Aggie Muster Will Be Held Tonight

Independence day, Aggies all over the world will observe the annual Aggie Mus-

At this one time every year Aggies come as near as they will ever come to realizing what Aggie "spirit" they may have.

We customarily use the term "Aggie Spirit" as a generic classification either as a joking expression for a gay mood at football games or an attempt to describe our feeling for our school at more serious times.

Actually there is a great deal more to it than that. A&M men have traditionally had just a bit more feeling for their parent institution and their fellow students than the average college graduate. A&M ex-student organizations are a little more prevalent and stronger, and Aggie exes regard each other with a little more mutual respect than the conventional every-tenyear-reunion, old-school-tie, attitude.

We believe this is due to a number of things. Because of the economic groups they come from and the common goal for which they are working together, A&M

Tonight, on the anniversary of Texas students minimize snobbery and accent friendliness. Because they live and study in concentrated groups, they are more aware of, and sympathetic toward, each other's problems. Because of the relatively specialized fields of study here, this feeling of interest and aid holds when they go into business.

> Whatever the reasons, both during and after their college careers, Aggies have a unified spirit that is both valuable and gratifying. The annual muster ceremonies is the one time when Aggies meet to acknowledge and affirm this bond.

> Although we all use it a great deal as the butt of slightly perverted jokes, the name "Aggie" means a great deal to all of us. As one ex phrased it, "We have to think a lot of the school and its members to put up with its inconveniences."

> The inconveniences are temporary and receive their due share of note. Our feelings for A&M are longer lasting and should receive more attention than we give them.

> Today is the day to share that feeling with all other Aggies. Attend the muster ceremonies and find out what the real "Aggie Spirit" is.

Can't Tell A Thing Without A Program . . .

Some members of the House of Representatives in Austin proved to be the diehard variety yesterday when the first of the Gilmer-Aikin school re-organization bills came up to a vote.

When they saw that things were apt to go against them, they simply disappeared and left the House without a

a lion tamer's chair, whip and pistol all wrapped in one you can do without them until the lion finds out. In legislating you can do without a quorum until the opposition finds out.

The anti-Gilmer Aikin forces turned up missing when the first vote was taken and there was no quorum. So the House ordered the Sergeant-at-Arms and his

Between the Bookends

"A Solo in Tom-Toms" Is Gene Fowler Autobiography

By HERMAN C. GOLLOB

A Solo In Tom-Toms by Gene Fowler (Viking Press, 1946, \$3.) Herewith Gene Fowler adds one more figure-himself-to the list of notables whose lives he has recreated so vividly in such blogra-phies as "Timber Line" and "Good Night, Sweet Prince."

Fowler has not been as kind to himself in "A Solo. . ." as he was to John Barrymore in "GNSP." After lavishing hearty paens upon the late Mr. B., Fowler succeeded in thoroughly whitewashing the character of the "bad boy" of the stage. In his autobiography, however, Fowler speaks almost disparagingly of himself, concentrating instead on the lives and characters with whom he came into contact while a youth and while in the early stages of manhood. Among those who appear are Buffalo Bill; Ivy Baldwin, the daring aerialist, Jack Dempsey, and Paul Whiteman.

"A Solo" takes up Fowler's quest for his father after he ran away to the mountains as a result of a disagreement with Gene's strong, stubborn, stern Granny over a cup of coffee. Granny, incidentally, is one of the book's stronger characters, pictured by Fowler as sturdy and independent, a typical pioneer

Only after thirty years, during which time Gene had seen much of life as a taxidermist's helper, delivery boy for a grocery store which kept Denver's more pretentious houses of ill repute supplied with groceries, a printer's devil, and reporter for such hardhitting and colorful papers as the Denver Post and Denver Republican, does he finally meet his father, a mild, friendly introvert.

Fowler's account of his days as a novice in the newspaper game is invaluable to the college student who plans a journalistic career. Editors, reporters, and newspaper ist posts all come sharply into f. cus under Fowler's pen.

Official Notice

above at the close of the current semester and who expect to register in the School of Engineering for the SUMMER or FALL semester will be required to their degree plan card.

This degree plan card must be initialed by the department head or some representative of the department. No assign-

ment card will be approved without this It is necessary that this information reach all second term sophomores.
