River if the government fails to sign a surrender by Wednesday.

Government leaders were debating desperately how they might stall off the imminent deadline, but there seemed little prospect that they could do so.

There were reports that an emissary would go to Chikow, south of Shanghai, to ask the views of the retired president Chiang Kai-Shek. There also were reports that Chiang had already decided to withdraw about 300,000 government soldiers in the Nanking-Shanghai defense sector for a fighting stand farther south. These troops are considered loyal to Chiang rather than to Acting President Li Tsung Jen.
