Darby, Riewe, Webb, Townsend Are Winners of Cotton Tours

Gerald M. Darby, agronomy senior from Fonta, placed first in a field of 15 contestants for the expense-free 1949 Cotton Study tour, J. S. Mogford of the Agronomy Department announced today.

Darby was high point man with an average score of 80 on seven examinations which began February 24 and ended April 21.

Other winners who will make the tour are M. E. Riewe, agronomy senior from Pottsville; and J. C. Webb, agronomy senior from Shreveport, Louisiana. Alternate winner was W. L. Townsend, senior agronomy student from Harmon, Louisiana.

Four men will go only if the tour is conducted in the United States and Canada or Mexico. If the tour is to some point overseas, he will not make the tour, Mogford said.

Three Requirements
To be eligible for the 1949 Cotton Study Tour Award, a student had to be a member of the Agronomy Society, in good standing, and help put on the 1949 Cotton Style Pageant and Ball.

Seven written examinations taken by the contestants included cotton production; cotton diseases and insects, botany, breeding and physiology of the cotton plant, general crops and pastures, soil fertilizers and conservation, grading and stapling, and cotton machinery, harvesting, and ginning.

Last year's tour, made by four members of the agronomy society and an instructor, extended through the United States and up into Canada. A total of 6,199 miles were covered from June 3 to July 10.

This will be the fifteenth tour of its kind. In past years, tours have been made to South America, Japan, India, Egypt, Mexico, and Canada.

May Be By Auto
If the tour next summer is in the United States, it will be made by auto, and Mogford will accompany the students as far as Washington, D. C.

Funds will be raised for the tour by the Cotton Style Show and Pageant. Since tours have been made, this is the second time that winners of the award have been determined before the Cotton Style Show and Pageant has been held, Mogford said.

Arnold to Visit Radio Meetings

Frances Arnold, assistant extension editor of A&M, left Saturday by train and plane for Washington D. C. to attend the USDA conference for radio farm directors, according to J. D. Prewitt, acting director of the Texas Extension Service.

This conference will take Miss Arnold to Beltsville, Maryland. The annual USDA RFD conference is devoted to subject matter developments in the field of radio and to the USDA-Land Grant College radio policy discussions.

From Beltsville, Miss Arnold will go to Columbus, Ohio, to attend the annual Institute for Education by Radio at Ohio University. This is the nation's outstanding radio conference which will include television this year.

Miss Arnold will take part in the agricultural radio workshop program which is held in connection with the institute, Prewitt said. She will return on May 10.

- BASEBALL -

(Continued from Page 3)
the day as far as the Cadets were concerned. Only six hits were allowed to the Aggies by the bespectacled right hander. The Frogs collected eight hits off four Aggie moundmen. All four of the Aggie pitchers had trouble in finding the plate at times in the game.

TCU took the lead in the fourth inning when Bill Looney made second on an error and third on a wild pitch, and then came home on a fielder's choice. A&M retaliated in the fifth on two singles, an error and a triple to score three runs.

TCU had their big inning in the seventh as they scored five runs after Blanton Taylor had replaced Pat Hubert on the mound for the Farmers. Walks combined with timely hits accounted for the TCU runs in that frame.

The Frogs clinched the game in the ninth inning as they placed three additional runs across the plate. A&M failed to keep rallies going in the eighth and ninth after scoring one run in each of the periods.

For Rhythm and Romance... Martha Tilton in "I'll Remember April"

YES, MARTHA, THE 30-DAY TEST CHANGED ME TO CAMELS FOR KEEPS. FOR TASTE AND MILDNESS, I'LL TAKE A CAMEL EVERY TIME!

I FOUND THE ANSWER TO CIGARETTE MILDNESS YEARS AGO, DICK. IT'S CAMELS! AND THEY TASTE SO GOOD!

Martha Tilton takes a recess to talk with Dick Haynes, popular Hollywood radio personality. They reach a quick agreement on Camels.

Martha Tilton invites romantic memories in this easy-paced dream number! Martha picks her songs with care. And she's particular about her cigarettes, too! "It's Camels for me!" says Martha. "They're my choice for flavor—and Camels are so mild!"

for Taste and Mildness—Camels!

In a recent coast-to-coast test of hundreds of people who smoked only Camels for 30 days, noted throat specialists, making weekly examinations, reported

NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking CAMELS

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.
